RE: Class 1 Permit Modification Without Prior Director's Approval  
Relocation of old Shredder #4 to Feed Prep #2 Containment Building  
Green America Recycling, LLC, Hannibal, Missouri  
EPA ID# MOD054018288

Dear Ms. Farr:

The Missouri Department of Natural Resources (Department) received Green America Recycling, LLC's (GAR) Class 1 Permit Modification notice, dated August 9, 2013. The notification was to move the old Shredder #4 unit and place it adjacent to the Solidification & Special Treatment Unit (SSTU) located in the containment building known as Feed Prep #2. The installation of this shredding unit will also enable GAR to more efficiently reduce the particle size of waste placed in the SSTU such as plastic liners and process small containers containing free liquids.

The Department agrees with GAR that this is a Class 1 Permit Modification not requiring prior Director approval. GAR must send a notice of the modification to everyone on their facility mailing list and the appropriate units of state and local government within 90 calendar days after the change was put into effect, as outlined in Code of Federal Regulations 40 CFR 270.42(a)(1)(ii), incorporated by reference in Code of State Regulations 10 CSR 25-7.270(1). GAR must send a copy of the notice to the Department.

If you have any questions regarding this letter, please contact Mr. Dustin Thoenen, Project Manager, of my staff at the Missouri Department of Natural Resources, Hazardous Waste Program, P.O. Box 176, Jefferson City, MO 65102-0176, by telephone at (573) 751-3553 or 1-800-361-4827, or by e-mail at [dustin.thoenen@dnr.mo.gov](mailto:dustin.thoenen@dnr.mo.gov). Thank you.
