

Division of Environmental Quality
Monthly Air Pollution Control Program Summary Report

For ALL REGIONS - 03/01/2014 to 03/31/2014

Number of Concerns Received RE:

| | |
|----------------------|----|
| <i>Asbestos</i> | 12 |
| <i>Burning</i> | 42 |
| <i>Fugitive Dust</i> | 7 |
| <i>Odors</i> | 12 |
| <i>Particulate</i> | 4 |
| <i>Toxics</i> | 0 |
| <i>Other</i> | 23 |

Of the above, 26 concerns involved multiple emissions.

Total of Concerns Received: 71

Number of Investigations of Concerns:

| | |
|---|----|
| <i>Received during report period.</i> | 30 |
| <i>Received prior to report period.</i> | 5 |

Total number of investigations completed: 35

Number of formal notices of violation issued: 1

Please note, the information provided in this report reflects all concerns received during the reporting period as well as all inspection activities that occurred during the reporting period regardless of the date in which the original concern was received.

Note: "Concern Info" refers to the information provided to the department by the concerned party. The information seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.

Monthly Air Pollution Control Program Detail Report

| <i>Region</i> | <i>Inspection Date</i> | <i>Date Received</i> | <i>Suspected Source Owner/Operator</i> | <i>City</i> | <i>County Name</i> | <i>Type of Concern</i> | <i>INSP Initials</i> | <i>NOV</i> |
|--------------------|------------------------|----------------------|--|-----------------|--------------------|-------------------------|----------------------|------------|
| KCRO | | 2014-03-03 | O'Dell Printing | Liberty | Clay | Particulate / Air Odors | CW | |
| Concern No. | 17775 | Concern Info | A business located in close proximity to O'Dell Publishing Company reports that for the past several weeks they have had significant emissions from their rooftop stacks. They have received complaints from employees about the cloud and the smell. | | | | | |
| Comments | | | | | | | | |
| KCRO | | 2014-03-07 | Northland Ready Mix | Pleasant Valley | Clay | Fugitive Dust | SN | |
| Concern No. | 17792 | Concern Info | Six days a week the by-products are released to run down the shoulder of 69 Highway and into the storm sewer of the road, leaving stains on the two driveways between the company and the creek. The dust from the company coats everything around. She has been in the gas station next door and noted the build-up on products on their shelves. This is an on-going situation. She believes pollution from the plant is killing the wildlife in the nearby stream. | | | | | |
| Comments | | | | | | | | |
| KCRO | | 2014-03-07 | O'Dell Publishing | Liberty | Clay | Particulate | CW | |
| Concern No. | 18185 | Concern Info | Caller reports a large amount of smoke coming from O'Dell's facility. She said that she has noticed the smoke for the last few weeks. | | | | | |
| Comments | | | | | | | | |
| KCRO | | 2014-03-10 | Bryce Wyberg | Richmond | Ray | Burning | CW | |
| Concern No. | 17829 | Concern Info | This concern is twofold: 1. An agricultural burn over the weekend was not handled correctly due to high winds and not contacting local Fire Department prior to burn. The fire caused damage to adjacent property. The Fire Chief's position is that a burn permit was required and should have been obtained, even for an agricultural burn. The county does not have an ordinance, therefore the Fire Department would like DNR to take enforcement action. I explained to Lonnie that the state regulation allows crop residue to be burned without a permit, and that, "DNR Air Pollution staff interpret the regulation that, for an agricultural burn that includes land clearing of fencerows in a populated area within the 6-county area and the local authorities would like them to obtain a burn permit, then one shall be required." 2. In the past, burning vegetation was allowed with no permit. Then regional office staff made a presentation to the Richmond Fire Department Commissioners stating that a burn permit is required for all vegetation. Now regional office staff says the Reg does not require a permit to burn crop residue. The Fire Department would like a written clarification beyond what is provided in the Fact Sheet, which they already have. | | | | | |
| Comments | | | | | | | | |
| KCRO | | 2014-03-17 | Unknown | Buckner | Jackson | Burning | CW | |
| Concern No. | 18050 | Concern Info | Caller said about two years ago someone pulled out trees and shrubs from the Fire Prairie Berry Creek near his property and placed the pile of removed trees and shrubs on his property. They told him that they would come back to burn the pile but they never came back. Caller doesn't know the name or company of the people who did this. Caller thought it was the city of Buckner but they are not taking responsibility for it. Caller would like to burn the pile but the local fire department is not allowing it. Caller would like an inspector to go out there to see if the Department will give the Caller a burn permit. | | | | | |
| Comments | | | | | | | | |

Note: "Concern Info" refers to the information provided to the department by the concerned party. The information seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.

| Region | Inspection Date | Date Received | Suspected Source Owner/Operator | City | County Name | Type of Concern | INSP Initials | NOV |
|---|-----------------|---------------------|--|-----------|-------------|---------------------------|---------------|-----|
| KCRO | | 2014-03-21 | | Cleveland | Cass | Burning | SN | |
| Concern No. | 18183 | Concern Info | CP called to report open burning without a permit on March 20, 2014. The person responsible burned approximately 10 square feet of grass area on the property he leases and ½ of a mile stretch of neighbor's pasture. The person responsible did not have a burn permit and the county was under a burn ban because of weather conditions. CP identified the person as being intoxicated. | | | | | |
| Comments | | | | | | | | |
| KCRO | | 2014-03-25 | Rick Davis | Savannah | Andrew | Asbestos / Burning | CW | |
| Concern No. | 18180 | Concern Info | Caller reports that his neighbor to the west, Rick Davis, brings in demolition waste and burns it about 4 – 6 times per year. This has been an ongoing issue for years. The caller said that Mr. Davis has a large pile of demolition waste on site now, which he believes will be burned. The waste is located at the property boundary between the caller and Mr. Davis. | | | | | |
| Comments | | | | | | | | |
| KCRO | | 2014-03-26 | Charlie Pugh | Kidder | Caldwell | Burning / Asbestos | SN | |
| Concern No. | 18181 | Concern Info | Vacant brick commercial building in town was intentionally burned Monday night 3/24/2014. The city had given the owner 30 days to remove the building. The roof had collapsed in so they put hay bales on it and Charlie Pugh burned it. He is the one that demolished the building with heavy equipment. It was burned intentionally "so they wouldn't have to haul it off." The CP reported the fire to the local sheriff a few days ago, and people felt their property was threatened in the night due to the winds. The smoke has been offensive in the area, is an ongoing health concern and does not seem to be letting up. The pile is smoldering so much that the volunteer Fire Department came out (3:30 pm Wed., 3/26). However, they said they are not able to extinguish the fire. | | | | | |
| Comments | | | | | | | | |
| NERO | 2014-03-04 | 2014-02-19 | Hannibal Industrial Painting | Hannibal | Ralls | Fugitive Dust / Air Odors | DB | |
| Concern No. | 17642 | Concern Info | The caller reports that Hannibal Industrial Painting has been sandblasting outside and has been painting with their doors open. This has happened especially when the weather is nice outside like it was yesterday. Paint odors are strong and dust blows off the property. They do not seem to be using filters for their paint system. | | | | | |
| Comments No violation observed at the time of investigation. An informational letter will be issued. | | | | | | | | |
| NERO | | 2014-03-03 | Ideas, Inc | Hannibal | Marion | Asbestos / Open Dumps | DB | |
| Concern No. | 17768 | Concern Info | The caller reports that a house with asbestos siding has been demolished. The house had partially burned last fall. The concern is that the waste is not going to be properly handled as asbestos containing waste. Also, caller suspects that waste will not be hauled to the landfill. A sign with the name, Ideas, Inc. has been recently put up in the front yard. | | | | | |
| Comments | | | | | | | | |
| NERO | 2014-03-04 | 2014-03-03 | Kent O'Bryan | Hunnewell | Shelby | Burning | DB | |
| Concern No. | 17769 | Concern Info | Caller states Mr. Kent O'Bryan is burning near cemetery and north of Highway 36 in Hunnewell. Smoke is black. | | | | | |
| Comments Violation of 10 CSR 10-6.045 Open Burning Requirements. A Letter of Warning will be issued. | | | | | | | | |

Note: "Concern Info" refers to the information provided to the department by the concerned party. The information seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.

| NERO | | 2014-03-10 | Victor Weiser | Kingdom City | Callaway | Burning / Open Dumps / Asbestos | DB | |
| Concern No. | 17800 | Concern Info | Caller states neighbor is burning remnants of a double-wide mobile home that was unintentionally burned recently. Smoke is very bad at night and is causing health problems. Caller asked neighbor to stop burning but was told to mind his business. | | | | | |
| Comments | | | | | | | | |
| NERO | | 2014-03-10 | Jess Mahurin | Novinger | Adair | Burning / Open Dumps / Ground Water | SB | |
| Concern No. | 17817 | Concern Info | Report Origin: MO State Highway Patrol The caller received an anonymous call regarding a private citizen reportedly discarding solid waste and other items (mentioned were plywood, styrofoam, misc trash, antique toy tractor, kerosene, gasoline) in a 20' deep cistern. Items are added and burned on a regular basis. The caller is concerned about the potential for contaminating groundwater. The cistern is located on the northwest corner of the old house located at 1003/1005 Rombauer Avenue (1st house north of a church) in Novinger. MEERTS Incident Number: 1403081313BWH Call Date: 3/8/2014 Call Time: 1:13:00 PM Duty Officer: Brad Harris | | | | | |
| Comments | | | | | | | | |
| NERO | 2014-03-13 | 2014-03-11 | Alan Massner | Palmyra | Marion | Burning | DB | |
| Concern No. | 17826 | Concern Info | On 3/10/2014 at 7:45 PM, the caller reports that a property owner is burning a brush pile that also contains other items such as trash and tires. The smoke is black. The caller does not know the party's name nor his exact address. The caller was unsure whether any of the burning debris was business-related or whether it was just residential. | | | | | |
| Comments Violation of 10 CSR 10-6.045 Open Burning Requirements. A Letter of warning is being issued. | | | | | | | | |
| NERO | 2014-03-11 | 2014-03-11 | Murphy Brown Whitetail | Unionville | Putnam | Air Odors | CB | |
| Concern No. | 18209 | Concern Info | On March 11, 2014, caller stated strong hog manure odors were present the evening of March 3, 2014. On March 11, 2014, caller stated strong hog manure odors were present on the morning of March 6, 2014. | | | | | |
| Comments All complaints are logged and reviewed for development of an effective investigation strategy. Staff will conduct an odor investigation at a later date when weather conditions are predicted to be similar to the conditions noted by the complainant. | | | | | | | | |
| NERO | 2014-03-11 | 2014-03-11 | Murphy Brown Whitetail | Unionville | Putnam | Air Odors | CB | |
| Concern No. | 18210 | Concern Info | At 6:15 AM on March 11, 2014, caller stated strong dead animal odor coming from Murphy Brown Whitetail. | | | | | |
| Comments All complaints are logged and reviewed for development of an effective investigation strategy. Staff will conduct an odor investigation at a later date when weather conditions are predicted to be similar to the condition noted by the complainant. | | | | | | | | |

| Concern No. | 17941 | Concern Info | Caller states numerous property owners in Hale are open burning regulated solid waste. Caller is tired of breathing in smoke from burning furniture, carpet, etc. Caller states that recently the Town of Hale passed an ordinance prohibiting the burning of household trash; only vegetative waste is allowed to be burned. The caller has complained to local officials but there is nobody to enforce the ordinance. Also, the caller states there is currently a burn ban in effect due to the dry and windy conditions. The caller plans on visiting with a local fire official soon to discuss enforcement. | | | | | |
| Brush pile with lumber and plywood on top. | | | | | | | | |
| Comments No violation found at the time of investigation. | | | | | | | | |

| NERO | | 2014-03-18 | Feed Train Manufacturing | Unionville | Putnam | Haz Waste Generators / Open Dumps / Burning | GR | |
| Concern No. | 18000 | Concern Info | <p>On a periodic basis the facility scrapes up paint overspray from the floor of the paint booth and buries it behind the building. Approximate volume is two pickup loads per incident. Last burial occurred before coldest winter temperatures, prior to the ground freezing. Excavation still appears disturbed, directly behind the build. Company also allows paint booth filters to dry outside and then burns them in burn barrels on a regular basis, perhaps as recent as last weekend.</p> | | | | | |

| NERO | | 2014-03-20 | Gerald Carroll | Hunnewell | Monroe | Burning / Asbestos | DB | |
| Concern No. | 18023 | Concern Info | The caller reports that someone deliberately set a large 2 story house on fire south of Hunnewell last night. The fire department responded about 2 a.m. The house had asbestos shingles. The property owner's name is Gerald Carroll. | | | | | |
| Comments | | | | | | | | |
| NERO | | 2014-03-21 | Ri-Mor | Columbia | Boone | Fugitive Dust | DB | |
| Concern No. | 18032 | Concern Info | The Columbia Police Department has received reports of dust coming from the Ri-Mor business at 1565 E. Boone Industrial Drive just outside the city limits of Columbia. Dust is blowing onto the residential neighborhood surrounding the business. The residential area has grown up around a commercial use area over the last few years. | | | | | |
| Comments | | | | | | | | |
| NERO | 2014-03-24 | 2014-03-24 | Scott Niver | Brashear | Adair | Asbestos | SB | |
| Concern No. | 18079 | Concern Info | The caller is concerned that asbestos siding was left on a house that was being torn down in Brashear. Also, the caller is concerned that the house may be burned. | | | | | |
| Comments No violation. Informed source of the regulations. Recommended that they wet the house down during disposal as a measure to reduce the dust. | | | | | | | | |
| NERO | | 2014-03-25 | Unknown Clifton City residents | Otterville | Cooper | Burning | DB | |
| Concern No. | 18083 | Concern Info | The caller reports that someone has been burning waste from a house at Clifton City. The waste pile is now being covered with brush. They have piled plaster, shingles, mattresses and other waste on the pile and burned it. Most of the waste seems to be coming from the two story house on the property. Investigator should watch for pit bull dogs and also be aware that the responsible party is known to be involved with drugs. | | | | | |

| Concern No. | 18208 | Concern Info | At 10:04 PM on March 25, 2014, caller stated strong hog manure odor was present and making family sick. | | | | | |
| Comments All complaints are logged and reviewed for development of an effective investigation strategy. Staff will conduct an odor investigation at a later date when weather conditions are predicted to be similar to the conditions noted by the complainant. | | | | | | | | |
| NERO | | 2014-03-26 | Unknown CAFO | Thompson | Audrain | Air Odors | SB | |
| Concern No. | 18090 | Concern Info | Online concern and comments: There is a CAFO on Highway FF (Audrain County, MO) that is emitting a smell that is unbearable. This problem is noticed several times a week and has affected our ability to be able to enjoy outside activities. It is < 1/2 mile from our house. In addition, there is a farmer who is spreading the manure, which is producing even more odor. I saw liquid on the ground as they were spreading it about two days ago, but they continue to spread each day. They are using a hose that is marked for drinking water only and are running it through the culvert under county road 977. Please help so we can return to enjoying our home. | | | | | |

| Concern No. | 18162 | Concern Info | Caller reports O'Laughlin Inc. is burning regulated waste at the east end of their property. | | | | | |
| Comments | | | | | | | | |
| SERO | 2014-03-07 | 2014-02-19 | Jadwin Sawmill | Salem | Dent | Fugitive Dust | JD | |
| Concern No. | 17632 | Concern Info | Dust from sawmill is still coming over. | | | | | |
| Comments | | | | | | | | |
| Evidence of saw dust is on the Cahill nursery property. Jadwin Sawmill is working to remove the large dust pile adjacent to the property line adjoining Cahill nursery. Jadwin sawmill has purchased a cyclone to put on the pipe from the second mill to help with the potential dust leaving the property. This is a NOP facility. | | | | | | | | |
| SERO | 2014-03-12 | 2014-02-28 | McGinnis Wood Products | Cuba | Crawford | Particulate | SBV | |
| Concern No. | 17755 | Concern Info | Saw dust crosses boundary line and causes breathing discomfort. 10 years ago the EPA tested the dust and found it less than 10 microbes and said that they would follow up. EPA was contacted in 2012 with no response. City of Cuba has been contacted on several occasions with no results. | | | | | |
| Comments | | | | | | | | |
| Investigator performed an investigation at McGinnis Wood Products about dust leaving the property on March 12, 2014. The wind was blowing out of the north at the time of investigation and blowing some dust around from the cyclone enclosure building, but was still contained on the property. The cyclone does have a few holes and is to be replaced with a stainless steel cyclone. The new one was on site, but not installed as of yet. This facility has been in business at this location since 1968 and is approximately 1/8 mile from the concerned party's residence on Sycamore Street. No dust was visible around the property boundary as there are also several high rows of staves between the stave mill and houses. The facility also planted trees a few years ago around the property to control any stave dust that may migrate from the mill across the property in all directions. | | | | | | | | |
| SERO | 2014-03-10 | 2014-03-04 | Brian Ernest (Bloomfield Road L | Cape Girardeau | Cape Girardeau | Burning | JD | |
| Concern No. | 17891 | Concern Info | Heavy smoke from a business. | | | | | |
| Comments | | | | | | | | |
| Bloomfield Lawn and Landscape is grinding untreated wood waste and making mulch to use in their business. When large pieces of wood are wedged in the grinder the belt will smoke and appear to be open burning and will have a burning odor. The operator must dislodge the debris, this can take a few minutes so it appears to "burn" for several minutes and the smoke and odor will be present for a short period of time. This facility is extremely small and operation does not require any permits at this time. | | | | | | | | |
| No violation occurred. No further action. | | | | | | | | |
| SERO | 2014-03-10 | 2014-03-05 | Brittains Automotive | Houston | Texas | Haz Waste Generators / Used Oil | SBV | |
| Concern No. | 17777 | Concern Info | Auto painting without booth and waste oil dumping. | | | | | |
| Comments | | | | | | | | |
| Investigator visited with the owner of Brittains Automotive about the recent concern of painting without a booth and waste oil dumping. The business just opened a couple months ago and is in the process of acquiring a couple adjacent storage units to build as a paint booth with evap systems in place. They do currently paint inside the garage with no paint booth. They contain an area in the shop for painting until a booth is set up and available. They were not painting at the time of investigation. | | | | | | | | |
| Waste oil is disposed of in a marked 5 gallon drum and picked up once a month by Safety Kleen. | | | | | | | | |

| SERO | 2014-03-19 | 2014-03-05 | Mr. Roger Gibson | Rolla | Phelps | Scrap Tire Dump / Burning | MO | |
| Concern No. | 17780 | Concern Info | CP has contacted the Rolla Rural Fire Department, Rolla Police Department and Phelps County Sheriff's Department in regards to a neighbor open burning of demolition waste from a structure fire that occurred on another property and waste was brought to this site for disposal. Current owner is also burning scrap tires (~50-100) on site with demolition waste and vegetative waste. CP contacted all the departments above because RP burns on the weekends. CP contacted above departments in regards to open burning on 1/26/2014 and 3/1/2014. CP states that she also has video of RP burning tires and that the departments above told her that it is legal for anyone to use one tire in each brush pile. | | | | | |
| Comments | <p>Investigator conducted a property assessment and location on 03/12/2014, and observed ~35-40 scrap tires and ~20 cubic yards of demolition waste from private drive right-of-way. Photo #3 was taken from Private Drive right-of-way. Investigator contacted the Rolla Rural Fire Protection District for any fire reports in regards to Private Drive 7242 within 2014 on 03/12/2014. Investigator also contacted the Phelps County Assessor's office on 03/12/2014, to obtain owners of the properties North of CP's address. Property owners are listed on assessors map in PHOTOS (Photo #1). On 03/12/2014, Rolla Rural Fire Protection District faxed Incident reports to the department for 03/01/2014, Incident # 2014-124 & 2014-125. Narrative from each incident report can be found in attached Narrative Report. Incident report also listed Mr. Roger Gibson as RP with a contact number. Investigator attempted to contact Mr. Gibson by telephone on 03/12/2014, at 13:15 with no answer. Investigator contacted Mr. Gibson by telephone on 03/13/2014, and made arrangements to meet at site on 03/19/2014 at 10:30. On 03/19/2014, investigator met with Mr. Gibson and discussed the Solid Waste Management regulations/laws in regards to disposal of scrap tires and demolition waste. Mr. Gibson admitted to open burning of illegal solid waste and informed investigator that he has not open burned illegal solid waste since speaking to the department. Mr. Gibson also informed investigator that he has been cutting up the scrap tires and hauling to the local transfer station for disposal. (Please see Narrative Report for additional findings.)</p> <p>Investigator gave and discussed technical bulletins for open burning, managing construction and demolition waste, and managing scrap tires to Mr. Gibson. Mr. Gibson also requested a Sunshine Law Request, which was given on site. Mr. Gibson agreed to take remaining demolition waste to the local transfer station and only open burn vegetative waste or wood that had no treatment. Mr. Gibson is to provide receipts to the Investigator when follow up visit occurs. Investigator intends to conduct a follow up visit within 60 days to observe Mr. Gibson's progress.</p> | | | | | | | |

| SERO | 2014-03-11 | 2014-03-11 | Strack Quarry | | Cape Girardeau | Fugitive Dust | JD | |
| Concern No. | 17818 | Concern Info | CP left message on voice mail. He said the rock quarry off of Highway 174 is creating a huge dust problem. CP wanted to know if anyone was going to do anything about it. | | | | | |
| Comments | Strack Stone has water on the plant as required. During the investigation the plant was running "wet" rock. Haul roads and gravel parking areas were adequately wet. | | | | | | | |
| No violations observed. | | | | | | | | |
| SERO | 2014-03-14 | 2014-03-11 | Jadwin Sawmill | Salem | Dent | Saw Dust | JD | |
| Concern No. | 17822 | Concern Info | Snow last week was brown due to all the sawdust on their property. The green sawdust gets in the pasture and kills the grass. The sawdust is pushed over the hill until it will be in the ditch. He has dumped the sawdust in ditch until he has just about stopped up the culvert pipe. He has caused the road to wash out the pipe across it. He has a little lagoon for the water but it doesn't hold enough. Complainant owns the property but does not live there. They have a lady that is renting the house that you can talk to if you want. Also, if you want them to meet you there they would be happy to do that. | | | | | |
| Comments | Jadwin Sawmill is located behind the county shed building adjacent to the city limits of Salem. This facility is not located next to the Walker property. | | | | | | | |
| | Jerry Lough, (Certified Future Forest Products, Inc.) has a sawmill on Highway 72 , 3 1/2 miles north of Salem that is adjacent to the Walker property. | | | | | | | |
| | The mill was not operating during the investigation. | | | | | | | |
| No violations observed, no further action at this time. | | | | | | | | |
| SERO | 2014-03-18 | 2014-03-12 | Scott Roberts Custom Paint & C | Kennett | Dunklin | Haz Waste Generators | AW | |
| Concern No. | 17867 | Concern Info | RP is pouring chemicals & oil out onto the ground. There was a barrel of chemicals turned over out by a tree. CP didn't know if it was still there or not. The smell is so bad, when they are painting that anyone that lives in the area cannot go outside. | | | | | |
| Comments | Walked around building and only observed a plastic barrel with trash. Area behind building had syrofoam cups, paper etc. No oils at facility. Facility has paint room filters. No odor detected. No oils or other chemicals found. Facility does not change oil, only a little body shop work. | | | | | | | |

| SERO | 2014-03-19 | 2014-03-17 | Buckman Laboratories | Cadet | Washington | Air Odors | SBV | |
| Concern No. | 17906 | Concern Info | The caller reports driving by the RP's facility late yesterday afternoon and the chemical odor was terrible. The caller described it as a meth bust odor only 1000 times worse. The caller was going to the doctor this morning because of respiratory issues. | | | | | |
| Comments | <p>EER report indicated the incident occurred on 3/13/14, at 4 pm.</p> <p>On March 14th, Mr. Scott Lamb, Safety, Health & Environmental Manager of Buckman Laboratories was contacted by Mr. Joe Davis, EPA about an odor concern. On March 19th, investigator visited with Mr. Lamb about the odor concern that was reported to the department. At the time of investigation, there was an ammonia-like/water treatment type of smell (per facility rep), but the odor was not detected until inside the gate of the facility. The facility makes 65 different products, therefore a chemical type of smell is common within the property. Mr. Lamb found out that the only thing abnormal to the timing of the concern was some maintenance issues with the installation of one of the main water vacuum pumps that could have caused an odor by chance.</p> <p>Mr. Lamb stated to investigator as well as EPA, that Buckman has an open door policy to the surrounding community and encourages the community to contact the facility directly about any concerns/odors. Buckman is having an upcoming public day/fish fry for anyone to come and tour the facility and ask questions.</p> <p>Mr. Lamb was also going to call the concerned party and speak with them directly about their concerns of the facility.</p> <p>No further investigation required by this investigator on this concern at this time.</p> | | | | | | | |
| SERO | 2014-03-21 | 2014-03-21 | City of Poplar Bluff | Poplar Bluff | Butler | Burning | JD | 032114JD01- |
| Concern No. | 18036 | Concern Info | Burning land clearing waste without a permit. | | | | | |
| Comments | <p>Open Burning observed on Three Rivers Boulevard and also on Shelby Road. The land clearing is occurring so that a new entrance to the college can be created from Shelby Road in Poplar Bluff. The property is within the city limits of Poplar Bluff and this requires an open burning permit. One pile is within 146 yards of the Tinnin Fine Arts Center.</p> <p>Met with the City officials, Dennis Avery (code inspector) and Ralph Stucker (fire chief). Neither indicated that they knew the contractor was open burning. Chief Stucker stated the fire department responded to an out of control grass and brush fire on Shelby Road the night before. Copy of this report is included. After the meeting Chief Stucker left to visit the site.</p> <p>Property was donated to Three Rivers Community College (TRCC), TRCC donated the land to the City of Poplar Bluff. The City contracted with HS Smith & Co. to develop the land. HS Smith & Co. subcontracted with Robertson Construction.</p> <p>No application for open burning was received by Department of Natural Resources-Southeast Regional Office (DNR-SERO) from TRCC, City, Smith or Robertson.</p> <p>After notification of the permit requirements a application was received.</p> <p>Violations of the open burning requirements did occur. This is the second open burning violation for Robertson Construction within the last year. Previous violation LOW was issued. This violation NOV #032114JD01-SE was issued.</p> <p>LOW issued to the City of Poplar Bluff and HS Smith & Co.</p> <p>Fire department required the contractor to push back the burn piles to comply with setback distances.</p> | | | | | | | |

| Concern No. | 18125 | Concern Info | Caller reports that a former restaurant that partially burned down in July of 2013 has still not been disposed of and the site cleared. As a result insulation material is blowing away from the site. Caller is also concerned about any pollution that might leave the site by washing into nearby creeks during storm events. Caller states that site also had operational gas pumps prior to closing after the fire. | | | | | |
| Comments | | | | | | | | |
| SLRO | 2014-03-04 | 2014-03-04 | UNKNOWN | Maplewood | St. Louis | Air Odors | KA | |
| Concern No. | 17786 | Concern Info | Complainant was travelling through the area indicated at about 6:30AM 3-4-14, and noted an odor of burning waste similar to an electrical fire. Complainant was not able to suggest any possible source nor any visible emission was noted in the immediate area. | | | | | |
| Comments Malodor issue may have been due to the construction crew starting and warming the engine(s) of the equipment in the early morning hours resulting in diesel exhaust emissions as noted by the complainant's description of a malodor. Unable to validate the complaint at this time. | | | | | | | | |
| SLRO | 2014-03-04 | 2014-03-04 | FORMER GAS STATION DEMO | St. Louis | St. Louis | Asbestos | SW | |
| Concern No. | 17839 | Concern Info | Message from Adam at Ahrens Contracting via Vicky Son at MDNR ACP to Richard Hall, Asbestos Compliance Unit Chief, ACP regarding the demo notification submitted in February: ". . . the existing owners held a private auction and there were people tearing out windows and the place looks a mess. [Adam] wants to be perfectly clear that they had nothing to do with this because they were not in the building yet." [Richard Hall referred them to SLRO] | | | | | |
| Tom Sims phone call from Mr. Roger Kent (cell 314-393-2412) of Ahrens Contracting: ". . . the closing on the building's sale between the old and new owners is supposed to be today [3/4/2104] and there is an auction company that has been on site since yesterday selling off everything, including removing the copper roof flashing and piping, that included what was [notified] and AC units. [Tom] suggested he call USEPA for the CFC venting issue and that he submit an amendment to the demo notification to reflect the missing items that Ahrens will not be abating [prior to demolishing]. | | | | | | | | |
| Comments Mr. Stringer told me he would not have time to demolish the other canopy, so it would remain. The auction company reportedly told Mr. Stringer that the canopies had to be removed by 4:00 pm on March 4, 2014. I saw no evidence of suspect ACM visible on the ground and the inspection report that I had (courtesy of Ahrens) did not note any ACM in or on the canopies, so I let them proceed. When I returned to the office I reviewed the inspection report in more detail and realized the canopies were not discussed in the inspection report so it was not clear whether they had been inspected or not. Mr. Stringer and associated personnel on site did not have and had not seen an asbestos inspection report. Upon further consultation with Tom Sims, we decided to issue the seller, the auction company and Mr. Stringer Letters of Warning. | | | | | | | | |

|--------------------|---|---------------------|--|----------------|-------------|-----------------|---------------|-----|
| SLRO | 2014-03-10 | 2014-03-10 | UNKNOWN | Oakville | St. Louis | Burning | KA | |
| Concern No. | 17812 | Concern Info | Complainant indicated there is an unknown contractor working at a new home construction site. The contractor has a burning barrel located behind the structure and appears to be burning miscellaneous wastes. | | | | | |
| Comments | Copy of the "Facts on Open Burning Under Missouri Regulations" was provided. NFAN | | | | | | | |
| SLRO | 2014-03-12 | 2014-03-10 | CHRISTINE LORETTA | High Ridge | Jefferson | Burning | KA | |
| Concern No. | 17878 | Concern Info | Complainant alleged a neighbor is, or has been, burning household trash. The smoke and malodor is a nuisance. Residential trash service is available but the RP does not subscribe to the service. | | | | | |
| Comments | As the burning normally occurs during evenings and weekends no site investigation was conducted. A warning letter will be sent to the RP ASAP with copy to the High Ridge FPD. Complainant was asked to contact the FPD should open burning be observed so an on scene incident report may be submitted to the SLRO for appropriate action. | | | | | | | |
| SLRO | 2014-03-11 | 2014-03-11 | MAIN & MILL BREWING CO | | Jefferson | Fugitive Dust | DB | |
| Concern No. | 17909 | Concern Info | Anonymous caller stated that the owner of Main & Mill Brewing Co. was causing fugitive dust to impact him from his grinding of paint on the outside of his building. The caller was concerned about the lead in the paint. | | | | | |
| Comments | I explained to Mr. Foster that he can not cause fugitive emissions to go beyond his property boundary. I directed him to stop using the grinder, which is the cause of the fugitive emissions. I also explained that beyond the air issues, he must, in future paint removal projects, characterize the paint so that he knows if it contains heavy metals. He is planning on sampling the remaining paint and sending the sample to an environmental lab for testing for heavy metals. | | | | | | | |
| SLRO | 2014-03-13 | 2014-03-12 | SCHAEFERS AUTO BODY | Webster Groves | St. Louis | Air Odors | KA | |
| Concern No. | 17880 | Concern Info | Complainant resides near an auto repair facility. The facility is primarily auto body repair. Paint/thinner malodor from the facility is very strong. Complainant has not observed any visible emission from the facility nor noted any particulate deposits on his property. At the time of the initial interview with the SLRO 3-12-14, at 10:45AM, the complainant indicated he had placed a similar complaint call to the St. Louis County Air Pollution Control Program, which had yet to be returned. | | | | | |
| Comments | Facility under the jurisdiction of the St. Louis County Air Pollution Control Program. Facility found to be in compliance by county inspection 3-12-14. Complainant was provided with the name and telephone number for the St. Louis County Air Pollution Control Program inspector for future reference. NFAN by SLRO. | | | | | | | |

| SLRO | 2014-03-13 | 2014-03-12 | MAXIMUM VAPORS LLC WAR | Fenton | St. Louis | Air Odors | DK | |
| Concern No. | 17882 | Concern Info | Mr. Todd Ware with the St. Louis County Code Enforcement Division (314-615-7151) called to pass on a complaint from the City of Fenton (Andrea "Nicki" Finkbiner, Community Development Director, 636-349-8110). Ms. Finkbiner had received numerous complaints from neighbors and the property owner regarding strong odors emanating from Maximum Vapors, LLC. St. Louis County had issued an occupancy permit to James Baker (636-322-9724) to operate a warehouse in the subject property. Electronic cigarette manufacturing operations are apparently occurring there now, resulting in strong odors. St. Louis County Air Pollution Control has stated the facility is not in their jurisdiction, according to Mr. Ware, and referred him to MDNR-SLRO. | | | | | |
| Comments | Mr. Ware asked that we contact Ms. Finkbiner for additional information and also let him know the outcome. | | | | | | | |
| Comments | NFAN. | | | | | | | |
| SLRO | 2014-03-18 | 2014-03-17 | CHESTER MOORE | Overland | St. Louis | Burning / Air Odors | KA | |
| Concern No. | 17997 | Concern Info | Complainant information via voice-mail. Return telephone number not provided. | | | | | |
| Concern Info | Neighbor alleged to be burning unknown wastes. Complainant did not know if waste was vegetative or household trash. No information provided as to time of day when most burning regularly occurs. Only reference was to an open burning incident, which allegedly occurred March 15, 2014. No indication as to the county and/or city where the site is located. No indication if the local FPD was ever contacted. | | | | | | | |
| Comments | Per the zip code that was provided, city where the open burning is alleged to be occurring was determined to be Overland in St. Louis County. | | | | | | | |
| Comments | Unable to verify if open burning was or had been occurring at the address indicated by the complainant. NFAN. | | | | | | | |
| SLRO | 2014-03-24 | 2014-03-21 | GP RECYCLING LLC 510-2560 | St. Louis | St. Louis City | Particulate | JM | |
| Concern No. | 18063 | Concern Info | Andre Golden from Proctor and Gamble contacted St. Louis Regional Office regarding various materials from the GP Recycling LLC, 101 Ferry St. blowing onto their site at 169 E. Grand. Mr. Golden states this has been a problem since August of 2013. The composition of the of the material is stated to be dust, glass and fibrous materials. | | | | | |
| Comments | GP Recycling is working to fix the problems. As noted in findings, they have made upgrades in their facility and looking into other avenues to make a cleaner work site. They are working with Procter & Gamble. | | | | | | | |
| SLRO | 2014-04-01 | 2014-03-31 | TRAVIS ACQUISITIONS LLC | Gerald | Franklin | Asbestos | SH | |
| Concern No. | 18198 | Concern Info | Complainant alleged an unknown contractor is demolishing a vacant home in Gerald. The contractor is using a backhoe to tear the structure down. The two story structure is allegedly covered with transite siding and asbestos containing roofing. The project began 3-30-14. The property owner is unknown. The site address is unknown. | | | | | |
| Comments | The complainant did not know if the demoed waste was to be transported to an approved disposal site or was going to be buried on site. | | | | | | | |
| Comments | No further action required at this time. | | | | | | | |

| SWRO | 2014-03-14 | 2014-01-22 | Larry McConnell | Brookline | Greene | Burning | RB | |
| Concern No. | 17374 | Concern Info | Chief of Brookline Fire Protection District knew and gave permission for the burning of tires and construction and demolition waste. | | | | | |
| Comments | The site investigation showed that the main burn pile, while quite large, was vegetative waste. Mr. Pollack said he did not know who started the second pile and would acquire a permit before he burned again | | | | | | | |
| SWRO | 2014-03-05 | 2014-02-11 | John Tullis | Joplin | Jasper | Asbestos | DA | |
| Concern No. | 17595 | Concern Info | Demolition of old motel cottages, now apartments without an asbestos inspection or demo notification. | | | | | |
| Comments | Mr. Tullis recently purchased the property and is planning on restoring the buildings not demolishing them. No violations observed. I am sending some asbestos information to him. | | | | | | | |
| SWRO | 2014-03-11 | 2014-03-05 | Unknown | Rogersville | Greene | Burning | RB | |
| Concern No. | 17779 | Concern Info | Fire including tires. | | | | | |
| Comments | One possible burn area from a previous fire visible from Highway 60. No tires visible from the road. No further action as this time. | | | | | | | |
| SWRO | | 2014-03-06 | Unknown | Verona | Barry | Air Odors | | |
| Concern No. | 17781 | Concern Info | Caller noticed a strong chemical/sulfur smell starting this morning around 7 am. She does not think that it is a chicken litter that has been spread on top of the snow, but instead more of a chemical possibly. Caller is unsure of where the smell is coming from, but lives near the intersection of County Line Road and Spring River Road and notices the smell. You can call the complainant for more information if needed. She has called the Barry County Police Department also. | | | | | |
| Comments | | | | | | | | |
| SWRO | | 2014-03-07 | Builders Screen and Aluminum/ | Sunrise Beach | Camden | Particulate / Fugitive Dust | | |
| Concern No. | 17795 | Concern Info | Caller is concerned about the commercial powder coating business located next door that sandblasts items outdoors without any attempts to contain the dust and debris generated from the sandblasting. Concerned party wants to be contacted about the findings of the investigation. He stated that Springfield has told him in the past they don't have the resources to investigate his concern. He also stated that he had been in contact with EPA Region 7 in Kansas City regarding this matter. | | | | | |
| Comments | | | | | | | | |
| SWRO | | 2014-03-11 | Matt | Pleasant Hope | Polk | Burning | | |
| Concern No. | 17827 | Concern Info | Burning mattresses with about 30 burned last night. Caller states that the neighbor has burned in the past and has photos of the before and after of the burning of the mattresses. He states that he brings them to the property to burn them. Caller stated he will be coming to the office to present photographs and explain the situation. Caller also stated that EPA has requested that he stop calling them in regards to the issue and he is upset that they are doing nothing. | | | | | |
