KCRO	2013-09-27	2013-08-19	Blue River WWTP	Kansas City	Jackson	Air Odors	Martin Kucera	DG	
Comments Only a faint odor was detected during the investigation. Odors will be monitored when in the area and in response to further concerns.									
Comp. No. 16307 Comp. Info. The air quality near the pollution plant at I-435 & Hawthorne has a horrible odor.									
KCRO	2013-09-17	2013-09-03	City of Bethany	Bethany	Harrison	Air Odors	Patricia Harner	CW	
Comments No violations were observed during the course of the investigation. No further action warranted at this time.									
Comp. No. 16438 Comp. Info. The concerned party is concerned about odors that smell like spray paint coming from a barn or shed owned by the city of Bethany, MO. The CP lives near the barn and believes that there may be health hazards associated with the odors. The CP stated that the odors smell sweet like spray paint. CP works from 4pm to 8pm daily.									
KCRO	2013-10-02	2013-09-05	Brian Harris	Dearborn	Platte	Burning	Deputy Hollinsworth ,Platte C	SN	
Comments Responsible party has moved out of state and I have not been able to get a hold of him. Until contact can be made, no further action can be done.									
Comp. No. 16440 Comp. Info. Has a burn barrel that he uses to burn trash. Platte County Sherriff's Department is in constant contact with this guy and the local city is trying to run him out of town. The city is always complaining about him burning. Last time Platte County went out there he was only burning wood for cooking fish, but many of the other times when they responded it was trash he was burning. DO NOT GO TO HIS PROPERTY WITHOUT THE ASSISTANCE OF PLATTE COUNTY SHERRIF DEPARTMENT.									
KCRO	2013-10-02	2013-09-09	Juan Morales	Mayview	Lafayette	Other	Chris White (Mayview Fire Pr	SN	
Comments Not enough information has been received to validate this concern. Since no contact information for the resident is valid, nothing was observed.									
Comp. No. 16449 Comp. Info. Fire department arrived on scene, plywood, tires, carpet, and other illegal items were burned intentionally to dispose of the items. The house that the residents bought had a bunch of junk and they wanted to clean up the place. This occurred on September 7th in the evening.									
KCRO	2013-10-01	2013-09-13	Blue Valley WWTP	Kansas City	Jackson	Air Odors	Chuck Hatler	DG	
Comments No violation detected.									
Comp. No. 16537 Comp. Info. CP was driving on I-435 at 11:00 a.m. on Tuesday September 10th, 2013 and noticed strong nauseating odors which appeared to be coming from the Blue Valley Wastewater Treatment Facility near 435.

Comments Notice of Violation KCR2013100411504260 was issued.									
Comp. No. 16599 Comp. Info. On a team inspection regarding an open burning concern in Craig, MO, I noticed a pile of debris on Main Street. The debris used to be a grocery store/commercial building. Since the heavy equipment was still parked with an open container of motor oil, it appeared to be an active demolition site. An anonymous person on site said that the owner of the grocery store, Mr. French, had also burned some tires beyond the levee/railroad.									
KCRO		2013-09-23	Adrian Quarry	Adrian	Bates	Fugitive Dust	Joseph Atone	CW	
Comments									
Comp. No. 16598 Comp. Info. Fugitive dust after blasting and when they are running their machine. Today after a blasting event there was a plume that went past the concerned party's house (approximately 1 mile north of the quarry. About 300 feet into the air). Any day that there is wind dust leaves quarry.									
KCRO		2013-09-23	Unknown	Skidmore	Nodaway	Burning	Anonymous	SN	
Comments									
Comp. No. 16601 Comp. Info. Concerned party states that a salvage yard is burning. This has been going on for a while but they stopped. They have now started again. The person that works the place burns the coating off of wires, which is done at night and in the back of the property.									
KCRO		2013-09-24	Steven Sehorn	Lee's Summit	Cass	Burning	Randy Powers, Fire Marshall		
Comments									
Comp. No. 16602 Comp. Info. Fire Marshall stopped by as our telephones are out. He has sent repeat notices to this individual, and brought in photos to KCRO to find out what can be done. The person continues to burn prohibited items and household waste in Mullendyke neighborhood (Cass County zoned Residential) in spite of repeated warnings by local officials, who have advised him not to do so. I told the Marshall that I also wrote a letter of warning to the RP about burning household trash and will issue a Notice of Violation. Local officials are concerned that the RP will keep doing it until he receives the letter from DNR. I told the Marshall that the Air Pollution Unit will expedite this letter, as an exception to our standard process. See Dee Ann for photos. Marshall will forward incident reports as soon as available.									
KCRO		2013-09-24	Steve Romanchuck	Oak Grove	Jackson	Burning	Deputy Chief Troy Negrete, S	DG	
Comments									
Comp. No. 16641 Comp. Info. I received a fax from the Fire Department which is attached. The incident report states there was an illegal burn Sept. 16, 2013, of trash and tires burning in the creek. Fire was extinguished. Photos were faxed but did not come through well and may be available from Deputy Chief Negrete. Incident report attached.

Comments									
Comp. No.	16658	Comp. Info. CP claims that dust from the construction site of Carden Park Elementary School is coming off the site and causing problems for the neighbors. This is the second concern CP has reported and DNR has investigated before (Ace # 15734). Contact CP prior to investigation to confirm that dust is coming off site.							
KCRO		2013-10-02	Mike Keith	Clinton	Henry	Burning / Open Dumps	Anonymous	SN	
Comments									
Comp. No.	16674	Comp. Info. Clinton Mini Storage off of 7 Highway in Clinton, MO recently burnt down. They are now hauling the burnt trash outside of town, dumping it in a ditch, and the concerned party believes that they are trying to burn it (the cp has heard from people who live close to the site that they are burning it). The concerned party also stated that the Highway Patrol has been contacted because on the route to the dumpsite they are littering. He indicated that they would have contact information for the responsible party.							
KCRO	2013-10-03	2013-10-02	Mike Keith	Clinton	Henry	Burning / Open Dumps	Tillman and Lois Schuck	SN	
Comments No violations were noticed in regards to the open burning regulation. Referred to Solid Waste.									
Comp. No.	16675	Comp. Info. Caller reports that a large portion of the storage facility behind Break Time (215 NW Hwy 7) burned down on September 22, 2013. The owner's sons are taking trailer loads of waste from the storage units to their dad's farm a few miles away and are burning the waste. The smoke and smell were so bad overnight that it woke the concerned party up.							
KCRO		2013-10-07	Trager Limestone – Gallatin Qua	Gallatin	Daviess	Fugitive Dust / Blasting	Chet McCloud	DG	
Comments									
Comp. No.	16736	Comp. Info. CP was given my number from the State Fire Marshall's office that is working with CP on blasting complaints. This is a dust concern, dust was recorded on video rolling across his land and into the home. He would like DNR to investigate/enforce the dust rule. (Full interview of CP deferred to investigator) CP states that DNR has fined RP for water pollution violation.

Comments									
Comp. No.	16739	Comp. Info.	A company behind her home is "expelling toxic substances" about every five minutes all day long. It looks like a fog/smoke that is dispelled into the air. There is a vent coming from the east side of the building which the substance is expelled from. Caller says Gary Burtram of National Resources Agency came to check on the situation and closed the company down for a short time.						
KCRO		2013-10-07	Ronnie Crouse	Homestead Village	Ray	Burning	Anonymous	DG	
Comments									
Comp. No.	16740	Comp. Info.	Person is burning household trash in area where not allowed and copper wire. Burned Sept. 28 and the Fire Dept. was contacted. At that time, the Sheriff's office responded. However, they burned in a barrel again the next day. Burning every other day and again today. CP is concerned that the Sheriff's office seems to be allowing it to happen. Confidential: The RP is nephew to man in Elmira (Lonnie Crouse Sr.) who recently settled with the Enforcement Unit for violations of CSR 10-6.045. Ronnie Crouse owns a tree service, and is likely taking the tree limbs to Elmira, Missouri near the cemetery to burn. (At the same burn site where Lonnie Crouse had burned. See photographs in Dee Ann's folder.)						
KCRO		2013-10-09	Chris	East Lynne	Cass	Burning	Vivian Clifton	CW	
Comments									
Comp. No.	16771	Comp. Info.	Caller reports that Chris (last name unknown) recently demolished a home next door. He has dug a hole and placed the debris in it. He started burning the debris on the evening of October 6, and has burned every night since. Caller reports that the City has informed him not to burn. Also, the fire department told him the first night to put the fire out, but he started burning again the next night. Caller reports that he is also salvaging copper wire from the house by burning off the plastic. Caller reports that the house is owned by Chris' fiancé, Angela Burkhart's mother. Caller also reports that Chris and Angela live with Angela's mother, Betty Burkart, in town.						
KCRO		2013-10-26	Michele Breshears	Excelsior Springs	Ray	Burning	Lee O'Dell Wood Heights FP	CW	
Comments									
Comp. No.	16908	Comp. Info.	Wood Heights FPD responded to a fire on 10/26/2013. Mattress springs, wire, brush and other miscellaneous items were found in the burn pile after it was extinguished. The son of the property owner has been advised not to burn prohibited items in the past and that he needs a burn permit to burn brush.

Comp. No.	16584	Comp. Info. There is a quarry less than 600 feet from CP's property. RP has been blasting with dynamite. CP's wife was in the yard, and a lot of small rock came down all around her after the blast and one big chunk landed within 2 feet of their shed. CP has talked to Billy Harris (a rep. of RP). But they are still blasting. CP said he spoke with someone from Jefferson City, and they were going to send someone out today.							
SERO	2013-09-26	2013-09-24	Perryville High School	Perryville	Perry	Asbestos	Anonymous	TR	
Comments The investigation found that the school had hired the local asbestos removal contractor, Schemel-Tarrillion, Inc., to clean up the area where the incident had occurred. Mr. Mark Stephen Bonney, Air Sampling Professional, was also employed to conduct air monitoring for the clean up project. The material involved was described as a lightweight concrete containing 4 percent chrysotile asbestos. The quantity of the material was reported as approximately six square feet. This is not a large enough quantity to be considered a regulated project by the applicable state and federal environmental regulations. No violations was found during this investigation. The Occupational Safety and Health Administration regulates worker asbestos exposures.									
Comp. No.	16586	Comp. Info. The caller reported an asbestos release from the removal of a wall between the Coach's Office and an ice machine. The Coach's Office is located beneath the gymnasium.							
SERO	2013-10-09	2013-09-26	City of Rolla	Rolla	Phelps	Asbestos	Anonymous	SBV	
Comments On October 9, 2013, Investigator drove by the concerned site and viewed a piece of property being prepped for a lot. A small strip of paved road leads into the lot. There was some clean fill, (concrete pieces) observed, see attached photos. Otherwise, the site looks clean. Investigator then contacted Mr. Rodney Born, from Rolla Municipal Utilities, whom stated that he had not taken pictures of the site as mentioned in this concern. He stated that clean fill was dumped at the site, but the metals from the airport project were taken to a local recycling center and the asbestos material was properly removed and disposed of at the Jefferson City landfill. This same investigator performed a prior inspection during asbestos removal activities and can verify that proper removal and disposal took place of the asbestos material from the Rolla Airport buildings. Investigator then contacted Mr. Hargis with the City of Rolla, who was unaware of the activity stated in this concern. He mentioned that it could be a disgruntled employee that he has had recent issues with.									
No further investigation required by this investigator on this concern at this time.									
Comp. No.	16608	Comp. Info. We wish to alert you to the illegal and dangerous conditions that the City of Rolla and its sewer crew are doing. In a feeble attempt to somehow get around the necessary procedures, the head of the Sewer Department, Dennis Cook has volunteered his unqualified crew to remove not only asbestos from the local Rolla Airport but to also gather up dangerous chemicals from the airport and illegally dump them on a side street called Lanning Lane by Aldi's, where a new office building has been built and they dumped it there and then covered it up with landfill. This happened this past summer. A Mr. Rodney Born from Rolla Municipal Utilities took pictures of this action and brought this issue up to the man in charge, Mr. Hargis and yet nothing was done. The City of Rolla is endangering its own employees as well as our environment. I think someone needs to find out exactly what is going on. We are also bringing this to the EPA and the news media so that it doesn't get covered up again.

SERO	2013-10-03	2013-09-30	Buckman Laboratories	Cadet	Washington	Air Odors	Margaret Stuart	SBV		
Comments	<p>On October 3, 2013, investigator did smell an odor at 10:15 a.m. as approaching Buckman Laboratories about the concern. The odor was not detected through use of the nasal ranger. Investigator met with Mr. Scott Lamb, Buckman's Environmental contact about the concern and to perform an air compliance inspection of the facility. Maintenance was being performed on the cooling tower with replacing a pump at the time of investigation. The cooling tower blow down was performed last on Monday, Oct. 3rd, the day the concern was reported, which could have the potential for an odor during the process. The thermal oxidizer was in operation all weekend. The temperature, Ph and vent valves were all in range during the time of concern. Vapam, an agricultural product, was being loaded on Monday and has more of a potential for odor over other products. After further investigation, it was noted that a spike in pressure was being observed every time it was pumping a new batch, causing some Vapam to vent out. Buckman operators were looking into the cause of this to occur and could be the odor of concern.</p> <p>A full air compliance inspection was performed at Buckman Laboratories. The facility is in compliance with their operating permit with excellent record keeping and equipment controls as required.</p> <p>Investigator recommends the concerned party contacts Mr. Scott Lamb, the Environmental contact at Buckman during any futher incidents to obtain a more immediate response and to pinpoint the odor more precisely at the time of concern.</p>									
Comp. No.	16644	Comp. Info.	<p>CP would like the air tested. It smells like pesticide, amonia & bleach at times. It is worse in the early mornings and on the weekends. She took her son to the Dr. with breathing problems. CP would like to know the results.</p>

Comp. No. 16871 Comp. Info. Complaint referred via email from Lorrie A. Gray, St. Louis County APCP, lgray@stlouisco.com: "Michael Goetz of the Goetz Insurance agency. Mr. Goetz contact # is 314-720-1702. The location of the complaint is 4570 Telegraph Rd. Locator #31H421070. The odor from the Nail shop located in a strip mall at the North East corner of Telegraph Rd. and Crestline is so strong it is affecting the Insurance Company's business."									
SLRO	2013-10-16	2013-10-10	EXPECT	Lemay	St. Louis	Air Odors / Particulate	NA	TS	
Comments No further action necessary at this time pending outcome of working with the small business assistance unit staff.									
Comp. No. 16897 Comp. Info. Complainant resides near a woodworking facility that he alleges utilizes a laser cutting tool. The use of the cutter creates odors and visible emissions. The complainant alleged the odors adversely affect him and his neighbors. Complainant believes the laser cutter is being used on pressure (arsenic?) treated wood. Smoke and odor emissions are vented from open windows. No common collection system with roof top venting and/or emission controls appear to be used. Operator of the facility is named Bob.

SLRO	2013-10-16	2013-10-10	PRECISION RESTORATIONS L	St. Louis	St. Louis City	Air Odors	Anonymous	DK	
Comments	Precision Restorations, LLC VOC, HAP and PM10 emissions are below deminimis levels and is therefore not subject to 10 CSR 10-6.060 Construction Permits Required or 10 CSR 10-6.110 Reporting Emission Data, Emission Fees, and Process Information.								
Comp. No.	16963	Comp. Info.	Complaint concerns a car repair/restoration business. Complainant alleged the car repair facility generates paint fumes and odor which adversely impacts the children at a nearby daycare. The odors at times are so intense the children must be kept indoors. Sometimes the facility employees paint with the garage door open and the odor is worse. The odor is strong even when the doors are closed due to the shop windows being often open. Issue has been ongoing for the past three years and has gotten worse prompting the complaint call.						
SLRO	2013-11-05	2013-10-30	MR. WALKER	Otto	Jefferson	Burning	Anonymous	KA	
Comments	Warning letter prepared 11-05-13, to be sent to alleged source with copy of the DNR technical guidance document on open burning. Copy of warning letter will be sent to the Antonia FPD.								
	NFAN unless additional alleged open burning reports are received by SLRO.								
Comp. No.	16914	Comp. Info.	Complainant to EER alleged the noted RP has been or is burning plastic wastes and miscellaneous household type trash in piles of wood and leaf waste. Burning allegedly occurs during nighttime hours and has been occurring for the past year. Complainant contacted the Antonia FPD, which informed the complainant the FPD no longer enforces open burning restrictions. No telephone listing for the alleged source found.						
SLRO	2013-11-07	2013-10-31	CITY OF GERALD	Gerald	Franklin	Open Dumps / Burning	Anonymous	KA	
Comments	Mr. Landwehr was informed that, as a city in Franklin County, they were not permitted to collect and dispose of any waste by open burning. They are allowed to collect vegetative wastes and compost or mulch the material. Mr. Landwehr was informed that they could seek to obtain an open burning permit with appropriate attached conditions through the APCP. I provided the telephone number for the CO-APCP and suggested he contact the AP for information.								
	NFAN at this time.								
Comp. No.	16892	Comp. Info.	An anonymous citizen called in about a dump near the old lagoon in the City of Gerald. The general public had been dumping tree branches and leaves in the area but it turned into an old dump with construction debris and household solid waste. The dump somehow caught on fire the night of 10/30/13. Before the fire the dump was brought to the city council but nothing has been done.

SLRO	2013-11-06	2013-10-31	DAVID TODD	Overland	St. Louis	Haz Waste Generators / Air Odors	Anonymous	KA	
Comments	Informed Mr. Todd that the activity is likely exempt from the general state air regulations but the nuisance odor regulations could still be applied. Also, he may be in violation of local building codes and FPD regulations. Mr. Todd indicated the activities will either be curtailed or restricted to avoid neighborhood complaints. NFAN at this time.								
Comp. No.	16932	Comp. Info. EPA reports guy painting cars in his garage. Neighbors complaining about VOC odors and waste paint.							
SWRO	2013-09-19	2013-09-10	Unknown	Springfield	Greene	Burning / Asbestos	Anonymous	RB	
Comments	There was very little demo waste mixed in the soil at the site. I spoke with the Pleasant View fire Department (very close by). They were on the site 9-9-2013, and the owner was burning a large brush pile. They saw no demo waste in the pile. They said the house had been removed before the fire. No violations observed.								
Comp. No.	16474	Comp. Info. Burning and burying an old house. Burned yesterday and burying today.							
SWRO	2013-09-17	2013-09-12	American Rock Quarry	Branson	Taney	Fugitive Dust	Anonymous	RB	
Comments	Observed facility on September 17, and again on September 25, no violations seen. Random surveillance will continue.								
Comp. No.	16491	Comp. Info. Dust is coming from American Rock Quarry and or the concrete plant at the same site. Driving down Bucannon Road to the school, the dust was thick and visibility was impaired.							
SWRO	2013-09-18	2013-09-13	Unknown	Phelps City	Lawrence	Asbestos	Stan Kingsley	CG	
Comments	No violations found. Upon further investigation, a commercial building (old gas station) did stand at this intersection in the past. The gas station was demolished without an asbestos inspection and notification as far as I can tell. Referred to Asbestos unit.								
Comp. No.	16504	Comp. Info. His neighbor is burning asbestos and pushing it onto his property. He is concerned because there is a creek nearby. Received from email.							
SWRO	2013-10-09	2013-09-18	Scott Rhoades	Barnett	Morgan	Burning	Frank Jones	MK	
Comments	A burn pile was observed next to the driveway, which was photographed. The pile contained several piles of tire wire. Will send a letter to Mr. Rhodes and advise him of the Missouri Solid Waste Law and Regulations.								
Comp. No.	16543	Comp. Info. Burning 30 or more mattresses at a time. Have done this at least 3 times in the past. They currently have gathered approximately 30 more and appear to be getting ready to burn them again. Caller is assuming the house next to the burn pile is their responsible party. You may not be able to see pile from the road.
