

Division of Environmental Quality
Monthly Air Pollution Control Program Summary Report

For ALL REGIONS - 03/16/2013 to 04/15/2013

Number of Complaints Received RE:

<i>Asbestos</i>	6
<i>Burning</i>	37
<i>Fugitive Dust</i>	1
<i>Odors</i>	12
<i>Particulate</i>	6
<i>Toxics</i>	3
<i>Other</i>	9

Of the above, 16 complaints involved multiple emissions.

Total of Complaints Received: 56

Number of Investigations of Complaints:

<i>Received during report period.</i>	36
<i>Received prior to report period.</i>	7

Total number of investigations completed: 43

Number of formal notices of violation issued: 0

Monthly Air Pollution Control Program Detail Report

note: "Comp. Info" refers to complainant information. This is the information the department receives from the complainant and seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.

| Recvd Date >= 03/16/2013 | Recvd Date <= 04/15/2013 | Investigation Date >= 03/16/2013 | Investigation Date <= 04/15/2013 | Program=Air Pollution Contr

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Complaint	INSP Initials	NOV
KCRO	2013-03-20	2013-03-14	Unknown		Buchanan	Air Odors	SN	
Comments Pat Wilson was contacted and told to contact the Department of Natural Resources if there was any more issues in regards to odors.								
Comp. No. 14703 Comp. Info. Odor coming from the meat packing plants in St. Joseph, was strong at 4:45 pm Thursday, March 14. A prior concern form had been investigated and closed out this week. I had left a message for him to call back if it continued to be a concern.								
KCRO	2013-03-20	2013-03-15	Chris Couch	Agency	Buchanan	Burning / Toxics	SN	
Comments The burning issue in Agency is a problem that has been caused by the local authorities and citizens thinking that the burning that they are doing is legal. A letter of warning is being issued to the Couch family. Also a letter will be written to the Village of Agency that will explain the issues that arise from open burning and what is allowed and not allowed.								
Comp. No. 14695 Comp. Info. A neighbor has a large burn pile in their yard with things like car speakers and plastics. They keep lighting it at night so noone can see the smoke. Also, I was told by one of our city board members that this same neighbor has a gas tank still buried on the premissis. It has not been a gas station in the 30 years I've lived here, so it has to be in bad shape and it floods regularly. They said the city and EPA were after the previous owner about the tank, but she has since sold it so they dropped it.								
KCRO		2013-03-18	Unknown	Windsor	Henry	Asbestos	MC	
Comments								
Comp. No. 14730 Comp. Info. Two commercial buildings are being demolished. These buildings are old and in disrepair. The concerned party heard that the building belonged to the city clerk and the clerk donated the building to the Amish to tear down.								
KCRO	2013-03-20	2013-03-20	Brian Staggs	Agency	Buchanan	Burning	SN	
Comments A Letter of Warning will be issued to Mr. Staggs because it is illegal to burn household refuse in the Kansas City Metropolitan Area unless the property is zoned agricultural. The property is not zoned for agriculture and lies within the Village of Agency. Also because the burning of household refuse is seemingly prevalent in Agency there will be a letter written to the local government stating that burning of household refuse is illegal to help spread the work.								
Comp. No. 15111 Comp. Info. The concern is about the illegal burning of household refuse. The concerned party told Seth Norcross that his neighbor was burning household refuse.								
KCRO	2013-03-25	2013-03-21	Louise Wilson	Albany	Gentry	Burning	SN	
Comments There is no way to tell if the fire was started intentionally or not. A Letter of Warning will be issued to Mrs. Wilson and she will be required to remove the remains of the house and take them to a sanitary landfill and show proof of this to Seth Norcross within 30 days of receiving the Letter of Warning.								
Comp. No. 14835 Comp. Info. CP states that a house in Albany, MO has been vacant for around 15 years. The owner of the house was told by the City Administrator that she could not burn it and that it would need to be properly demolished and disposed of. CP states that earlier this week two "random" looking men were salvaging materials from the house. Tuesday, March 19, 2013, sometime after 5:30 permit the remaining structure was set on fire and burned down. CP states that thick horrible black smoke blew into her house for some time and there are concerns about airborne asbestos and other toxic contaminants. The volunteer fire department was not notified at the time but several men came out later that night to contain the fire. The debris is still smoldering at this time but CP is concerned that once it is completely out the owner will bury the remains or have them hauled off and dumped somewhere. The illegal burning is the primary concern but the CP is worried about solid waste and water pollution issues with the remaining toxics moving forward.

| Recvd Date >= 03/16/2013 | Recvd Date <= 04/15/2013 | Investigation Date >= 03/16/2013 | Investigation Date <= 04/15/2013 | Program=Air Pollution Contr

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Complaint	INSP Initials	NOV
KCRO		2013-03-26		King City	Gentry	Particulate	DG	
Comments								
Comp. No.	14842	Comp. Info. The complainant is concerned about his neighbor. His neighbor has built an outside furnace and the pipe is too short. Because the pipe is too short, the smoke hangs too low to the ground and inundates the concerned party with smoke. His wife has lung disease and he wants the DNR to do something about it.						
KCRO	2013-04-03	2013-03-26	Joe Luera	Sedalia	Pettis	Burning	SN	
Comments A Letter of Warning will be issued to Mr. Luera. Since he had stopped burning before the investigation began and due to the fact of his current financial situation I believe that a Letter of Warning will be the best course of action. Mr. Luera told me he will no longer burn anything at his residence and was warned that any further violations of the Open Burning Requirements will result in a Notice of Violation.								
Comp. No.	14843	Comp. Info. CP stated that Joe is collecting junk and burning all sorts of stuff, including tires, assorted wire for copper, among other items. Apparently he brings in cars, cuts them up and salvages parts, etc. He does not appear to contain or properly dispose of oil, gas or other fluids. CP stated that he burns these items in the middle of the night at times and the smoke infiltrates their trailer and is horrendous; they had to leave the trailer about a week ago and spend the night in a hotel the smoke/odor was so bad. CP stated the responsible party was burning at the time placed call to DNR.						
KCRO		2013-04-01	John Rhoades	Peculiar	Cass	Burning	DG	
Comments								
Comp. No.	14960	Comp. Info. West Peculiar FPD responded to a residence where there was a fire that included construction debris, including carpet.						
KCRO	2013-04-02	2013-04-02	Cook's Ham	Kansas City	Jackson	Air Odors	MC	
Comments Referred to Kansas City Air Quality for investigation.								
Comp. No.	14954	Comp. Info. The odor and smoke from the Farmland Foods Plant is horrible, I live nearby and it is terrible in the morning around 7 am and sometimes later. I have contacted the city who said the state has to look into the matter. All that white smoke and the smell is really bad. I have encouraged all my neighbors to call and complain. We contacted the City of Kansas City, MO and they did nothing on 3/22/2013. They just referred me to the state.						
KCRO	2013-04-15	2013-04-03	Bob Jones	Stewartville	Dekalb	Burning	SN	
Comments Since the fire happened over a year ago a Letter of Warning will be issued. Mr. Jones was told what he was allowed to burn and what was not allowed. Mr. Jones agreed to no longer burn prohibited items.								
Comp. No.	14963	Comp. Info. Neighbors have burned down a house on their property upstream of the CP property. CP is concerned about runoff from the burned house contaminating a water source for her dairy cow.						

Monthly Air Pollution Control Program Detail Report

Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.

| Recvd Date >= 03/16/2013 | Recvd Date <= 04/15/2013 | Investigation Date >= 03/16/2013 | Investigation Date <= 04/15/2013 | Program=Air Pollution Contr

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Complaint	INSP Initials	NOV
KCRO		2013-04-04	Martin Marietta Greenwood Quar	Greenwood		Fugitive Dust	SN	
Comments								
Comp. No.	14961		Comp. Info. The caller said that the quarry has been producing a lot more dust than they normally do. This has been going on for over two days. It starts around noon and ends after they stop working for the day.					
KCRO	2013-04-04	2013-04-04	Robert Wilcoxson	Mound City	Holt	Burning	DG	
Comments Mr. Wilcoxson is property owner and is the person dismantling the trailer home. A letter of warning was issued. Robert Wilcoxson called 4/15/13 and stated he will not burn furniture or demolition debris, and will take the trash from the creek to the landfill. A copy of the Open Burning Regulation and Fact Sheet were mailed to the Mound City Fire Chief. Corey Gordon, owner of Gordon Auto Body was observed burning trade waste. A letter of warning was issued. Candi Martin manages a part time salvage operation. She cleaned out a shed and burned a pile April 4, 2013 including a mattress and box springs which had belonged to her. Nearby persons said it produced a thick black smoke earlier that day. Mrs. Martin was fully cooperative, provided all information requested and agreed to return to compliance. A letter of warning was issued to Candi Martin.								
Comp. No.	15305		Comp. Info. There apparently was a mixup when the concern was first reported, and then it was received at KCRO by e-mail from ACP in Jefferson City. CP stated he had spoken in person with a DNR employee last year regarding the junkyards and other concerns, and was told DNR would not be able to do anything about it. CP is a combat veteran and is frustrated with the pollution issues. Also, since the area is upstream from Squaw Creek, he would like some help. Two of his concerns will be forwarded to other units. There is a lot of debris being disposed of from a residence near the creek. CP observed the RP burning plastics about a year ago. There is open insulation on the residence and it is blowing everywhere. Also the Fire Department recently burned materials in that area. CP is concerned that the mobile home is being dismantled and the components will be burned, since this resident is salvaging the metal.					
KCRO		2013-04-08	Jamesport Sales & Surplus	Jamesport	Daviess	Burning	DG	
Comments								
Comp. No.	14962		Comp. Info. Caller is concerned that Jamesport Sale and Surplus was possibly burning toxic materials. Caller said they have an open pit and is burning boxes (and maybe other things) on a daily basis. Sometimes he notices black smoke and it irritates his eyes and nose. He thinks they have been doing this for a couple of years. He also mentioned that the closest resident is only 50 yds away.					
KCRO	2013-04-19	2013-04-08	Helen Haggard	Ladue	Henry	Burning	SN	
Comments No action is needed because there was no evidence that the homeowner violated the Open Burning Requirements, but I stressed to her the importance of not burning prohibited items. Also I am going to talk to solid waste to see if anything can be done with the tires and the fill she was using in the drainage ditch.								
Comp. No.	14964		Comp. Info. Caller said possible illegal burning happened this past weekend. He noticed four truck loads of old lumber, shingles, styrofoams, etc. (torn down from an old house) were in a pile to be burned. Caller contacted the Henry County Sheriff on Saturday. The Deputy told them to separate the piles and could only burn the lumber. Caller said they burned the pile this weekend but wasn't sure if they just burned the lumber. Caller didn't know if they buried or burned the styrofoams and shingles.

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Complaint	INSP Initials	NOV
KCRO		2013-04-08		Edgerton	Platte	Burning	DG	
Comments								
Comp. No.	14965	Comp. Info. The concerned party is a farmer and a former firefighter, so he recognizes illegal burning. He believes that shingles and tires are being burned just before dark. He has observed large plumes of choking black smoke coming from the RP's location. Cars and salvage metal seem to be processed at the RP's location. Each time that this smoke was observed, the local Fire Department and also the Platte County deputies were contacted and did respond. The fires were extinguished at that time. He has not seen truckloads of tires and shingles being brought in, but has seen metal being trucked out. The most recent time was the first week of January. The reason the person is calling now is three-fold. 1. He would like to know if anything has ever been done about this, after all the times the Fire Dept. had responded. 2. He is a farmer and feels that his farmland is threatened by these fires, which are left unattended. 3. He and his neighbors pay \$25 for their burn permits and therefore don't understand why this person continues to be allowed to burn tires.						
NERO	2013-03-20	2013-03-20	Leanne Hergert	Huntsville	Randolph	Burning	PM	
Comments Violation of 10 CSR 10-6.045, Open Burning Requirements. Issued a Letter of Warning to Ms. Hergert and Mr. Hickam. Provided copies of: 1. 10 CSR 10-6.045, Open Burning Requirements 2. Factsheet, Open Burning Under the Missouri Regulations 3. Factsheet, Managing Construction and Demolition Waste								
Comp. No.	14759	Comp. Info. Huntsville Fire Chief, Jeff Webster, states that someone burned down a house in the middle of the night at the intersection of Heether Street and West Depot Street in Huntsville, Missouri. Chief Webster states he had told the property owner they could not burn and had to dispose of demolition waste at a landfill. Chief Webster took photos earlier today and will send to DNR.						
NERO	2013-03-26	2013-03-25	Farmland Foods	Milan	Sullivan	Air Odors	DB	
Comments No violation of the odor regulation found at the time of inspection.								
Comp. No.	14809	Comp. Info. The caller reports that at 12:30 p.m. on March 25, 2013, the odors coming from the Milan Farmland Foods plant were terrible. The odors were noticed with vehicle windows shut and were very strong.						
NERO		2013-03-27	PSF Valley View	Green City		Air Odors	CB	
Comments								
Comp. No.	14817	Comp. Info. On March 27, 2013, at 9:33 a.m., the following report of odors at PSF Valleyview was filed, "We are getting very strong odors here at the house this morning, Winds from the S, very light, sunny."

Comments								
Comp. No.	14820	Comp. Info. The caller reports that a sawmill northeast of Clark, Missouri is creating a nuisance when they burn the slab lumber scraps.						
NERO	2013-03-27	2013-03-27	PSF Valley View	Green City	Sullivan	Air Odors	CB	
Comments All complaints are logged and reviewed for development of an effective investigation strategy. Staff will conduct an odor investigation at a later date when weather conditions are predicted to be similar to the condition noted by the complainant.								
Comp. No.	15288	Comp. Info. On March 27, 2013, at 9:33 a.m., the following report of odors at PSF Valleyview was filed, "We are getting very strong odors here at the house this morning, Winds from the S, very light, sunny."						
NERO	2013-03-29	2013-03-28	Unknown	Tipton	Cooper	Burning / Asbestos	PM	
Comments No violation of the open burning rules, 10 CSR 10-6.045.								
Comp. No.	14839	Comp. Info. Caller advises a farm house was recently burned for disposal by the owner. Caller did not know exact date fire took place but did know the house was there when driving to work for the 11:00 p.m. shift at Tipton Correctional one night last week & noticed it was gone today when driving home at 7:40 a.m.						
NERO	2013-04-01	2013-04-01	Jerry Boehmer	Lakenan	Shelby	Burning	DB	
Comments No violation of the Missouri Open Burning Rule was found during the investigation. No actions are being taken.								
Comp. No.	14864	Comp. Info. Caller reports: Jerry Boehmer burned a house over the weekend. Stated that Mr. Boehmer had been in trouble with us two years ago for burning buildings at the same property (ACE#8513 investigated 04-01-2011 by Mike Smith, NOV to Gerald Boehmer and Melvin Brumbaugh for burning farm structures at this location).						
NERO		2013-04-01	Unknown Westphalia Landing Tr	Westphalia	Osage	Burning / Open Dumps	DB	
Comments								
Comp. No.	14868	Comp. Info. Caller is reporting his neighbors are renovating a house they purchased last year & are burnign the old roof, wiring, sheetrock, liquids, oil, PVC pipe, insulation & mattresses on the site. He stated they began doing this in October 2012.

NERO	2013-04-03	2013-04-03	Cross, Mo (Ronald)	Callao	Macon	Burning / Open Dumps	SB	
Comments	Violation of Missouri Solid Waste Management Law 260.210.1 and a violation of the Missouri Open Burning Regulation 10 CSR 10-6.145(3). Require that Mr. Cross to remove the waste and ashes from the site within 30 days and take it to a permitted landfill. Provide receipts documenting proper disposal. Submit a response letter indicating awareness of requirements within 30 days.							
Comp. No.	14875	Comp. Info.	Over the last few days a pile of waste consisting of a coach and a recliner burned on property owned by Mo Cross at the corner of Second and Elm in Callao, MO. Reportedly this waste was the subject of an earlier investigation by the Northeast Regional Office. It was also reported that a partially burned building was relocated to the property and placed in the front yard. The talk around town is that Mr. Cross intends to salvage what he can from the burned structure and burn the rest. The building came from Chariton Street in Callao and was owned by Chris Sprouse.					
NERO	2013-04-05	2013-04-04	Jerry Nibarger	Chillicothe	Livingston	Burning / Open Dumps	DB	
Comments	No violation of the Open Burning Regulations. An informational letter is being sent.							
Comp. No.	14901	Comp. Info.	Someone located south of the Caterpillar dealer and east of Chillicothe is getting ready to burn railroad ties.					
NERO		2013-04-05	Skip Sims	Hannibal	Ralls	Burning / Open Dumps	SB	
Comments								
Comp. No.	14902	Comp. Info.	The caller reports that Skip Sims has been dumping or allowing other parties to dump demolition waste on his property and then is burning the waste. They dumped several loads this week and are burning it today. The week of March 17, other loads were dumped. Waste was then burned on March 22 or 23. The caller believes Mr. Sims may be taking payment for the dumping of the waste. Waste includes shingles, windows, doors and other demolition waste. Does not know the parties that are bringing the waste to the property.					
NERO	2013-04-10	2013-04-08	City of Fulton	Fulton	Callaway	Air Odors	PM	
Comments	No violation of the Missouri odor regulation.							
Comp. No.	14926	Comp. Info.	The concerned party stated the City of Fulton land applied sludge onto property across the road from the concerned party. The concerned party stated that there was a significant odor associated with the land application. The concerned party stated that they observed the city land applying sludge on Friday April 5, Saturday April 6, and Sunday April 7.					
NERO		2013-04-09	DeForrest Sims	New London	Ralls	Burning / Open Dumps	SB	
Comments								
Comp. No.	14930	Comp. Info.	Responsible party was burning demolition wastes that include siding, windows, shingles.

NERO	2013-04-10	2013-04-09	Adam Algieri	Fulton	Callaway	Burning / Open Dumps	PM	
Comments Violation of 10 CSR 10-6.045, Open Burning requirements. Letter of Warning was issued and sent to Mr. Algieri. Provided copies of Fact Sheet on Open Burning, PUB 2047 and Missouri Open Burning Requirements, 10 CSR 10-6.045.								
Comp. No.	14970	Comp. Info. Braik Brother recycling are burning their pallets, along with other debris like tires. There is an active burning site just west of the new Braik Brother "landfill." Additionally, right across I-70 (on the north side), there is now another "land fill" that has sprouted up, and again, they bring in rubbish.						
Date-observed: 4/5-4/8, 2013								
SERO	2013-03-20	2013-03-04	Gary Amcheler	St. Mary	Perry	Burning	GG	
Comments I contacted the Perry County Sheriff's Office and they said that they had recently been there. They did not observe open burning of vehicles or other regulated wastes. They said that if they complainant was who they thought it was, that she had mental problems. They said Mr. Amcheler is not dangerous. I drove to the location described and observed a few small piles of bricks, stacked metal items, a couple of farm tractors and open burning from landclearing of brush and limbs that appeared to meet the 200 yard requirement. No one was at the location at the time of investigation. No violations observed. No further action at present.								
Comp. No.	14612	Comp. Info. RP is burning cars, buildings, and toxic waste. There are two homes next to each other. These people are dangerous. Investigators please take law enforcement with you.						
SERO	2013-03-20	2013-03-04	Gary Amcheler	St. Mary	Perry	Burning	GG

SERO	2013-03-19	2013-03-11	Courtney Sanders	Hayti Heights	Pemiscot	Burning / Open Dumps / Asbestos	RP	
<p>Comments I contacted the Hayti Heights City Hall and talked with the City Clerk Michelle Turner. She confirmed that someone on Braggadocia St. had recently burned and that the City Chief of Police Walter Dale had investigated. She stated that the Chief would contact me.</p> <ul style="list-style-type: none"> - I talked with the Chief and he stated that he was aware that a burning incident had occurred and that they had been in contact with the responsible party. The city intends to issue the responsible party a citation for illegal burning and require proper disposal of any wastes that remain. - I received the documentation that showed the responsible party was given a Citation for violation of the city's illegal disposal ordinance. The court date is set for March 26, 2013. <p>No further action by this office necessary at this time.</p> <p>Comp. No. 14646 Comp. Info. Burning a house.</p>								
SERO	2013-03-20	2013-03-18	Preston Douglas	Park Hills	St. Francois	Burning / Open Dumps	AW	
<p>Comments From concerned party's brothers land I observed one area where some old shingles had been dumped. The shingles had been over grown with vegetation, vines, etc. Some brush had been thrown on top. No sign of burning at that area. Down the hill, out from the mobile home was what appeared to be a household trash burn pile, cans, plastic bottles, etc. Also, a wire cage was observed with household trash within the confines. Burning had been done, but not recent. Could not see that shingles had been burned, where recent shingles had been hauled to the area. Since no one lives at the mobile home (supposedly there in no electric to the home), it appears that what is being burned is being hauled in and looks to be household trash. The CP seems to believe that the material (trash) hauled in is by a person who owns a white soft top suzuki license #MD6-N9M. She thinks this person and former resident, Preston Douglas are planning on moving back into the mobile home.</p> <p>Comp. No. 14724 Comp. Info. RP is hauling in and burning roofing shingles, he tends to burn at night. This has been going on for a while.</p>								
SERO	2013-03-21	2013-03-21	Cochran Roofing	Poplar Bluff	Butler	Burning / Air Odors / Toxics	JD	
<p>Comments Observed location that open burning is occurring. The item burned appear to be house hold waste. The area around the house hold waste is burned indicating a larger fire had occurred.</p> <p>According to Mr. Cochran he burned house hold waste at that location this morning. He said he takes his waste from his house in town and burns on his lot on Sable Lane.</p> <p>Discussed open burning requirements with Mr. Cochran and he stated that he would stop burning at that location immediately.</p> <p>No further action.</p> <p>Comp. No. 14761 Comp. Info. RP is burning shingles and other roofing scraps. RP doesn't live there, he owns a roofing business and all his debris from the work they do is brought down there and burned. There is a lot of black smoke. It is hard to breathe.</p>

SERO	2013-03-25	2013-03-22	Bob Fultz	Park Hills	St. Francois	Burning / Air Odors	AW	
Comments Observed pile where fire department had put out fire. Owner said daughter burned trash and a aerosol can burst and fire blew to large junk/trash pile. Other items in pile included plastic tv cases. Mr. Fultz scraps TV's and other items. Mr. Fultz stated the fire was unintentional due to burning household trash when a solvent can blew fire to nearby items.								
Comp. No. 14781 Comp. Info. Caller Captain Brad Weiss with Park Hills Fire Department called to report a 30' by 30" pile of debris containing electronics (esp televisions) and other trash was on fire. Fire Department extinguished the fire. Capt. Weiss noted that this resident had improperly burned such materials before and that the MDNR was involved.

Comments								
Comp. No. 14828 Comp. Info. Appears to be burning trash and furniture from trailers. Large accumulation of ashes and added solid waste. (photo on page 4)								
SERO	2013-04-12	2013-04-09	Charles Eads		Washington	Burning / Air Odors	AW	
Comments Observed a large brush pile where land was cleared. The land was cleared quite a while ago. The pile had been set fire in the past, but did not burn. I only saw two or three tires in the pile. I spoke with Charles Eads wife, who said they did not get the pile to burn. I informed her to have Mr. Eads remove any tires from the pile before trying to burn. Per homeowner, tires will be removed, but they have no intentions of burning any tires to start fire.								
Comp. No. 14927 Comp. Info. Neighbor cleared several acres and has the brush piled up and is about 60 to 70 yards long. You can see from the road the tires he placed in it to help it burn. They have tried twice causing lots of smoke but the bursh did not burn.								
He also wanted to know if he can do anything about the horses on the property. The smell is bad and he is concerned when it rains the water runs to his property.

SERO	2013-04-11	2013-04-09	Roger Yocum, Jr.	Dixon	Maries	Burning	SBV		
Comments	On April 11, 2013, an Investigator visited with Mr. Roger Yocum of the concern for the visit and about his tannery business. Mr. Yocum does not have a tannery at this location, he has been in business since 1972 collecting hides to be cleaned and sent to China to a tannery. He works out of a small shed behind the house with a small wood stove to aid in the drying process. He said he also uses electric heaters on occasion, but mostly the wood stove is used for heating as do most neighbors around the area. The wood stove was being used at the time of investigation with <10% opacity coming from the stack and not leaving the property. Mr. Yocum stated that the concerned party (CP) built a house within 100 yards of the shed and moved in about 4-5 years ago. Mr. Yocum stated that household waste is burned on occasion at the house, but only during weather permitting conditions and when the wind is blowing to the North as to not go in the direction of the CP. Mr. Yocum already had an open burning fact sheet and is aware of the regulations. This is a very small business, no treatment processes or tannery operations are performed at the location.								
	No further investigation required by this investigator at this time on this concern.								
Comp. No.	14932	Comp. Info.	Tannery Operations next to my home burning and filling my home with smoke.						
			Question: This is my second request for help with this problem. About two years ago I asked for help and the problem stopped after contacting the Governors office. Did not know this was LT Governer Kinder's area of responsibility. Went to hospital 4x with breathing problem (almost died) & Heart Attack last year. Do not consider you my personal attorney but if you could please get them to use an alternate heat source to dry the hides would alleviate the problem. My place is the last place at North edge of Pulaski County. They are over the line in Maries County. Last year the sparks from stack started a fire but fire went away from my home and fire crews put it out. Roger Yokum Jr. HH Hwy Maries County in charge. Please help me. Respectfully, Joseph Mize						
SERO	2013-04-15	2013-04-10	Stone Park Resort		St. Francois	Burning	AW		
Comments	Observed a small pile of unburned waste, mostly wood. A piece of plastic pipe and trash also. Contacted Mr. Vessell. He was unaware that contractor had burned the waste. Mr. Vessell said they would clean up the material and inform contractor of burning regulations.								
Comp. No.	14940	Comp. Info.	There is a burn pile next to the main entrance to the Stone Park Lodge that contained construction material (dry wall & PVC pipe) and was burning at the time of the visit.

Comments	Placed copy of open burning technical bulletin at front door with attached business card. See attached photo. Contacted the complainant and requested that 911 be called if burning continues so it can be documented and additional burning discouraged. See attached e-mail.							
Comp. No.	14953	Comp. Info.	Complainant alleges the source regularly burns trash and miscellaneous solid wastes. Police Department was contacted but burning continues.					
SLRO	2013-04-10	2013-04-05	UNKNOWN	St. Ann	St. Louis	Burning	KA	
Comments	Complainant considers the burning matter closed for now.							
Comp. No.	14952	Comp. Info.	The caller stated that residents at 1106 and 1105 Morrow Drive in St. Ann is burning tree trimmings that they are bringing in from side jobs they are doing around the area. The vegetative waste is being burned in a residential neighborhood. The fire department has been out several times to put out the fires. The fire department has asked the caller and his wife to stop calling them about the fires. The caller wants whoever works the concern to contact him before the concern is worked so that he can showed the investigator around the neighborhood.					
SLRO	2013-04-08	2013-04-08	DAN MCCONNELL		Jefferson	Burning	JM	
Comments	Based on information from High Ridge Fire Department Mr. McConnell owns a tree trimming operation. Fire Department personnel observed on 4/7/13, an 8 to 10 foot square pile of burning vegetation. Additionally, they observed a number of large piles of vegetation on the property. Based on the size of the property and the amount of vegetation it's questionable if all of the vegetation came from the property. A Letter of Warning will be sent to Mr. McConnell.							
Comp. No.	15052	Comp. Info.	Possible burning of trade waste.					
SLRO	2013-04-10	2013-04-10	SOURCE UNKNOWN	Bella Villa	St. Louis	Air Odors / Particulate	KA	
Comments	Unable to validate the complaint.							
Comp. No.	15067	Comp. Info.	Complainant indicated noting the odor of burning trash (?) as he drove through the area. The odor was unlike burning leaves and/or wood. No smoke was observed in the area. Odor was noted between 11:00 and 11:30 a.m.

SLRO	2013-04-15	2013-04-11	JIM KELLY OWNER	Festus	Jefferson	Toxics / Storm Water	DB	
Comments The paint booth is compliant with air pollution regulations. The solid waste that is disposed into the trash has been found to not be a hazardous waste and may be disposed of in the trash. The detail shop is correctly draining their waste into the sanitary sewer. The storm water that is entering the shop and going into the storm system is not allowed per Paul Morris. The facility must fix the storm water issue by not allowing their shop to be flooded. If it is flooded they must contain the storm water and dispose in the sanitary sewer. Since I did not observe the shop sweeping storm water out of their shop into the storm system I did not issue a Notice of Violation. Paul Morris Waste Water Unit Chief was notified.								
Comp. No. 15089 Comp. Info. Complainant alleges the auto body shop utilizes a spray paint booth that lacks appropriate air pollution control equipment.

SWRO	2013-04-03	2013-04-02	Matt Miller	Springfield	Greene	Asbestos	RB	
Comments I spoke with Steve Monsanto of Frisco Lofts LP the new building owner. He provided me with a copy of the asbestos inspection done by Mid America Environmental Solutions a Missouri Certified Asbestos Inspector. The amounts of friable asbestos included in the report were below the regulated limit. No notification or other action is required at this time. No violation.								
Comp. No. 14866 Comp. Info. Contractor at Landmark Building (downtown Springfield, 309 N. Jefferson) is posting signs stating asbestos removal will begin April 4, while other businesses are still active in the building. Apparently, the contractor gave a 7-day notice for all businesses to leave the building, and the elevator is broken, making it impossible. Caller is concerned that proper approvals have not been met for asbestos removal (says City of Springfield is currently seeking a "cease and desist" order for other issues), and is very concerned for the remaining tenants in the building. Says some walls have already been knocked down, leaving a heavy dust layer that may contain asbestos particles.
