MAY 20 2009

Mr. Gary Hughes
General Manager Primary Smelting
Doe Run Company
881 Main Street
Herculaneum, MO 63048

Dear Mr. Hughes:

Thank you for your submission of Doe Run's Herculaneum Smelter Ventilation Study Results of May 18, 2009. The Department's Air Pollution Control Program has accepted your proposal and deemed it to be approvable. We will be presenting the proposal as a supplement to the 2007 Missouri State Implementation Plan for the Herculaneum Lead non-attainment area during the public hearing before the Missouri Air Conservation Commission at the June 25, 2009 meeting in Jefferson City.

We look forward to working cooperatively with Doe Run on the implementation of this plan. Please feel free to contact me at the Department's Air Pollution Control Program, P.O. Box 176, Jefferson City, MO 65102 or by phone at (573) 751-4817.

Sincerely,

AIR POLLUTION CONTROL PROGRAM
