

Division of Environmental Quality
Monthly Air Pollution Control Program Summary Report

For ALL REGIONS - 08/16/2014 to 09/15/2014

Number of Concerns Received RE:

<i>Asbestos</i>	8
<i>Burning</i>	30
<i>Fugitive Dust</i>	6
<i>Odors</i>	17
<i>Particulate</i>	5
<i>Toxics</i>	4
<i>Other</i>	11

Of the above, 16 concerns involved multiple emissions.

Total of Concerns Received: 61

Number of Investigations of Concerns:

Received during report period. 47

Received prior to report period. 19

Total number of investigations completed: 66

Number of formal notices of violation issued: 8

Please note, the information provided in this report reflects all concerns received during the reporting period as well as all inspection activities that occurred during the reporting period regardless of the date in which the original concern was received.

Monthly Air Pollution Control Program Detail Report

<i>Region</i>	<i>Inspection Date</i>	<i>Date Received</i>	<i>Suspected Source Owner/Operator</i>	<i>City</i>	<i>County Name</i>	<i>Type of Concern</i>	<i>INSP Initials</i>	<i>NOV</i>
KCRO	2014-08-27	2013-02-08	Unknown		Lafayette	Burning		
Concern No.	14536	Concern Info	Response from the fire department last night prompted a call to the Emergency line for a possible illegal burn. Shingles, demolition debris. Burning began around 7:30 PM. No one was on the scene. Driveway was blocked, earthmoving equipment that said "Lewis Farms." The Odessa Fire Department could not suppress the fire and had to let it burn itself out.					
Comments	KCRO has never received a Fire report for this incident							
KCRO	2014-08-20	2014-07-25	E & S Rock	Holden	Johnson	Fugitive Dust		SN
Concern No.	19594	Concern Info	Caller reports that the dust from this facility is still bad. He came home last night around 6 p.m. and the dust was heavy all night until about dark. The facility appears not to be using any water. The work is about 600 ft. from his home. This quarry operates every day from about 6:30 a.m. – 9 p.m.; caller says there is no time that he can go out of his house and not be breathing in dust. Dust is bad most of the time, but lately seems worst around 6 p.m. – 7 p.m.					
Comments	No fugitive emissions were noticed during the investigation.							
KCRO	2014-08-20	2014-07-31	Zack Terrill	Baldwin Park	Cass	Burning		CW
Concern No.	19670	Concern Info	Assistant Chief Nathan Carpenter with the Pleasant Hill Fire Department reports burning violations in the Village of Baldwin Park. Zack Terrill has been given permission from the village mayor, Chris Rose, to clean up lake bed. Zack has been burning all sorts of trash, such as mattresses. Burning is occurring at all hours of the day and night. Fire department has not been able to contact Zack because he runs off into the woods whenever they show up. Information on who the responsible party is was provided by board member Sandy Meyers (816-401-2507). Asst. Chief Carpenter recommends arranging a time to meet, and he will show the inspector the areas where burning has been observed.					
Comments	Minor violations of the Missouri Open Burning Requirements and the Missouri Solid Waste Management Law were observed during the investigation. Fact sheets on the proper management of waste were mailed to the mayor of the Village of Baldwin Lake. The department will reinvestigate if additional concerns are received. No further action is warranted at this time.							

Monthly Air Pollution Control Program Detail Report

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Concern	INSP Initials	NOV
KCRO	2014-08-19	2014-08-15	Village of Jameson	Jameson	Daviess	Burning	CO	
Concern No.	19873	Concern Info	Gary Bertram, USEPA, called about a voice mail he received. The concerned party indicated a neighbor is burning, it smells like treated lumber and it continues to smolder. Investigator will need to contact the concerned party for more information. CP states that there are two dumpsters at the location of concern. The trash company comes 1-2 times per year to empty these dumpsters. When they are not being emptied, unknown items are being burned by an unknown person or persons. They have been burning off and on the past two (2) weeks. This happens a couple times per year. It is the worst for her when the wind is from the East. It was smoldering earlier today before the rain, but when asked where the burning was taking place she was unable to give a location. She is concerned about the smell, and what items they are burning. She is especially concerned for the sake of a new family moving in next door with their nine (9) children. She says the city has been notified, but nothing ever happens.					
Comments	I prompted Ms. Caven to obtain an annual burn permit for the city through the Department. She submitted the application and relevant waivers.							
KCRO	2014-08-26	2014-08-15	David Arnold	Sedalia	Pettis	Burning	SN	
Concern No.	19874	Concern Info	The concerned party said that a business is taking in vehicles, breaking them down, selling the scrap metal and burning the left over plastic parts. They are burning today. He said they generally burn 3-4 times per month. He has approached the guy to get him to stop but he is not very nice and continues to burn the plastic pieces of the vehicles. The concerned party also noticed earlier this summer that the water in the drainage ditch between Wise Company and the other property was very green, a strange green (not algae green). The concerned party suspects that the business is dumping antifreeze into the drainage ditch although it is not currently green.					
Comments	A LOW will be issued for likely violations of the open burning regulation.							
KCRO	2014-08-20	2014-08-20	C S Carey (Formerly Go Green)	Kansas City	Jackson	Fugitive Dust	MC	
Concern No.	19880	Concern Info	Mr. Mike Stuts of VFW Post 9997 called to inform Kansas City Regional Office that the company at Ewing and Wilson, in Kansas City, Missouri 64125, had resumed grinding up roofing shingles. Dust frequently leaves this site when operating.					
Comments	Referred to Kansas City Air Quality Program.							
KCRO		2014-08-22	Quimby Pipe Organ Inc.	Warrensburg	Johnson	Air Odors	CW	
Concern No.	19931	Concern Info	Odors from Quimby Pipe Organ Inc. are very strong when they are using the spray booth. Odors were better initially after they renovated their paint booth but have recently been just as strong as they were in the past.					
Comments								
KCRO	2014-08-25	2014-08-22	Eugene White	Henrietta	Ray	Burning	DH	KCR2014082
Concern No.	19932	Concern Info	Caller reports that Eugene White, an alderman with the City of Henrietta, has been open burning for the past three days. He has been bragging all over town about how no one can do anything to stop him. Mr. White has been tearing down a house trailer, and the caller is suspicious that the demolition waste is being burned. Caller did not have address, but suggested contacting City Hall.					
Comments	NOV will be issued for burning of demolition waste.							

Monthly Air Pollution Control Program Detail Report

<i>Region</i>	<i>Inspection Date</i>	<i>Date Received</i>	<i>Suspected Source Owner/Operator</i>	<i>City</i>	<i>County Name</i>	<i>Type of Concern</i>	<i>INSP Initials</i>	<i>NOV</i>
KCRO	2014-09-04	2014-08-22	Gower Baseball Park	Gower	Clinton	Fugitive Dust	SN	
Concern No.	19933	Concern Info	Caller reports that dust from the parking lot of the ball fields is bad during games. Caller recommends coming to the area around 3 p.m. on a Wednesday and watch the vehicles as they enter the lot. You can also check East Buchanan School's website and look at the girls' softball schedule.					
Comments	A NOEE will be issued for fugitive emissions.							
KCRO		2014-08-22	Ronnie Flint	Fortescue	Holt	Open Dumps / Burning / Domestic Sewage, Other	DM	
Concern No.	20030	Concern Info	CP reports that RP has piles of junk on property including old insulation and trailer parts, tires, batteries, etc. Suspects RP of burning waste around the property as well. CP alleges that RP buys used porta-potties and dumps/washes them out on the property.					
Comments								
KCRO		2014-08-27	Unilever (formerly Lipton)	Independence	Jackson	Fugitive Dust / Toxics	CW	
Concern No.	20031	Concern Info	Gary Bertram of the EPA [telephone number (913) 551-7533] referred a call he had just received from a Mr. Randall Graves [telephone number (816) 446-6481]. Mr. Graves stated that for the past five years during the Spring/Summer/Fall seasons a fine white dust would coat his vehicle in the mornings and that when washed off the residue ended up as an oily substance. He is worried that the powder, allegedly coming from the Lipton plant in Independence at 35th Street, is creating the issue and may have Arsenic as a contaminant. Call Concerned Party after 14:30 because he is in school and after 14:00 on Thursday or Friday of this week.					
Comments								
KCRO	2014-09-10	2014-09-02	Michael French	Craig	Holt	Burning / Asbestos	DH	KCR2014091
Concern No.	20033	Concern Info	Caller reports that Michael French demolished a building some time back. He has been telling the city that he cannot do anything with the debris because MoDNR is involved.					
Comments	This morning, the debris was burning. The local volunteer fire department responded and elected to let it burn itself out. An NOV will be issued to Mr. French for the burning of or allowing the burning of regulated demolition waste on his property.							
KCRO	2014-09-15	2014-09-05	Gilman City	Gilman City	Harrison	Burning	CO	KCR2014091
Concern No.	20036	Concern Info	Concerned Party (CP) reported that a neighbor tore down the house across from his home, dug a hole, put all the debris in the hole and is now burning everything starting this morning. That includes asbestos shingles. Half the hole was covered with soil but there is still black smoke coming from the hole towards his property. He has not called the fire department because the neighbor's son works at the fire department and does not believe they will do anything. CP indicated that the fire should burn all day.					
Comments	The CP stated the property is owned by the neighbor who lives in the house across from the concern location in a single story house with black shingles and asphalt drive. Everything should be visible from the road. A Notice of Violation will be issued to Mr. Gerald Strain for the burning of demolition waste. A separate letter will be sent to Mr. Strain for the burial of the demolition waste.							

Monthly Air Pollution Control Program Detail Report

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Concern	INSP Initials	NOV
KCRO		2014-09-08	Rick Davis	Savannah	Andrew	Burning	CW	
Concern No.	20044	Concern Info	<p>Concerned party called about his neighbor, Mr. Rick Davis, burning again; this time it was the mobile home frame, which he burned on Sunday September 7, 2014. Caller stated that we (KCRO) were out there earlier this spring when Mr. Davis burned regulated waste.</p> <p>Caller called the Andrew County Sheriff office yesterday about the fire, and by time. Deputy Donahoo arrived the fire was almost burned out, but when Mr. Davis saw the sheriff car he started to apply water to the fire. Deputy Donahoo told the caller that we (KCRO) could call him and he would answer any questions we would have.</p>					
Comments								
KCRO	2014-09-22	2014-09-12	KC Rim Shop (Former liquor stor	Belton	Cass	Asbestos	DH	
Concern No.	20175	Concern Info	<p>Observed walls being removed and other renovations activities while driving by. Does not know if an asbestos inspection was conducted.</p> <p>Building was a former liquor store. It was recently purchased by KC Rim Shop, who is now renovating the building. Not sure if they are planning to relocate to this site of use it for storage.</p> <p>KC Rim Shop's office is located across 58 Hwy to the northwest.</p>					
Comments NOV will be issued for failing to have the facility inspected for asbestos, prior to demolition/renovation.								
KCRO	2014-09-15	2014-09-15	P and L Recycling	Bethany	Harrison	Toxics	MC	
Concern No.	20083	Concern Info	<p>Concerned party submitted a concern online regarding water pollution and air pollution issues. For air pollution, the concerned party wrote, "They are also taking air conditioners apart at the employees homes and letting freon go into the air at the owners request and taking them back after they are taken apart."</p>					
Comments Concern was forwarded to EPA for investigation.								
KCRO	2014-09-16	2014-09-15	Paul Hyde	Garden City	Cass	Burning / Asbestos	SN	
Concern No.	20089	Concern Info	<p>Caller was driving north on 7 Highway past Garden City when he observed structures that were pushed into a pile and set on fire. Caller reports that two structures were demolished and a third structure was partially demolished. The partially demolished structure is located at 500 Lake Road in Garden City. There was a large CATERPILLAR loader with HARE Excavating on the side. A smaller track-hoe was also onsite. The burn area can be seen from 7 Highway.</p>					
Comments A NOV will be issued for disposing of construction and demolition waste, which is a violation of the open burning regulation.								
NERO	2014-08-20	2014-08-05	Unknown	Callao	Macon	Air Odors	CB	
Concern No.	19665	Concern Info	<p>Concerned party stated that the home has been without water and sewer since December and that their sewage is now leaking out of the home. Concerned party stated that there is a strong odor coming from the sewage.</p> <p>Mr. Maize contacted Ms. Carrie Chiarottino, Wastewater Operator for Callao, regarding the wastewater concern. An employee for the City of Callao investigated the concern and Ms. Chiarottino contacted Mr. Maize with the findings. Ms. Chiarottino stated that there are approximately 10 dogs living in the home and that on warm days when the windows are open the odor is strong.</p>					
Comments No violation found and facility is not regulated under the odor regulation.								

Monthly Air Pollution Control Program Detail Report

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Concern	INSP Initials	NOV
NERO	2014-08-25	2014-08-06	Carl Erlich	Vandalia	Audrain	Air Odors	CB	
Concern No.	19686	Concern Info	<p>date-observed: 08-05-2014 comments: There is a farmer whose property is within the city limits of Vandalia. This property is half a block from my residence and several other residences. The field that I am speaking about is at the end of Carr Lane in Vandalia. My concern, along with the concerns of neighbors, is the very strong, foul, pungent odor from the substance he is spreading on his field. During the last few weeks, he has spread some type of manure several times. The odor is so strong, that you can't hardly be outdoors. While mowing tonight, I am having to wear a mask to cover my nose and mouth. Breathing is almost impossible due to the stench. I do not know who owns the property, although I was told the last name is possibly Erlich. I would like to know if something can be done about this, since it is occurring in a residential area full of people of all ages and health problems? I would be glad to provide any information you may need. Thank you.</p> <p>Audrain Assessor's website shows owner as: WILDHORSE ENTERPRISES LTD 3630 GEYER RD. ST. LOUIS, MO 63127</p>					
Comments	No violation of the Missouri Odor Rule. Only Class IA CAFO's are regulated for odor emissions. An email was sent to the complainant explaining the results of the investigation. The following two documents were also sent with the email for informational purposes: 10 CSR 10-6165 Restriction of Emission of Odors and Guide to Animal Feeding Operations.							
NERO	2014-08-19	2014-08-18	Murphy Brown Whitetail	Unionville	Putnam	Air Odors	CB	
Concern No.	19853	Concern Info	The complainant reports that odors from Murphy Brown Whitetail were strong on the morning of August 18 at their property.					
Comments	No current inspection conducted with regard to this specific concern; however, all concerns are logged and reviewed for development of an effective investigation strategy. Staff will conduct an odor investigation at a later date when weather conditions are predicted to be similar to the conditions noted by the complainant.							
NERO		2014-08-18	Unknown	Hale	Carroll	Burning	CB	
Concern No.	19885	Concern Info	Caller states open burning of C&D waste is taking place at 214 Ash Street in Hale, Missouri.					
Comments								
NERO	2014-08-18	2014-08-18	Murphy Brown Whitetail	Unionville	Putnam	Air Odors	CB	
Concern No.	19896	Concern Info	<p>On August 17, 2014, at 4:35 PM, caller reported strong hog manure odor originating from Murphy Brown Whitetail on the following dates and times: August 15 - Strong odor all day. August 17 - Strong odor in the afternoon around 4:00 PM.</p> <p>On both days, the odor made it difficult to be outside.</p>					
Comments	No current inspection conducted with regard to this specific concern; however, all concerns are logged and reviewed for development of an effective investigation strategy. Staff will conduct an odor investigation at a later date when weather conditions are predicted to be similar to the conditions noted by the complainant.							

Monthly Air Pollution Control Program Detail Report

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Concern	INSP Initials	NOV
NERO	2014-08-25	2014-08-22	Chad Duncan	Mendon	Chariton	Air Odors	CB	
Concern No.	19902	Concern Info	Hello my name is Mitch Adams from Mendon, Missouri in Chariton County. I have a complaint about the air quality south of Mendon. The hog odors from Chad Duncans (Duncan) hog facility are making impossible to sit outside our house! The odors are very powerful and getting worse. I live over two miles from that confinement. We have also noticed this year that the flies are also horrible. If you have any questions call me at 660-734-2248. Looking forward to talking to someone about this horrible problem.					
Comments	The last name may relate to a "Chad Duncan" in Brunswick. Pete The swine operation at the Duncan's farm is not permitted. The Department of Natural Resources only has the authority to regulate odors from a Class 1A size CAFO. In order to be considered a Class 1A CAFO, a swine operation must consist of at least 17,500 hogs.							
NERO	2014-09-04	2014-08-25	Ryan Hughs	Brimson	Grundy	Burning / Scrap Tire Dump	CB	
Concern No.	19930	Concern Info	Caller states a man picks up scrap tires for a living and burns the tires in a ditch behind his house. He only burns at night. When it rains, tire debris and waste washes into a creek. There are a lot of vehicles on the property and a driveway runs around the house.					
Comments	FYI: Caller also made a concern with Leland Maize regarding water pollution. A Letter of Warning will be issued for open burning and solid waste violations. A response letter and a clean-up of illegally dumped solid wastes will be required. Waste receipts for the proper disposal of solid waste are to be submitted to NERO office within 30 days.							
NERO	2014-08-27	2014-08-25	Chris Marks and Joseph Marks	Frankford	Pike	Burning	DB	
Concern No.	19952	Concern Info	The caller reports that a house burned down about five months ago, but the owner has lately been burning demolition debris from the damaged house located in Frankford at 405 Main and the smoke is bothering people. The caller stated that the local volunteer fire department is not interested in dealing with the issue. The caller stated that the property belongs to Chris Marx and that he and his friend, Mark Joseph, are doing the burning.					
Comments	Violation of 10 CSR 10-6.045 Open Burning Requirements. A Letter of Warning will be issued.							
NERO	2014-09-03	2014-09-03	Magic Marv's Remodeling & Con	Centertown	Moniteau	Burning / Open Dumps	PM	
Concern No.	19989	Concern Info	Caller reports approximately 85-90 cubic yards of construction and demolition waste is currently burning. Caller reports a red box trailer labeled "Magic Mary's Remodeling," and a red Ford 4x4 is parked in the drive.					
Comments	In violation of Missouri Air Conservation Commission Regulation 10 CSR 10-6.045(3) and the Missouri Solid Waste Management Law, Section 260.210.1.(1) RSMo. Issued a Letter of Warning and required a response within 30 days.

<i>Region</i>	<i>Inspection Date</i>	<i>Date Received</i>	<i>Suspected Source Owner/Operator</i>	<i>City</i>	<i>County Name</i>	<i>Type of Concern</i>	<i>INSP Initials</i>	<i>NOV</i>
NERO		2014-09-03	Mark Barrow	Kingdom City	Callaway	Scrap Tire Dump / Open Dumps / Burning	BS	
Concern No.	19990	Concern Info	<p>Caller states neighbor hauls scrap tires from his place of employment, WW Trucking Company, in Auxvasse to his property on Harrison Creek and burns them. Caller states there are "hundreds and hundreds" of tractor tires on the property and he burns every so often. Caller states there is a mound of tire wire from burning on the property. Caller states neighbor moved to Auxvasse a year ago but comes back and dumps tires and trash. Caller states a trailer house has been dismantled on the property but owner left demolition waste on the ground and it blows onto caller's property. Caller states neighbor drinks beer all the time and dumps beer cans on property, which eventually end up on caller's property. Caller has picked up garbage bags full of neighbor's trash. Caller also states the neighbor's septic tank is full and flows out onto the property. Caller states a travel trailer is still on property. Caller recommends the investigator bring a 4x4 because the road has been recently washed out due to the rain.</p> <p>FYI: WW Trucking Company 1348 Tate Drive Auxvasse, MO 573-386-2400</p>					
Comments								
NERO	2014-09-09	2014-09-05	Ron Pantry	Lancaster	Schuyler	Scrap Tire Dump / Burning	BS	
Concern No.	20026	Concern Info	<p>The caller reports that the owner of the property is burning waste tires after hours. The concern was reported to ESP on September 4, 2014, at 6:30 p.m.</p>					
Comments	<p>Violations of the Missouri Solid Waste Management Law and Air Conservation Commission Regulations were determined. NERO will issue a Letter of Warning to Ron Pantry as a result of the violations observed. The LOW will require remaining solid waste and ash be removed and properly disposed of at a permitted facility. Additionally, the LOW will require receipts along with a signed air pollution response letter be submitted to NERO. BS</p>							
NERO	2014-09-09	2014-09-08	Ron Pantry	Lancaster	Schuyler	Scrap Tire Dump / Burning / Storm Water	BS	
Concern No.	20025	Concern Info	<p>The caller reports that Ron Pantry is burning tires again today. Black smoke is thick from his salvage yard. He was burning last week also. Vehicles are being turned over for salvage and fluids are allowed to drain onto the ground. Mr. Pantry conducts salvaging for a living.</p>					
Comments	<p>Violations of the Missouri Solid Waste Management Law and Air Conservation Commission Regulations were determined. NERO will issue a Letter of Warning to Ron Pantry as a result of the violations observed. The LOW will require remaining solid waste and ash be removed and properly disposed of at a permitted facility. Additionally, the LOW will require receipts along with a signed air pollution response letter be submitted to NERO. BS</p>

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Concern	INSP Initials	NOV
NERO	2014-09-09	2014-09-09	Murphy Brown Whitetail	Unionville	Putnam	Air Odors	CB	
Concern No.	20121	Concern Info	On September 8, 2014, caller reported strong hog manure odor originating from Murphy Brown Whitetail on the following dates: September 1: Strong hog manure odor. September 7: Strong hog manure odor during early morning and late evening. September 8: Strong hog manure odor. On all dates, the odor was so strong it was difficult to enjoy property.					
Comments	No current inspection conducted with regard to this specific concern; however, all concerns are logged and reviewed for development of an effective investigation strategy. Staff will conduct an odor investigation at a later date when weather conditions are predicted to be similar to the conditions noted by the complainant.							
NERO	2014-09-16	2014-09-10	Unknown	Fulton	Callaway	Burning / Scrap Tire Dump	CB	
Concern No.	20057	Concern Info	Callaway County dispatch reports that they received a notification of burning tires in a ditch near the intersection of County Road 123 and Branch Road near Fulton. A fire unit is responding and attempting to locate it.					
Comments	Unable to locate a burn area or a responsible party. No violation found during investigation.							
NERO	2014-09-11	2014-09-11	Arch Enterprises	Mexico	Audrain	Air Odors	DB	
Concern No.	20067	Concern Info	The City of Mexico has received several calls from concerned citizens about noxious fumes coming from the warehouse occupied by Arch Enterprises at 2501 Lakeview in Mexico. The fumes are like burning electrical insulation. This is not at the main plant location for Arch Enterprises but has been used as a warehouse.					
Comments	No violation found at time of investigation. Additional documentation is needed from the facility to show that they are in compliance with the construction permits rule. Discussed asbestos inspection and notification requirements.							
NERO	2014-09-16	2014-09-12	Brandon Martin	Ladonia	Audrain	Burning	CB	
Concern No.	20073	Concern Info	The caller reports that the resident at 606 or 608 East Third Street in Ladonia is burning shingles in two barrels at the back of their house. They did some roofing last fall and now are burning the shingles. Some were burned last week and this afternoon they are burning some more.					
Comments	A Letter of Warning for open burning will be issued to Brandon Martin and Lisa Bang-Tharp requiring signatures and landfill receipts.							
NERO	2014-09-16	2014-09-15	Bradley Black	Ladonia	Audrain	Burning / Asbestos	CB	1114026
Concern No.	20074	Concern Info	Caller reports that a house was purposely being burned this morning. It appeared to have been knocked down with a bulldozer, but did not appear to have been pushed into a hole. The location is about one mile south of Ladonia on the west side of Highway 19. Burn was ongoing at approximately 8:30 AM.					
Comments	A Notice of Violation will be issued to Mr. Black for the open burning of a residential structure and two outbuildings.

NERO	2014-09-17	2014-09-15	Cookie's Kreations	Louisiana	Pike	Air Odors	DB	
<p>Concern No. 20079 Concern Info The following report was received via email from EPA Region VII: Cookie Creation at 600 Kelly Lane in Louisiana, Missouri has a guy painting and spraying paint with door open. Every time I come out of YMCA the odor of paint hits me like a bus.</p> <p>Comments No violation found at time of investigation. An informational letter will be sent.</p>								
NERO	2014-09-18	2014-09-15	Murphy Brown Whitetail	Unionville	Putnam	Air Odors	CB	
<p>Concern No. 20122 Concern Info On September 14, 2014, caller reported strong hog manure odor originating from Murphy Brown Whitetail on the following dates: September 10: Strong hog manure odor all day long. September 13: Strong hog manure odor during evening hours. September 14: Strong hog manure odor during morning hours.</p> <p>Comments No current inspection conducted with regard to this specific concern; however, all concerns are logged and reviewed for development of an effective investigation strategy. Staff will conduct an odor investigation at a later date when weather conditions are predicted to be similar to the conditions noted by the complainant.</p>								
SERO	2014-08-27	2014-08-07	Donald Kentch - D & M Electric	Festus	Ste. Genevieve	Burning	AB	
<p>Concern No. 19706 Concern Info RP owns an electric company. When he replaces copper wiring, he takes home the old copper wiring. On overcast, foggy or rainy days he will burn the insulation off the copper wiring, so he can get money from the copper. His son also works for an electric company and he brings it to RP's house to burn. The smoke is so bad that people cannot breathe for miles away.</p> <p>Comments No one at the business at time of investigation. Did not observe any open burning from right-of-way. Left Open Burning Fact Sheet near office door. No violations at time of investigation.</p>								
SERO	2014-08-21	2014-08-08	Billy Null B & N Tree Service	Dixon	Pulaski	Asbestos	SBV	
<p>Concern No. 19721 Concern Info Caller is concerned that debris is blowing around from a demolition project in progress. Caller is concerned about her children's safety if they go outside. Caller states that she does not know if there is asbestos present or not.</p> <p>Comments On August 8, 2014, Investigator was performing a routine asbestos inspection at the time of this concern at the site. The contractor was properly removing and adequately wetting the material to be disposed of. No debris was observed being blown around the property. The town also received over an inch of rain the night before and was wetting the material during loading as this was a wet demolition project. The dump trucks were lined with two layers of 6 mil poly, "pig socks" were used to settle water runoff on the property and the truck tires were sprayed as leaving the property. All good work practices were being used and no compliance issues were observed.</p> <p>Investigator has tried calling the concerned party several times since the concern was received and gets a busy signal every time.</p> <p>No further investigation on this concern at this time by this investigator.</p>

SERO	2014-08-21	2014-08-19	MFA	Rolla	Phelps	Asbestos	SBV	19423SE
Concern No.	19859	Concern Info	Warehouses being torn down on property owned by the MFA Rolla Farmer's Exchange off Eighth Street in Rolla.					
Comments	On August 21, 2014, Investigator visited with a manager at the MFA Rolla Farmer's Exchange and discussed the demolition of the buildings. MFA received a demolition permit from the City of Rolla for the demolition project but failed to notify the APCP and failed to inspect for asbestos containing materials prior to demolition activities. The demolition was contracted to Daniels Construction out of Rolla and began demolition of the buildings on Monday, August 18, 2014. Investigator was told that the buildings were only wood and brick structures used for warehousing. The only suspect material for asbestos was the roofing shingles. The manager stated that the roof was repaired a few years back and that the shingles did not contain asbestos. No paperwork was available to verify this statement.							
	Attached is a copy of the City of Rolla Demolition Permit issued 7/29/2014.							
	NOV #19422SE is being issued to MFA Rolla Farmer's Exchange and NOV #19423SE is being issued to Daniels Construction for failure to inspect for asbestos and failure to notify the APCP at least ten working days prior to the start of demolition activities.							
SERO	2014-08-20	2014-08-20	Ron Shelby RS Trailer Sales	Miner	Scott	Burning	JD	
Concern No.	19861	Concern Info	Open burn of Pallets/lumber/tires at RS Trailer Sales.					
Comments	Spoke to Mr. Ron Shelby at his home behind his business shop building. Mr. Shelby stated that he is currently remodeling his home and did open burn some untreated Cyprus board scraps. Mr. Shelby said he would stop open burning immediately and would not open burn again. He did ask about open burning his residential waste in a burn barrel behind the home. Residential waste is exempt from the open burning regulations if it is generated on the same property. Mr. Shelby stated that his home and business which is adjacent is on separate deeds.							
	Discussed open burning requirements with Mr. Shelby. Including what he is allowed to open burn and what is not allowed.							
	Verbal instructions about open burning given during the investigation. No further action required.							
SERO	2014-08-26	2014-08-20	Bradshaw Funeral Home	Malden	New Madrid	Burning	JD	
Concern No.	19872	Concern Info	RP is burning their wastes rather than using a trash service.					
Comments	Bradshaw Funeral home is trimming brush and trees in the yard surrounding the funeral home. The home, businesses adjacent to the funeral home are owned by the funeral home. Open burning was not occurring during the time of the investigation. Discussed open burning requirements and what can and cannot be open burned.							
	No violations observed, no further action at this time.							

Note: "Concern Info" refers to the information provided to the department by the concerned party. The information seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.

SERO	2014-08-26	2014-08-20	Unknown Body Shop	Risco	New Madrid	Burning	JD	
Concern No.	19875	Concern Info	Unknown body shop is burning their wastes on bank of ditch that borders Risco to the West on Highway 62. There may be others using this ditch bank to burn their wastes.					
Comments	<p>Davis Auto Sales is out of business. There is a location across CR 241 where a small amount of debris has been burned. Items open burned could not be identified. Facility's physical address is 1231 CR 241, Risco. The sign on the building states: Davis Auto Sales 1187 CR 241 Parma, MO Business Phone: (573) 396-8565 Home Phone: (573) 396-5610</p> <p>Both telephone numbers have been disconnected.</p> <p>Open burning was not occurring during the investigation. No further action at this time.</p>							
SERO	2014-09-12	2014-09-05	Seminole Ag Lime	Scott City	Scott	Fugitive Dust	TR	
Concern No.	20003	Concern Info	Mark Newell says he is experiencing heavy amounts of dust as a result of the blasting activities from Seminole Ag Lime. They have some pictures of pellets on their vehicles as a result of a 9/2/2014, detonation. Dust sometimes is so bad that a neighbor thought their house was on fire. Mark cannot put clothes out to dry because of so much dust.					
Comments	<p>Mark Newell ask not to call his home number before 11 am (his wife works late shift.) Call his work number and they will find him.</p> <p>At the time of my investigation, the quarry was loading out aggregate to customers. No blasting was occurring. The facility stated that they had blasted 4 times so far in 2014. The cumulative tons of stone shot were 44,000. The last shot had been 3,000 tons. I requested that Mr. Harris let me know the next time they get ready to blast, so that I can observe. I requested and reviewed records kept on site to comply with air permit limits and restrictions. No problems were noted on September 9, 2014. Investigation will continue with a blast observation.</p>

SERO	2014-09-10	2014-09-10	Jadwin Sawmill	Salem	Dent	Saw Dust	JD	
Concern No.	20055	Concern Info	<p>Good Afternoon Jan,</p> <p>I wanted to let you know that there is still a significant problem with sawdust blowing on us from Jadwin sawmill.</p> <p>The last few days have been really bad. At our produce stand that is down by Highway 32 we have to wipe sawdust off the produce. I think that is a definite sign that things are out of hand. Please advise me on what to do.</p> <p>Thank you,</p> <p>Tim Cahill</p>					
Comments	<p>Jadwin Sawmill has installed a second cyclone. Jadwin was willing to make this change to help with the issue in a previous visit. They are continuing to remove the large pile of sawdust from the premises. This fall they are planning to plant trees along the border between the sawmill and the greenhouses.</p> <p>Dust was not crossing during the investigation however some evidence on the adjoining property indicated in the past sawdust may have crossed over.</p> <p>Will continue to monitor the progress Jadwin makes with their plans and once all compliance plans are in place will reevaluate.</p>							
SERO	2014-09-16	2014-09-11	Unknown		Crawford	Burning	MO	
Concern No.	20069	Concern Info	<p>Caller reports that open burning is taking place involving what the caller believes is demolition or renovation waste from a house trailer. The smoke is not wood smoke according to the caller. Caller did not call local law enforcement or fire protection district/department.</p>					
Comments	<p>Investigator attempted to find location on 09/16/2014. Investigator traveled Highway 8 East of Steelville finding mailbox numbers 298 to 311. Also traveled Highway 8 West of Steelville finding mailbox numbers 257 to 304. Investigator was unable to find any mailbox or home with the address 300. Investigator checked with Crawford County Assessor's Office and they had no records of an address at 300 West State Highway 8, or any configuration of that address on record.</p> <p>Without any persons to contact for further information, no further action will be required by this investigator on this investigation at this time.</p>							
SERO		2014-09-12	Pat Montgomery	Williamsville	Wayne	Burning		
Concern No.	20071	Concern Info	<p>RP is open burning demolition waste at her home.</p>					
Comments								
SLRO	2014-08-19	2014-08-07	UIC CONSTRUCTION	St. Louis	St. Louis City	Asbestos / Fugitive Dust	DB	
Concern No.	19746	Concern Info	<p>Complainant stated that several houses in his neighborhood (4171 Blain, 4159 McKree, and others in 63110) are being renovated by "UIC Construction" and dust is being blown out of the residential structures using a leaf blower and the complainant is concerned that exposure to the dust is not safe. Complainant said he called the City Citizens Bureau and Health Department and they referred him to the SLRO.</p>					
Comments	<p>The Asbestos NESHAP does not apply to single family residential buildings. Fugitive emissions was not observed during the investigation. I could not reach the concerned party by the telephone number provided on the concern form. I did leave a message on the voice mail; however, the voice mail box is for a different name other than the one that was given during the initial interview.</p>							

Monthly Air Pollution Control Program Detail Report

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Concern	INSP Initials	NOV
SLRO	2014-08-27	2014-08-11	BRETT OWEN	Mt. Sterling	Gasconade	Burning / Asbestos	KA	
Concern No.	19951	Concern Info	Gasconade County Sheriff's Dept. responded to a complaint 8-9-14, concerning a non-permitted open burn. The RP allegedly was scrapping a mobile home and burning mobile home waste. The responding officer required the RP to extinguish the fire. The Sheriff's Dept. believes the burning may continue.					
Comments	Contacted Sheriff Deputy Post and informed her of what is allowed in Gasconade Co. under SWMP and APCP regulations. She was preparing to contact the property owner and inform her of what is lawful. The original complainant was mostly concerned that because the trailer had been used as a Meth lab the trailer materials being removed and/or burned were releasing Meth residues into the air. Deputy Post understood the true concern would be with human health if the trailer was reoccupied. NFAN.							
SLRO	2014-08-18	2014-08-14	CAVE CITY SAND LLC	Crystal City	Jefferson	Fugitive Dust	DB	
Concern No.	19819	Concern Info	Caller stated that heavy dust is crossing Highway 61/67 from the Cave City Sand site in Crystal City.					
Comments	The sand mine is in operation in close proximity to Highway 61/67. At the time of the inspection, no violations were occurring. The facility recently received an air pollution inspection and were directed to provide calculations showing that they do not need permits or else complete a construction permit application for the Department's review. The facility was informed that they must ensure that fugitive emissions do not cross over their property line.							
SLRO		2014-08-18	XL CONTRACTING COMPANY	Maryland Heights	St. Louis	Particulate		
Concern No.	19889	Concern Info	Dust blown from piles of mulch generated from trees removed for building sewer line at the back of 343 Midland Avenue, Maryland Heights, Missouri 63043 where Ms. Sandra Schlegel who filed the complaint resides.					
Comments								
SLRO	2014-08-26	2014-08-25	JOSEPH & MELODY BENNET	Robertsville	Franklin	Burning	KA	
Concern No.	19935	Concern Info	Pacific FPD responded to a non-permitted vegetative waste open burn on 8-11-14. The waste was from a landscaping/tree trimming business and was being transported onto the property of the business owners for disposal by open burning. The PFPD informed the RP that this burning was in violation of APCP regulations. The PFPD has since received additional complaints from area citizens that the open burning has begun again. The RP is alleged to be open burning the waste in the nighttime hours.					
Comments	A warning letter will be sent to the RP ASAP to curtail the open burning permanently. Additional enforcement activity will be initiated should the warning letter be ignored.							
SLRO	2014-09-03	2014-08-28	DANNY BORDEN	Arnold	Jefferson	Air Odors	KA	
Concern No.	19965	Concern Info	I spoke with the concerned citizen. She stated that there is a foul odor coming from the property at 3056 Tenbrook Arnold, MO 63010. She said that it is a very bad odor that smells like mold. The owners of the property are BORDEN, DANNY M & DONNA S of 303 ROCKVIEW CIRCLE, ARNOLD, MO 63010-2468. The odor is constant day and night and she is worried about any health issues that may be caused by this odor. She does not know who can help her. She rates the odor as a 5 on scale of 1 to 5.					
Comments	Issue now appears to be under the jurisdiction of the City of Arnold Building Department but only if the house is sold or rented. Tom Markowski, SLRO, will be contacting the complainant as a follow-up.							

Monthly Air Pollution Control Program Detail Report

<i>Region</i>	<i>Inspection Date</i>	<i>Date Received</i>	<i>Suspected Source Owner/Operator</i>	<i>City</i>	<i>County Name</i>	<i>Type of Concern</i>	<i>INSP Initials</i>	<i>NOV</i>
SLRO	2014-09-03	2014-08-29	FTS	Riverview	St. Louis	Air Odors / Particulate	JM	
Concern No.	20011	Concern Info	The caller stated that a company called FTS is painting cars without a paint booth. The caller indicated that he is the owner of a body shop near FTS. The caller also indicated that he is unsure of what FTS actually does. He stated that the owner of the business goes by the alias New Yorker and that the business is constantly bringing in vehicles from unknown sources. He stated that the company appears to have mechanics and auto body workers on site. He complained about the fugitive emissions and the odors coming from FTS.					
Comments	The site is a vehicle sales and service facility. No odors were on site during the inspection. No signs of emissions were found. The amount of paint used is well below regulated levels. No violations were evident during the investigation.							
SLRO	2014-09-11	2014-09-08	SM WILSON CONTRACTING (F	St. Louis	St. Louis City	Particulate	KA	
Concern No.	20131	Concern Info	Employees of Laclede Gas Company, 3950 Forest Park Avenue, St. Louis, MO 63108 are being subjected to dust exposure and dust all over their cars in the employee parking lot (lime mixed with dirt) from the earth moving activities involved with construction of a new "IKEA" store near the intersection of Forest Park Avenue and Vandeventer Avenue. Multiple contractors are on site and the complainant does not know which one is in control of the project. Complainant stated that she has not contacted the City Citizens Bureau.					
Comments	Unable to validate the complaint at this time due to wet weather conditions. Site may be checked again if additional complaints are made.							
SLRO	2014-09-18	2014-09-11	DENT NATION	Rock Hill	St. Louis	Air Odors / Particulate	DK	
Concern No.	20150	Concern Info	Facility advertises paint-less dent repair but does vehicle repairs requiring painting. No effort made to control paint emissions. No paint booth located at the business. Painting is done within the open shop with an unfiltered window type fan utilized to draw paint fumes and particulates to the outside.					
Comments	Facility has changed ownership over the past several years and the complainant did not know who the current owner is.							
SLRO		2014-09-11	MERAMEC TRANSFER STATI	Arnold	Jefferson	Air Odors	WS	
Concern No.	20153	Concern Info	A telephone message was left from Ms. Darlene Meyer at 1513 Windriver Drive, Arnold MO stating that the odors were very strong today. She stated that they must be doing something wrong when they are not there and would like someone to conduct an early morning inspection. She would also like call to let her to discuss this issue.					
Comments								
SLRO	2014-09-15	2014-09-15	ED SMELTS DEVELOPMENTS	Union	Franklin	Burning	KA	
Concern No.	20146	Concern Info	General contractor clearing 5 acre parcel for subdivision. Vegetation was cleared and set on fire on Friday 9-12-14. Contractor allowed fire to burn unattended. Complainant contacted the local FPD. On Saturday 9-13-14, the contractor returned to the site and covered the smoldering remains and extinguished the fire. Complainant indicated the FPD apparently requested the contractor put the fire out as it was contrary to the City of Union fire regulations. The building site is within the city limits of the City of Union.					
Comments	NFAN at this time.							

Monthly Air Pollution Control Program Detail Report

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Concern	INSP Initials	NOV
SWRO	2014-08-27	2014-08-05	Holt Const and Rock Ip	Half Way	Polk	Fugitive Dust	RB	
Concern No.	19661	Concern Info	Fugitive dust leaving property/haul roads of Holt Construction and Rock LP. White dust covering everything. Mr. Holt is not watering haul roads.					
Comments	No violation documented. The haul road to the plant was chip and seal with gravel at the edge. A stockpile of top soil was alongside the haul road. Both of these conditions could have been caused the dust. I spoke with Steven Holt about the possible dust issues.							
SWRO	2014-08-21	2014-08-14	Kent Hoover	Sunrise Beach	Camden	Burning / Open Dumps	RB	
Concern No.	19803	Concern Info	The Sunrise Beach Fire District called stated that the source is dumping trash, railroad ties, landscaping timbers, shingles, all sorts of things then he will lite it on fire and drive off. The location of the dumping is being done at the top of the hill on Lake Road 5-39 Sunrise Beach behind Cannon Smoke Saloon. The concerned party stated he has been doing this for approximately 6 years, they have reports and pictures of the source. The concerned party would like to be contacted when the investigator goes to the site. The concerned party and the police chief would gladly meet the investigator and show us the exact location and all information they have. The concerned party also stated the owner of Cannon Smoke Saloon is also upset about the burning due to a few times the fire has gotten a little close to the restaurant. Another address for the source is P.O. Box 724, Sunrise Beach or Camdenton, concerned party was unsure of which city the P.O. Box number went to.					
Comments	A burn pit on the property contained what appeared to be construction debris including shingles furniture and shingles. Mr. Hoover arrived while we were investigating the area and he claimed people were dumping and burning on his property. After the investigation I spoke with Chief Slavens and Mr. Northcutt about watching the place to find a responsible party.							
SWRO	2014-08-19	2014-08-14	Baxter Cove Estates	Lampe	Stone	Burning / Land Disturbance	CG	
Concern No.	19805	Concern Info	Open burning of brush piles for a development project is causing smoke and ash issues offsite. Concern party does not think the BMP's are sufficient.					
Comments	No violations found. Burning had ceased and most burn piles had been smoothed out. Burn piles appeared to be several hundred feet from property lines. The owner has completed all burning that was to occur from this land clearing operation.							
SWRO	2014-08-21	2014-08-15	Unknown	Stockton	Cedar	Burning	CH	
Concern No.	19841	Concern Info	Neighbor is burning rubber, carpet, plastic, treated lumber, house waste, etc. Started burning the morning of 8/15/14. Caller already contacted police department.					
Comments	No answer at the residence. Dumpster visible behind the house with what appeared to be demolition waste. No evidence of burning. Informational letter.							
SWRO	2014-08-21	2014-08-15	Unknown	Stockton	Cedar	Burning	CH	
Concern No.	19842	Concern Info	Neighbor is burning construction debris and plastics. The concerned party called the police and told EPA that the police and the neighbor are good friends so the police won't do anything about the burning. EPA stated that the concerned party did not indicate that they called the fire department. The fire was burning this morning.					
Comments	See SW 17956 No answer at the residence. Dumpster visible behind the house with what appeared to be demolition waste. No evidence of burning.							
SWRO	2014-08-21	2014-08-15	Garber Motors	Versailles	Morgan	Burning	RB	
Concern No.	19844	Concern Info	See attached email. Open burning behind an auto repair shop on 8/14/14. Paul has an email with picture of burning from concerned party.					
Comments	I found a burn barrel between the house and the automotive shop. The R.P, Mr. Nathan Garber said he burned household waste and cardboard from the shop. I explained the regulatory difference between residential and commercial waste. He said he had a dumpster at another location across town where he could take the commercial waste.

<i>Region</i>	<i>Inspection Date</i>	<i>Date Received</i>	<i>Suspected Source Owner/Operator</i>	<i>City</i>	<i>County Name</i>	<i>Type of Concern</i>	<i>INSP Initials</i>	<i>NOV</i>
SWRO	2014-08-19	2014-08-15	Chris Bice	Anderson	McDonald	Burning / Open Dumps / Scrap Tire Dump	GE	
Concern No.	19849	Concern Info	Original complaint was that there were tires in a brush pile to be burned. Caller states that most of the tires have been removed, but now they have piled furniture, plastic buckets, and a mattress on the pile, and are worried that will get burned now.					
Comments	There were 15-20 tires on site. The semi tires are from his own trucking vehicles, he keeps the core tires to sale or trade in for newer tires for his trucks. Scrap tires are disposed of at local tire shops, based on where they buy their tires.							
SWRO	2014-08-21	2014-08-18	Protein Solutions	Joplin	Newton	Air Odors	CG	
Concern No.	19848	Concern Info	Horrible odors made occupants of car gag when they were traveling west bound on 32nd Street by Protein Solutions. Caller says they were headed to eat lunch but lost their appetite for nearly an hour because the odor was so sickening they thought they would throw up. Caller says they had their windows up and the odor still filled their whole car.					
Comments	Violation found. Odor was very strong from Protein Solutions and detections at &:1 dilution were made at 10:36 a.m. and 11:00 a.m.							
SWRO	2014-08-21	2014-08-20	Protein Solutions	Joplin	Newton	Air Odors	CG	15710SW
Concern No.	19881	Concern Info	Strong odors ongoing and is occurring today. Midnight - 3am is when the strong odors start. Smell it on the south side of town (42nd Street).					
Comments	Violation found. Odor was very strong from Protein Solutions and detections at 7:1 dilution were made at 10:36 a.m. and again at 11:00 a.m.							
SWRO	2014-08-21	2014-08-20	Jasper Products	Joplin	Newton	Air Odors	CG	
Concern No.	19882	Concern Info	Strong odors coming from Jasper Foods. Odor is widespread, 15 blocks either direction mainly noticeable from 6 am - 9 am. Occurred every day this week.					
Comments	No violations. There were significant odors on 25th Street that have in the past been associated with Jasper Products, but it was not strong enough for a detection at time of investigation.							
SWRO	2014-08-27	2014-08-26	Linda Scott	Dadeville	Dade	Burning	RB	
Concern No.	19942	Concern Info	Large farm has dug open pits and is now burning tires, carpets, lumber, foam rubber, everything. Burning has been going on since construction started in 2011. Last hole dug on the north end of the vinyl fence, go straight behind horse barn, due east by horse manure pile. They always burn at night or early morning.					
Comments	No burning was seen at the time of the investigation. An unburned pile of solid waste was found in a pit behind the barn. It was ~8'X20' and contained pallets, tires, lumber and other waste from the facility. I explained the open burning regulations to Ms. Scott and she said the commercial waste would be taken to the landfill and will no longer be burned.

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Concern	INSP Initials	NOV
SWRO		2014-08-29	ABC Powder Coating	Sunrise Beach	Camden	Fugitive Dust / Particulate		
Concern No.	19972	Concern Info	For \$25 ABC Powder Coatings got a permit to sandblast with silica sand and with the wind blowing in the SW direction as it has been through out this hot spell all the silica and blasted materials blow directly across my property. At one time they had the silica go through a pool of water to lower the amount of dust but since the pool blew away they do no try to slow the dust from leaving their property. Last time he complained the inspector came out on a wet calm day when no discharge from the property was evident. His property is unlivable. It has ruined his home, his mental health and life and he cannot sell his property even though he has reduced the price by \$60,000. It is an industrial operation with no recourse from city, state, or federal help.					
Comments								
SWRO	2014-08-29	2014-08-29	Doug Stokes	Battlefield	Greene	Toxics	CG	
Concern No.	19973	Concern Info	Doug stokes picks up refrigerators cuts the lines on the compressors and takes them to the scrap at All Metal leaking Freon. He posts adds on Craigslist for appliances, labor, and move household section wanting appliances.					
Comments	No violations found. DNR does not regulate the handling of freon. However, there were no refrigerators visible at Mr. Stokes' home. Discussed EPA regs regarding freon with Mr. Stokes and he seemed to be already aware of the requirements.							
SWRO	2014-08-29	2014-08-29	Pastor Jonathan McGuire	Rockaway Beach	Taney	Asbestos	RB	
Concern No.	20022	Concern Info	Bridge of Faith Community Church has continued to renovate buildings in the old motel after being told that an asbestos inspection would necessary.					
Comments	The only remodeling done after the August 6 meeting was they removed carpet, installed paneling and sheetrock. They have not removed or disturbed material that might contain asbestos.							
SWRO	2014-09-03	2014-09-02	Ellis Brown Salvage	Bolivar	Polk	Burning	CH	
Concern No.	19979	Concern Info	Caller states the salvage yard hauled in several mobile homes over the holiday weekend and is burning them at time of the call; approximately 12:30 pm. Caller stated their neighbor had called the fire department who indicated the salvage yard had reported a controlled burn and did not plan to respond if it was still controlled. Caller stated Brown was placing tires into the mobile homes.					
Comments	Yard workers were cutting on a mobile home for salvage when it caught on fire. Burn was controlled. FD was called but was not needed to respond. Incidental burn. No further action at this time.							
SWRO	2014-09-03	2014-09-03	Kerry D Grisham	Billings	Greene	Burning	RB	15746SW
Concern No.	20020	Concern Info	Open burning.					
Comments	On September 2, 2014, at approximately 1305 hrs. Republic, Missouri Police Chief Mark Lowe and Billings, Missouri Fire Protection District Henry Boss observed illegal open burning of a mobile home and provided documentation naming Kerry D. Grisham as the responsible party.

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Concern	INSP Initials	NOV
SWRO		2014-09-04	Builders Screen and Aluminum/	Sunrise Beach	Camden	Fugitive Dust		
Concern No.	19997	Concern Info	Caller is concerned about the commercial powder coating business located next door that sandblasts items outdoors without any attempts to contain the dust and debris generated from the sandblasting. Concerned party wants to be contacted about the findings of the investigation. He stated that "Springfield" has told him in the past they don't "have the resources to investigate his concern." He also stated that he had been in contact with EPA Region 7 in Kansas City regarding this matter.					
Comments								
SWRO	2014-09-16	2014-09-09	Blacks Detailing	Mansfield	Wright	Burning	CH	
Concern No.	20042	Concern Info	CP says that resident is burning trees, railroad ties, used oil, etc to heat water in an outside boiler. Heavy black smoke is covering the entire area. Travis Black is the cause of the complaint, he is a city police officer.					
Comments	Facility maintains a wood-burning stove for heating water and for heating the building. Under State law, Missouri citizens are allowed to burn wood for heat. No trade waste (general trash) may be disposed of by burning. No violations of Missouri air pollution regulations were observed during the time of investigation.							
SWRO		2014-09-09	unknown	Carterville	Jasper	Burning		
Concern No.	20072	Concern Info	Neighbors open burning lots of shingles.					
Comments								
SWRO	2014-09-12	2014-09-09	City of Duquesne (Mayor Denny	Duquesne	Jasper	Asbestos	RB	
Concern No.	20227	Concern Info	Demolition of city owned buildings by city employee.					
Comments	I saw a home and a detached garage next to the Duquesne City Hall. The garage was partly demolished. Since the house was always residential, the demolition project is exempt from the asbestos regulations. No violations were documented and it appears all activities were within regulation requirements.							
SWRO		2014-09-11	Unknown	Miller	Miller	Burning		
Concern No.	20056	Concern Info	Possibly burning insulation off of electrical wiring and chemical containers used to make meth. Please be advised the caller stated the RP has been arrested twice for MANUFACTURING METH.					
Comments								
SWRO	2014-09-12	2014-09-11	Emmett Allen (owner) / Walter B	Exeter	Barry	Burning / Asbestos / Air Odors	RB	1575SW
Concern No.	20065	Concern Info	Someone has torn down a business building in Exeter and is now burning it. This was reported to the Barry County Sheriff's Office and the caller was concerned the very old building has asbestos in it, so the sheriff's office forwarded to DNR.					
Comments	Investigation found illegal demolition and open burning of two commercial structures on Commercial Street in Exeter, Missouri. Issued Notice of Violation both owner and contractor documenting two violations of the Code of State Regulations.							

Note: "Concern Info" refers to the information provided to the department by the concerned party. The information seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.

SWRO		2014-09-15	Unknown	Reeds Spring	Stone	Air Odors / Toxics		
Concern No.	20081	Concern Info	On August 24, 2014, an unknown substance sprayed out of a cylinder and the caller became sick. There was no odor from the substance, but it formed a fog around her house, and in her house and smelled like hair spray. Caller is not certain on the distance from the cylinder, or if it is a cylinder, since she was not that close to it. However, she does believe it peeled the outer layer of her door off. Caller lives in a mobile home park and believes the neighbors might have "chemically assaulted" her. She is fairly new to the MHP.					

Comments

Please note, the information provided in this report reflects all concerns received during the reporting period as well as all inspection activities that occurred during the reporting period regardless of the date in which the original concern was received.
