

*Division of Environmental Quality*  
**Monthly Air Pollution Control Program Summary Report**

For ALL REGIONS - 07/16/2015 to 08/15/2015

*Number of Concerns Received RE:*

<i>Asbestos</i>	9
<i>Burning</i>	29
<i>Fugitive Dust</i>	4
<i>Odors</i>	15
<i>Particulate</i>	3
<i>Toxics</i>	1
<i>Other</i>	7

*Of the above, 9 concerns involved multiple emissions.*

*Total of Concerns Received: 56*

*Number of Investigations of Concerns:*

*Received during report period. 41*

*Received prior to report period. 12*

*Total number of investigations completed: 53*

*Number of formal notices of violation issued: 8*

*Please note, the information provided in this report reflects all concerns received during the reporting period as well as all inspection activities that occurred during the reporting period regardless of the date in which the original concern was received.*

*Note: "Concern Info" refers to the information provided to the department by the concerned party. The information seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.*

### Monthly Air Pollution Control Program Detail Report

<i>Region</i>	<i>Inspection Date</i>	<i>Date Received</i>	<i>Suspected Source Owner/Operator</i>	<i>City</i>	<i>County Name</i>	<i>Type of Concern</i>	<i>INSP Initials</i>	<i>NOV</i>
KCRO	2015-07-17	2015-06-30	C. B. Asphalt, Inc.	Knob Noster	Johnson	Fugitive Dust / Air Odors	DR	KCRO201507
<b>Concern No.</b>	23496	<b>Concern Info</b>	Concerned party reports heavy dust and asphalt fumes from the plant were occurring on June 29th, at 2:30 p.m.					
<b>Comments</b>	Notice of Violation will be issued for failure to follow Best Management Practices per the plant's permit.							
KCRO	2015-07-17	2015-07-01	C. B. Asphalt, Inc.	Knob Noster	Johnson	Fugitive Dust	DR	KCRO201507
<b>Concern No.</b>	23499	<b>Concern Info</b>	Heavy dust presence on June 30th, at 4:30 p.m. Winds were blowing from west to east, and dust was blowing into Wooded Hills. Dust was coming from asphalt mixer and from heavy truck movement on grounds.					
<b>Comments</b>	Notice of Violation will be issued for failure to follow Best Management Practices per the plant's permit.							
KCRO	2015-07-27	2015-07-13	Residential Body Shop	Kansas City	Jackson	Air Odors	MC	
<b>Concern No.</b>	23508	<b>Concern Info</b>	From Email: Tip or Complaint: This residence is running a body shop out of their house, there is several cars all over the property including a large boat with primer and other body work being performed. You can walk out and smell the paint. In the mornings the garage doors are open when they work and I know they do not have proper ventilation filters. I live extremely close in an apartment and do not want to have health issues due to someone being cheap and not following guide lines. I have reported it to the city who never follows up or does anything.					
<b>Comments</b>	Referred to Kansas City Air Quality Program.							
KCRO	2015-07-17	2015-07-16	Xtreme Hauling	Belton	Cass	Air Odors	MC	
<b>Concern No.</b>	23511	<b>Concern Info</b>	CP stated a large pile of corn mash, a byproduct from ethanol production, was stacked on a lot in Belton. The location is just north of 209 N. Scott Avenue, Belton, MO. There is a strong odor from the mash and the CP was concerned about vectors being attracted to the area.					
			City of Belton was contacted by the CP. He said they looked at the site but did not take any action.					
			CP believes the lot is leased by the owner of Xtreme Transmission in Belton.					
<b>Comments</b>	Material has been cleaned up. Odors were present, but were below allowable levels and should continue to dissipate. No violations observed.							
KCRO	2015-07-21	2015-07-16	Consumers Oil & Supply	Braymer	Caldwell	Burning / Open Dumps / Asbestos	CW	KCR2015072
<b>Concern No.</b>	23534	<b>Concern Info</b>	CP stated that he was talking to a driver of the trucking company hired to demo and haul off a house. The driver stated that they where going to dump and/or burn the house and not take it to a landfill. CP stated that the house was owned by Consumers Oil and Supply Company, in Braymer City and he believed the driver worked for Steven Glenn LLC. He did not know where the house was being dumped at.					
<b>Comments</b>	Violations of 10 CSR 10-6.045, "Open Burning Requirements," were observed at the time of the investigation. NOV #KCR2015072214525352 will be issued to Mr. Kent Miller for burning or allowing the burning of regulated solid waste. NOV #KCR2015072214535358 will be issued to Mr. Paul Rodgers for burning or allowing the burning of regulated solid waste.							
	Additionally, violations of the Missouri Solid Waste Management Laws were observed. KCRO will issue a Letter of Warning to Mr. Steven Glenn for the improper transfer of regulated solid waste.							
	Paul Rodgers Contact Info: 504 E Berry Street, Hamilton, MO 64644, Phone: 816-646-2777							
	Kent Miller Contact Info: 3715 W. Barwick Drive, Kidder, MO 64649, Phone: 417-860-7526							
	Steven Glenn Contact Info: 607 East Arthur, Hamilton, MO 64644, Phone: (816) 465-0278							

*Note: "Concern Info" refers to the information provided to the department by the concerned party. The information seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.*

### Monthly Air Pollution Control Program Detail Report

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Concern	INSP Initials	NOV
KCRO	2015-07-21	2015-07-17	Park Construction	Kidder	Caldwell	Burning / Open Dumps / Asbestos	CW	KCR2015072
<b>Concern No.</b>	23512	<b>Concern Info</b>	Anonymous CP witnessed remnants of a home being burned on Kent & Amy Miller's property located at 3715 Barwick Drive, Kidder, MO 64649 (outskirts of Hamilton). Mr. Miller is a general contractor and the burning occurred last night near the pond on their property just downhill from their home. Anonymous CP witnessed a semi truck and trailer bringing in the remnants of a home. CP also noted that DNR should act quickly as Mr. Miller has a bulldozer and may try to cover up the evidence of the burn.					
<b>Comments</b>	<p>CP says that the waste is from the Braymer Co-Op from a house that was torn down. Demolition is being done by Steven Glenn. CP claims Mr. Glenn only took part of the waste to the landfill and took the rest to Mr. Miller's property to burn. Suggests we get landfill receipts and compare the quantity to the quantity of a normal house demolition.</p> <p>Violations of 10 CSR 10-6.045 Open Burning Requirements were observed at the time of the investigation. NOV #KCR2015072214525352 will be issued to Mr. Kent Miller for burning or allowing the burning of regulated solid waste. NOV #KCR2015072214535358 will be issued to Mr. Paul Rodgers for burning or allowing the burning of regulated solid waste.</p> <p>Additionally violations of the Missouri Solid Waste Management Laws were observed. KCRO will issue a Letter of Warning to Mr. Steven Glenn for the improper transfer of regulated solid waste.</p> <p>Paul Rodgers Contact Info: 504 E Berry Street, Hamilton, MO 64644, Phone: 816-646-2777            Kent Miller Contact Info: 3715 W. Barwick Drive, Kidder, MO 64649, Phone: 417-860-7526            Steven Glenn Contact Info: 607 East Arthur, Hamilton, MO 64644, Phone: (816) 465-0278</p>							
KCRO	2015-07-22	2015-07-22	Kenneth James Crouse	Elmira	Ray	Burning	SN	KCR2015072
<b>Concern No.</b>	23552	<b>Concern Info</b>	I was contacted by APCP to do a site visit at 32953 Cemetery Road, Lawson, MO, on July 22, 2015. Kenny Crouse had been issued an NOV previously for burning prohibited items and the APCP wanted to see what the site looked like currently before the AGO case that was to begin on July 31, 2015.					
<b>Comments</b>	An NOV will be issued for Mr. Kenny James Crouse for disposing of construction and demolition waste on property that was owned by him. A recent NOV for the same offense was issued and burn permit FY16-53 was issued on July 16, 2015, to Mr. Crouse, providing evidence that he is well aware of the open burning regulation.							
KCRO		2015-07-27	Unknown	Skidmore	Nodaway	Burning	SN	
<b>Concern No.</b>	23540	<b>Concern Info</b>	There is a burn pit in the backyard of this residence that has burned chairs, couches, mattresses, plastic, and even tires.					
<b>Comments</b>								
KCRO	2015-07-29	2015-07-28	Brooks Farm	Smithville	Platte	Air Odors	MC	
<b>Concern No.</b>	23569	<b>Concern Info</b>	Concern caller complaining about farm odors from cattle at the adjacent property.					
<b>Comments</b>	Facility is not a Class IA CAFO; therefore, it is exempt for the odor regulation.							
KCRO	2015-07-29	2015-07-28	Unknown	Windsor	Henry	Burning	CO	
<b>Concern No.</b>	23575	<b>Concern Info</b>	The person at this location was burning illegal material and demolition waste. This occurred in backyard on the west side in the shrubs about one hour ago. There is still residue.					
<b>Comments</b>	No violations observed.							

*Note: "Concern Info" refers to the information provided to the department by the concerned party. The information seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.*

### Monthly Air Pollution Control Program Detail Report

<i>Region</i>	<i>Inspection Date</i>	<i>Date Received</i>	<i>Suspected Source Owner/Operator</i>	<i>City</i>	<i>County Name</i>	<i>Type of Concern</i>	<i>INSP Initials</i>	<i>NOV</i>
KCRO	2015-08-03	2015-07-29	E & S Rock, LLC	Holden	Jefferson	Fugitive Dust	SN	
<b>Concern No.</b>	23570	<b>Concern Info</b>	Caller reports that blasting from the quarry is causing large amounts of dust to leave their property. Most recent incident occurred at 1:55 p.m. today (7/29/15).  Quarry has been blasting about 2 times a day.					
<b>Comments</b>	No violations were noticed during the investigation.							
KCRO		2015-08-04	ServPro	Clinton	Henry	Burning	CW	
<b>Concern No.</b>	23573	<b>Concern Info</b>	CP called and said the ServPro in Clinton, MO is burning material from homes that they remove during smoke and flood repairs. They are burning the material behind their shop. The CP did not know the address of the property but said the telephone number was (660) 694-3300.  I had to look on the ServPro website to find a location in Clinton MO. and it shows on google as being a single family home address 1904 Rustic Way, Clinton, MO 64735. I am not sure if this is the correct address but the phone # does match what she provided me.					
<b>Comments</b>								
KCRO		2015-08-10	Tom Kirchhamer	Skidmore	Nodaway	Burning	SN	
<b>Concern No.</b>	23638	<b>Concern Info</b>	CP called to report neighbor was burning something that's not wood in a wood stove inside their garage. She said that the smoke was a grayish/black color, and it had a really pungent metallic smell, a lot like copper. She said that the neighbor in question has done this before and has a high fence around his property that he keeps locked at all times. She's worried that he's doing something illegal in there and burning something he shouldn't. She did mention that the neighbor has at least one dog on the property that roams free.					
<b>Comments</b>								
KCRO	2015-08-13	2015-08-13	Unknown	Rayville	Ray	Air Odors	MC	
<b>Concern No.</b>	23639	<b>Concern Info</b>	Mr. Travis Erickson called concerned about odors coming from land application of wastewater from a hog operation on property adjoining his property. He stated the farmer is land applying on two sides of his property, and the odors are very intense. Mr. Erickson stated this has been occurring for the past few days.					
<b>Comments</b>	Odors from the facility are exempt from the odor regulation; therefore, an on-site investigation was not conducted.							
KCRO		2015-08-13	Printing shop	Blue Springs	Jackson	Air Odors	DR	
<b>Concern No.</b>	23643	<b>Concern Info</b>	Concerned caller stated there is a strong "paint like odor" in the business building she works in. She also stated the odor is strong enough to give employees headaches. This is the only contact she has made to complain.					
<b>Comments</b>								
KCRO		2015-08-14	Blue River Wastewater Treatme	Kansas City	Jackson	Air Odors	CO	
<b>Concern No.</b>	23646	<b>Concern Info</b>	The wastewater plant's smell is getting worse this past month, and the smell is getting pretty bad.					
<b>Comments</b>								

*Note: "Concern Info" refers to the information provided to the department by the concerned party. The information seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.*

### Monthly Air Pollution Control Program Detail Report

<i>Region</i>	<i>Inspection Date</i>	<i>Date Received</i>	<i>Suspected Source Owner/Operator</i>	<i>City</i>	<i>County Name</i>	<i>Type of Concern</i>	<i>INSP Initials</i>	<i>NOV</i>
NERO	2015-07-16	2015-07-15	Murphy Brown Whitetail	Unionville	Putnam	Air Odors	CB	
<b>Concern No.</b> 23258 <b>Concern Info</b> On July 15, 2015, at 6:47 AM, caller reported strong hog barn odor originating from Murphy Brown Whitetail.								
<b>Comments</b> No current inspection conducted with regard to this specific concern; however, all concerns are logged and reviewed for development of an effective investigation strategy. Staff will conduct an odor investigation at a later date when weather conditions are predicted to be similar to the conditions noted by the complainant.								
NERO	2015-07-24	2015-07-22	Christine Chase	Jamestown	Moniteau	Asbestos	DB	
<b>Concern No.</b> 23327 <b>Concern Info</b> The caller reports that a large old two story house in Jamestown is having the slate siding removed today. Caller is concerned for safety of town residents. There is a new owner for the house.								
<b>Comments</b> No violation, informational letter will be sent.								
NERO	2015-07-23	2015-07-23	Unknown	Downing	Schuyler	Air Odors	CB	
<b>Concern No.</b> 23330 <b>Concern Info</b> Caller reports very strong hog manure odor in Downing. The odor is so bad it is making people sick. Caller went to post office and the odor was horrendous. People shouldn't have to breathe in these odors.								
<b>Comments</b> The Missouri Conservation Commission Odor Regulation does not apply to CAFOs smaller than a Class 1A size. This facility is believed to be a Class 1C size and is not subject to 10 CSR 10 - 6.165.								
NERO	2015-07-23	2015-07-23	Callaway Collision Center	Fulton	Callaway	Air Odors	PM	
<b>Concern No.</b> 23338 <b>Concern Info</b> Caller states that Callaway Collision Center in Fulton has no paint booth. The owner, Steve Payne, paints outside and the fumes are horrible. The fumes are affecting the caller's children who walk up and down the sidewalk. The caller is fed up and wants something done about it.								
<b>Comments</b> Facility does not appear to have exhaust air and filter installed. Referred to Carlton Flowers, APCP, to review 10 CSR 10-6.060/10 CSR 10-6.061 compliance requirements for auto body paint booths. Carlton Flowers will schedule site visit and report compliance plan to the NERO in September 2015. Carlton Flowers will discuss Subpart HHHHHH with facility.  Provided Mr. Payne a copy of regulation and Subpart HHHHHH EPA factsheet.								
NERO	2015-08-05	2015-07-23	James Hoskins	Louisiana	Pike	Burning	DB	
<b>Concern No.</b> 23341 <b>Concern Info</b> 7/22/15 at 7:19 PM, EPA According to CAA-FY15-132114-3714-CV, stacks of wood pallets and daily burning with chemical smell.								
<b>Comments</b> Violation of 10 CSR 10-6.045 Open Burning Requirements. A Letter of Warning will be issued.								
NERO	2015-07-30	2015-07-23	Quin Gresham	Arrow Rock	Saline	Burning	PM	
<b>Concern No.</b> 23345 <b>Concern Info</b> An Arrow Rock citizen reports that waste wood and materials from the Lyceum Theater are being taken to the theater director's house and burned.								
<b>Comments</b> Violation of the Missouri Air Conservation Commission regulation 10 CSR 10-6.045, "Open Burning Requirements," (3). Issued a Letter of Warning on August 13, 2015, to Lyceum Theatre and to Mr. Gresham for open burning. Dispose of waste on the property at a permitted landfill or transfer station and provide the Department with a copy of landfill receipt as proof of proper disposal.								

*Note: "Concern Info" refers to the information provided to the department by the concerned party. The information seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.*

### Monthly Air Pollution Control Program Detail Report

<i>Region</i>	<i>Inspection Date</i>	<i>Date Received</i>	<i>Suspected Source Owner/Operator</i>	<i>City</i>	<i>County Name</i>	<i>Type of Concern</i>	<i>INSP Initials</i>	<i>NOV</i>
NERO	2015-07-27	2015-07-24	Gold's St. Louis LLC	Columbia	Boone	Asbestos	SB	09183348 - U
<b>Concern No.</b>	23343	<b>Concern Info</b>	<p>Caller states he was doing remodeling work for Gold's Gym and witnessed poor asbestos removal processes. Caller states he was working and looked down and saw what appeared to be asbestos floor tile. The owner was using a chipping hammer to remove it. He stated he knew it was wrong and used a respirator to protect himself. He asked to have the materials tested for asbestos and the test came back hot. He stated approximately 2,000-3,000 sq. feet of tile with mastic was hot. I asked if construction was still taking place and he said, yes. Caller stated the gym did not obtain an asbestos inspection prior to renovation activities.</p>					
<b>Comments</b>	<p>Issue Notice of Violations to Gold's Gym of St. Louis, LLC and to United Construction Enterprises, Co. of St. Louis, Inc. for failure to inspect building materials prior to removal for renovation. Issue Letter of Warning to the owner, Raul Walters Properties, for failure to inspect building materials prior to renovation.</p>							
NERO	2015-07-29	2015-07-28	Marlin Kilner	Clarksburg	Moniteau	Burning / Asbestos	PM	10023612
<b>Concern No.</b>	23390	<b>Concern Info</b>	<p>An anonymous caller reports he believes the PRP intentionally set the fire in order to not have to demolish the structure. Caller was unsure the information about the PRP was correct saying he thought the PRP inherited the property from family.</p> <p>EER OSC Hall contacted Moniteau County Dispatch and spoke with Kevin. Kevin reported that dispatch received a call from a Marvin Kilner (573) 691-0580 who reported a controlled burn was to take place. No other details were noted in the original call. OSC Hall called Mr. Kilner who verified he burned the structure and that the owner of the property Johnny McPhearson was aware of the activity. Kilner said he is in the process of purchasing the property.</p> <p>OSC Hall also called Mr. McPhearson. McPhearson said he did not know that Kilner was going to burn the structure, only that Kilner planned to clean up the property. He also said the structure suffered a partial burn roughly two years ago. Both McPhearson and Kilner were unaware of the restrictions or permit requirements for burning a structure.</p>					
<b>Comments</b>	<p>During the investigation, it was determined that Mr. Marlin Kilner openly burned the former farm house located on Long Branch Road owned by Mr. John McPherson, as a means of disposal in violation of the Missouri Air Conservation Commission regulation 10 CSR 10-6.045, "Open Burning Requirements," (3). Notice of Violation (NOV) #NER2015080410023612 is being issued to Mr. Marlin Kilner on August 10, 2015.</p>							
NERO	2015-07-29	2015-07-28	Peters Construction	Loose Creek	Osage	Burning / Open Dumps / Asbestos	CB	
<b>Concern No.</b>	23402	<b>Concern Info</b>	<p>The caller stated that Mr. Bailey again set the house on fire that he had burned early in July. This time it was burned with some trees pushed on the pile. The burn debris was then hauled by Derrick Peters of Peters Construction, possibly out to Mr. Peter's property on Cadet Creek Road and dumped. The caller does not believe the waste was hauled to the landfill by Mr. Peters. The caller could not give the date when the burning allegedly occurred. The first incident of burning was investigated as Concern #23202.</p>					
<b>Comments</b>	<p>Based on the observations at the time of the investigation, no violation was found of the Missouri Air Law or the Missouri Solid Waste Management Law.</p>							

*Note: "Concern Info" refers to the information provided to the department by the concerned party. The information seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.*

### Monthly Air Pollution Control Program Detail Report

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Concern	INSP Initials	NOV
NERO	2015-08-04	2015-07-30	Curtis and Jessica West	Laredo	Grundy	Burning	PM	
<b>Concern No.</b>	23410	<b>Concern Info</b>	Via email from City of Laredo City Clerk (Ashley Boren):  I have had another customer complaint about the Curtis West residence here in Laredo. The neighbor said they were burning again and they saw black smoke and it smelt like burning rubber during the evenings last weekend around the 25th. They also said the West's seem to burn something nightly and they are either doing it during the night or very early morning because they notice the smoldering around 5am. Just wanted to report this to you and see if any more investigation could be done. Thank you!  Prior concerns on file: ACE#20335, Letter of Warning; ACE #20552, no violation found					
<b>Comments</b>	No violation was observed at the time of the investigation. Informational letter sent August 20, 2015. Included copies of; 10 CSR 10-6.045, "Open Burning Requirements," factsheet, Open Burning Under the Missouri Regulations, and factsheet, Managing Recovered Materials.							
NERO	2015-07-31	2015-07-30	James Fencing Company	Columbia	Boone	Burning	CB	
<b>Concern No.</b>	23411	<b>Concern Info</b>	Martina Pounds from Boone County Fire reports that she received a burning complaint that James Fencing Company is burning old fence posts. Burning is currently taking place on the property. Flames are reported to be 15 feet high and the odor is bad because the fence posts are treated. Ms. Pounds states that James Fencing is not responsive to officials and he feels that he can burn whatever he wants on his property. Ms. Pounds states they have not responded but may go out there and talk to him. I stated we would also investigate.  Previous investigation resulted in NOV: George James, James Fencing Company ACE #12090					
<b>Comments</b>	At the time of the investigation, no violation was found of the Missouri Air Law. An informational letter will be sent to Mr. James warning against burning fence posts.							
NERO	2015-08-12	2015-07-31	Twin Bridges Mobile Home Villa	Brazito	Cole	Burning	PM	
<b>Concern No.</b>	23417	<b>Concern Info</b>	Caller states the manager of Twin Bridges Mobile Home Village is burning or allowing the burning of a demolished trailer. Caller states the trailer is gone but the remnants are all over the ground and they are covered in mold. Caller is concerned about the smoke containing mold spores. Caller describes the smoke as dark and the odor is bad. The burning is currently taking place but the caller has noticed it off and on. The caller states the name of the manager is Connie.  NOV issued March 17, 2015 - ACE #21209					
<b>Comments</b>	Violation of 10 CSR 10-6.045, "Open Burning Requirements," (3)(A)(3).  Provided information letter dated August 20, 2015, and copies of 10 CSR 10-6.045, "Open Burning Requirements," factsheets, Open Burning Under the Missouri Regulations, and Managing Residential Waste.							

*Note: "Concern Info" refers to the information provided to the department by the concerned party. The information seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.*

<b>Concern No.</b>	23448	<b>Concern Info</b>	MEERTS Incident Number: 1508031146KAH Call Date: 8/3/2015 Call Time: 11:46:00 AM Duty Officer: Ken Hannon EER On Scene Coordinator: No Responder County: Audrain Regional Office: NERO Property Use: Concentrated Animal Feeding Operation Additional Information: Caller reports a continuous air emission from a hog CAFO.					
<b>Comments</b>								
NERO	2015-08-06	2015-08-04	William Burns	New Franklin	Howard	Burning / Open Dumps		PM
<b>Concern No.</b>	23449	<b>Concern Info</b>	Concern via internet submittal states:  Behind the location of Casandras Keepsakes is a place where people have stayed. They have multiple stuff dumped, they burn their refuse, and they must be using a toilet or something.  I would like to make sure that the area is not being dumped with human waste and that the burning stops - if it is illegal. Also, to stop the dumping of various items.  Date first noticed: January 1, 2014.					
<b>Comments</b>	At the time of the investigation, I observed no violation of regulation 10 CSR 10-6.045, "Open Burning Requirements."  Explained regulation to both parties and provided copies of; - 10 CSR 10-6.045, Open Burning Requirements - Factsheet, Open Burning Under the Missouri Regulations - Factsheet, Managing Construction and Demolition Waste - Factsheet, Managing Recovered Materials							
NERO	2015-08-05	2015-08-04	Tim Carter	Louisiana	Pike	Fugitive Dust		DB
<b>Concern No.</b>	23453	<b>Concern Info</b>	The building owner is using a grinder top to remove old sealant, soft brick and mortar from the exterior of an old historic building downtown. Caller states the building is and has housed businesses. Dust and debris from the activities is leaving the site, accumulating on neighboring properties and on vehicles. Owner is conducting the work and has scaffolding up five tiers high and the length of the building. Grinding began yesterday afternoon and will require a significant amount of time to complete. Owner reportedly works in St. Louis 24 hour shifts and commutes to Louisiana on his days off to work on the building.					
<b>Comments</b>	No violation found during investigation. Sending informational letter.							

*Note: "Concern Info" refers to the information provided to the department by the concerned party. The information seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.*

### Monthly Air Pollution Control Program Detail Report

NERO	2015-08-13	2015-08-05	Mid-Mo Equine & Livestock Cent	Marshall Junction	Saline	Air Odors	PM	
<b>Concern No.</b>	23488	<b>Concern Info</b>	Caller reports terrible animal related odors in the area of Pettis and Saline county border.					
<b>Comments</b>	No odor violation. Referred possible water pollution issues to Joe Bowdish and Jamie Shinn, NERO.							
NERO	2015-08-06	2015-08-06	Don Schnieder's Excavating Co.,	Jefferson City	Cole	Asbestos	DB	
<b>Concern No.</b>	23588	<b>Concern Info</b>	Department staff observed the demolition of a building at 2214 Missouri Boulevard in Jefferson City. A backhoe was on site with the name Don Schneider's Excavating on the side. They have a city demo permit, but did not submit a demo notification to DNR.					
<b>Comments</b>	Violation of 10 CSR 10-6.080, "Emission Standards for Hazardous Air Pollutants," referencing 40 CFR Part 61.145(a), Subpart M. A Letter of Warning will be issued to the owner and demolition contractor.							
NERO	2015-08-11	2015-08-10	Tim Carter	Louisiana	Pike	Fugitive Dust	DB	
<b>Concern No.</b>	23589	<b>Concern Info</b>	Via email: I was in Louisiana, Missouri City Hall this morning taking care of other business and went into our City Code Inspector Kent Adams' office to inquire about safety and health concerns of the owner at 317 Georgia, grinding and blasting the side of his building. Yesterday (8/9/15) he was on the scaffolding grinding and the dust had covered my truck a block away. Otherwise, I might not have noticed what was happening.  Mr. Adams asked that I also contact you because you had issued him an order to stop this process and that you would be interested in the pictures and video I supplied him. The pictures are attached to this email and I will send the video on a subsequent email due to size constraints. Therefore, please note the attached was filmed/captured yesterday with proper time/date stamps.  I would also like to lodge a formal complaint against Mr. Carter. Not as much for attempting to maintain his building but for thumbing his nose at authority when he is constantly claiming that is what everyone else is doing. He is there on evenings and weekends when there is less chance of getting caught.  Let me know if you have any questions. Thanks for helping keep our air quality better here in Louisiana.					
<b>Comments</b>	No violation found during investigation. Sending informational letter.							
NERO	2015-08-12	2015-08-10	Centralia High School	Centralia	Boone	Burning	CB	
<b>Concern No.</b>	23590	<b>Concern Info</b>	The school district is dumping their mowed grass in the ditch in front of the high school. They then set fire to the green grass trimmings. The smoke roils from this grass for several hours polluting the air in more than half of the town. There is a city provided compost facility about five blocks away. The breathing in of this thick acrid smoke cannot be doing anyone's lungs any good. This burning occurred on Friday, August 7, 2015.					
<b>Comments</b>	No violation of the Missouri Air Conservation Commission regulations. Sent warning letter about possible nuisance burning being in violation of Open Burning Regulation.							
NERO		2015-08-11	Unknown	Wayland	Clark	Burning	DB	
<b>Concern No.</b>	23591	<b>Concern Info</b>	Caller states that someone is demolishing a house with a skid steer and burning the waste. They are about 1/3 done now, will probably not finish today. Person & address unknown.					
<b>Comments</b>

NERO	2015-08-12	2015-08-12	Kreo Car Service	Columbia	Boone	Air Odors / Particulate	PM	
<b>Concern No.</b>	23606	<b>Concern Info</b>	Caller states man is conducting a car painting business in a residential garage within a residential area. The fumes and odor are awful. Caller states you can see the paint fumes billowing out of the garage. Caller states man conducting the painting does not live at the address.					
<b>Comments</b>	At the time of the investigation, no odor violation was observed.							
NERO	2015-08-13	2015-08-13	Unknown	Centralia	Boone	Toxics	SB	
<b>Concern No.</b>	23613	<b>Concern Info</b>	Caller is concerned about chronic pollution in the area of the Centralia Middle school caused by exposure to Carbon (tetra) chloride. He said that 7 school teachers have died from cancer due to this exposure. He asked if any studies into this issue have been conducted. The concern was forwarded from the HWP.					
<b>Comments</b>	Referred to DHSS Cancer Registry unit.							
SERO	2015-07-28	2015-06-03	Michael Blissett	Oran	Scott	Asbestos	TR	
<b>Concern No.</b>	22661	<b>Concern Info</b>	(SP #5318) RP is tearing down an old house. CP is concerned with the asbestos and lead. There are children who live in the area.					
<b>Comments</b>	I visited the site on June 5, 11, and 24, of 2015. I attempted numerous times to telephone the alleged responsible party without success. Since the project only involved one very old apparent residence, it was probably not regulated except for disposal of the demolition materials. It is probable that transite siding removal was the cause of this concern. The site was demarcated by caution tape, and by No Trespassing and Keep Out signs. I sent Mr. Michael Blissett a letter to clarify the asbestos requirements as well as the disposal requirements. I also sent the three fact sheets noted below. No violations such as open burning or on site burying of wastes were noted.							

*Note: "Concern Info" refers to the information provided to the department by the concerned party. The information seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.*

### Monthly Air Pollution Control Program Detail Report

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Concern	INSP Initials	NOV
SERO	2015-07-27	2015-07-07	4730 Lumber Company	West Plains	Howell	Air Odors / Saw Dust	JC	19474SE
<b>Concern No.</b>	23015	<b>Concern Info</b>	<p>(SP # 5635) I had a voicemail yesterday from a Virginia Howell from West Plains calling about a pallet mill on Highway 14. She stated that their sawdust pile was running into the creek and had a bad odor. Her telephone number is 417-257-7106. I returned her call this morning to gather more information but had no answer. I left a message that we would investigate the odor concern. Thanks.</p> <p>Sara B. Veasman Environmental Specialist/Air Pollution Inspector Southeast Regional Office/Rolla Satellite Office</p>					
<b>Comments</b>	<p>I tried to contact the complainant by telephone and had to leave a message. I then stopped by the business unannounced and met with Adam Williams, Production &amp; Quality Control Manager, who showed me around the site. 4730 Lumber (MAC Industries) has a large sawdust pile on the West side of the property. I couldn't get a good look at the backside of the pile due to the steep slope and vegetation. Mr. Williams wasn't sure if they had a permit, but stated he would check and let me know after I returned from my inspection.</p> <p>The complainant returned my call later that day and I met with Oscar Howell at his residence on CR 4220. The water standing in the wet-weather creek that runs through Mr. Howell's property was black in color and had an offensive odor. The pH measured 4.4 and the dissolved oxygen measured 0.6 mg/L. I grabbed samples for COD, TSS, and Total Recoverable Zn.</p> <p>I returned to 4730 Lumber and spoke with Kelly McGinnis and Adam Williams. Mr. Williams confirmed they did not have a storm water permit. I directed Mr. McGinnis to the department's web site to Form E, Application for a general permit, and told them they would need a MO-R22A.</p> <p>I also recommended they drive over to CR 4220 to see the leachate that was running across the road and to make changes on their site to stop the discharge of the water until it could meet the benchmark limits contained in the MO-R22A.</p> <p>The department will issue NOV 19474SE and require the RP to obtain an operating permit that addresses storm water discharges associated with primary lumber companies.</p>							
SERO	2015-07-22	2015-07-22	Unknown	Dixon	Pulaski	Asbestos	SBV	
<b>Concern No.</b>	23319	<b>Concern Info</b>	<p>(SP #5797) I just received an anonymous call on the removal of asbestos transite siding. They say that the siding is being broken up all over the place. I informed them that these houses are to be demolished for a new Dollar General Store that was notified by the demolition contractor, but that we will investigate the removal of the asbestos siding to verify proper removal/disposal.</p>					
<b>Comments</b>	<p>I investigated this concern on July 22, 2015, and spoke with Mr. Kevin Reese of Reese Equipment Company. Mr. Reese stated that they began abatement Monday afternoon, July 20, 2015. Vandals had disturbed some of the siding, which had metal over the transite in places and had ripped out some of the copper wiring and such throughout the houses. SERO was contacted by Reese on July 16, 2015, about the stripping of others at the site. At the time of investigation, Reese had finished the transite removal, a few black asbestos bags were on site to be disposed of at the Jefferson City Landfill. I informed Reese that we would recommend the clear asbestos bags to be used in the future. Two houses had contained transite siding. A third house had some dry wall and vinyl flooring that was hot for asbestos that Reese abated prior to the start of demolition activities. Wet methods were utilized with a nearby fire hydrant. Concrete is being segregated for clean fill and metal is separated out for recycling. The rest of the debris and demolition waste is sprayed with water, ground into wood chips and will be properly disposed of at the Jefferson City Landfill.</p> <p>No further investigation required on this concern by this investigator at this time.</p>							

*Note: "Concern Info" refers to the information provided to the department by the concerned party. The information seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.*

### Monthly Air Pollution Control Program Detail Report

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Concern	INSP Initials	NOV
SERO	2015-07-23	2015-07-22	Leo Buchheit	Perryville	Perry	Burning	JD	
<b>Concern No.</b>	23332	<b>Concern Info</b>	(SP #5817) RP is burning tires, and petroleum based stuff. He tears down stuff then what he doesn't sell he burns. When it rains it all washed downhill and runs into the creek.					
<b>Comments</b>	Mr. Buchheit owns several properties adjacent to each other. Mr. Buchheit farms row crops on one property, he has cattle on another property and a salvage/scrap metal business on another property. Mr. Buchheit's employees were open burning brush from the cattle farm during the investigation. I explained the open burning requirements to his employees. I also explained the difference with open burning between the salvage/scrap business and the farming operations. His employees understood the difference and said they would only open burn vegetative waste at the farm properties.							
No violations observed, no further action required.								
SERO	2015-07-24	2015-07-23	Unknown	Sikeston	Scott	Burning / Asbestos	JD	
<b>Concern No.</b>	23337	<b>Concern Info</b>	(SP #5828) There was a structure fire back in the winter, it was a double wide mobile home. The fire department put out the fire, so it didn't burn all the way down. Now they are burning the rest of the structure, every few days. They are not burning today. The neighbors are complaining.					
<b>Comments</b>	Amy Baker and I visited with the owners and discussed the open burning requirements. The owners said the mobile home would not burn so they were going to dig a hole and bury the debris. Ms. Baker and I informed the owners they would be in violation of the solid waste regulations if they buried the debris. We informed them they must take the remaining debris to the landfill for disposal.							
No violations occurring during the investigation, no further action.

<i>Region</i>	<i>Inspection Date</i>	<i>Date Received</i>	<i>Suspected Source Owner/Operator</i>	<i>City</i>	<i>County Name</i>	<i>Type of Concern</i>	<i>INSP Initials</i>	<i>NOV</i>
SERO		2015-07-28	Rockin S Bar and Grill	French Village	St. Francois	Burning		
<b>Concern No.</b>	23392	<b>Concern Info</b>	(SP #5859) Dumping cardboard boxes into a burn pile, including grease jugs and other debris. The kitchen is dangerous, unsanitary, and unsafe.					
<b>Comments</b>								
SERO	2015-07-29	2015-07-28	Ritchie residence	Benton	Scott	Burning	JD	
<b>Concern No.</b>	23393	<b>Concern Info</b>	(SP #5861)CP states RP has had a history of burning and RP is now creating a huge burn pile and is getting ready to burn. The burn pile includes huge logs and brush and tree limbs. When RP burns it is dangerously close to gas tanks and the smoke irritates the neighbors.					
<b>Comments</b>								
Ms. Amy Baker and I observed a small pile of vegetative debris from tree trimming and landscaping by the property owner. We did not observe a large pile of debris.								
Ms. Dian Richie stated they have been trimming and cleaning up the yard and have a small pile of debris.								
No violations observed, no further action required.								
SERO	2015-07-30	2015-07-31	Jeff Schnieders Construction Co	Rolla	Phelps	Fugitive Dust	SBV	
<b>Concern No.</b>	23414	<b>Concern Info</b>	(SP #5893) Clouds of dust leaving the property of a demolition project on the MS&T campus located at the corner of Bishop & 9th Street in Rolla. There is a water mister on site, however it is located at the NW corner of the building demo and only wetting the rubble already on the ground and not helping to contain the dust that is leaving the property at the SW corner where the building is being torn down.					
<b>Comments</b>								
I visited this demolition project around 11:00 on July 30, 2015, and talked with a worker standing by the road about the dust leaving the property. He motioned to the excavator operator to stop and he came down and talked with me for a minute. I informed the operator that the dust was leaving the property blowing into the street and onto Bishop Road, which is also Highway 63. I asked if they could move the water mister to where it could help contain the dust as it is only currently misting the rubble already on the ground.								
I later drove by the site and noticed that they had then placed the mister in the Northwest corner of the site, which seemed to be helping at the time. The remaining portion of the building was all in a pile of rubble. No further investigation required on this concern by this investigator at this time.								

*Note: "Concern Info" refers to the information provided to the department by the concerned party. The information seeks to accurately reflect the nature of the allegation as it was made. ### Monthly Air Pollution Control Program Detail Report

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Concern	INSP Initials	NOV
SERO	2015-08-06	2015-08-03	Bird's Nest Lodge	Cuba	Crawford	Burning	SBV	
<b>Concern No.</b> 23433			<b>Concern Info</b> (SP #5914) Campers are building fires and then letting them smolder all night. We are unable to breath the air, hurts our lungs, and, cannot set on our deck during the night or in morning.					
<p>The Birds Nest Lodge is located 1.5 miles from Route 19, on Birds Nest Road. People who operate the lodge are good people.</p>								
<p>It would help a lot if they were required to put their fires out via water by midnight. However, I see a lot written about smokeless fires, this seems to be the way to go, but I am in no position to know all the options, and certainly cannot act on them.</p>								
<b>Comments</b> I investigated this concern on 8/6/15, and spoke with the owner/manager of Birds Nest Lodge. They also received an email from the concerned party about the campfire smoke coming from the campground. I informed the manager that the department does not regulate campfires. I gave them an open burning factsheet, PUB02047 Facts on Open Burning Under Missouri Regulations for reference to inform campers. They informed me that they patrol the area and try to keep campers under watch as necessary in regards to burning plastics, etc. The manager also mentioned that a farmer just across the river from them burns his fields and/or hay and they smell it smoldering on occasion as well. Perhaps the farmer is contributing to the smoke in the area that the concerned party is referring to.								
Missouri Regulation 10 CSR 10-6.045(3)(A)1 specifically exempts recreational fires. No further investigation required.								
SERO	2015-08-07	2015-08-04	Lawing Recycling	West Plains	Howell	Used Oil / Burning	SBV	
<b>Concern No.</b> 23464			<b>Concern Info</b> RP crushes cars, and burns whatever he wants to. There is white pillars of smoke going up in the air. He also pours liquids on the ground.					
<b>Comments</b> I investigated this concern on August 7, 2015, and spoke with the owner/manager of Lawing Recycling. He stated that he started the business four years ago. Approximately three years ago a DNR inspector came to the facility and requested him to build a pond to collect any storm water runoff. See photo. I was shown a car lift where fluids are drained out of the vehicles. See photo. I observed two full storage totes of used oil, which he is currently storing in a tractor trailer to keep from getting punctured. See photo. The used oil is sold to Safety Kleen. There is also a 275 gallon tote for gas. There were no signs of fluids on the ground or any open burning observed at the facility. He stated that he requests that vehicles have at least a 1" hole in all gas tanks, therefore he hasn't had to drain much fluid lately.								
<p>The owner mentioned that another recycler up the road just went out of business and is probably the one that turned him in to the department on this concern.</p>								
<p>According to the investigation, it appears that Lawing Recycling recycles all fluids and is an environmental friendly facility. See website Lawingrecycling.com. No further investigation is required on this concern at this time.</p>								

*Note: "Concern Info" refers to the information provided to the department by the concerned party. The information seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.*

### Monthly Air Pollution Control Program Detail Report

<i>Region</i>	<i>Inspection Date</i>	<i>Date Received</i>	<i>Suspected Source Owner/Operator</i>	<i>City</i>	<i>County Name</i>	<i>Type of Concern</i>	<i>INSP Initials</i>	<i>NOV</i>
SERO	2015-08-18	2015-08-14	Base Rock Minerals	Desloge	St. Francois	Air Odors	TR	
<b>Concern No.</b>	23615	<b>Concern Info</b>	(SP #6039) Often a disgusting and intrusive smell - sulfur-like - is released. Not only is the smell horrid but it is irritating: coughing, headaches, stinging eyes. I have heard it is due to dolomite being extracted at some facility on Vo-Tech Road. I am concerned about the health risks in particular. Even if there are none - the stench is often unbearable. I have lived in Desloge since 2003 and this problem is recent - the last few months. I'm sure regulations apply and am wondering if this facility is in compliance. Thank you for your time. JM Kester  First noticed on Wednesday, July 1, 2015.					
<b>Comments</b>	I surveyed odors along Votech Road from 10:26 a.m. to 12:18 p.m. and again from 1:45 p.m. to 1:56 p.m. on August 18, 2015. I also visited Old Bonne Terre Road from 10:26 a.m. to 10:41 a.m. on August 18, 2015. No odor violations were noted. I visited Base Rock Minerals, which operates an asphalt hot mix asphalt batch plant (Mineral Area Asphalt) and a quarry just off of Votech Road. I spoke with personnel on site and alerted them to the environmental concern. The discussion centered on the daily start up times of the asphalt plant, which can be as early as 3:00 to 4:00 a.m. It is hypothesized that meteorological conditions probably are contributing to the observed problem. Mineral Area Asphalt started up for the season in April of 2015. Temperatures are important for laying hot mix asphalt. Generally, late fall and winter are down times for hot mix asphalt batch plants. A newer drum mix asphalt plant is being constructed to take the place of the existing asphalt plant.							
SWRO	2015-07-17	2015-06-02	Dustin	Brumley	Miller	Burning	RB	
<b>Concern No.</b>	22601	<b>Concern Info</b>	Call from State Fire Marshall office. Stated that concerned party indicated "Dustin" was burning mobile homes with approval of the local Fire Department. Burned a mobile home on June 1, 2015, and was going to burn another home on June 2, 2015.					
<b>Comments</b>	Found one burned and one stripped mobile home. Informational letter was sent to Dustin Whittle.							
SWRO	2015-07-17	2015-06-11	Hartville Feed	Hartville	Wright	Air Odors	RB	
<b>Concern No.</b>	22724	<b>Concern Info</b>	There is a horrible smell coming from their property since a spill a couple months ago. I would like to make sure the spill was cleaned up properly and find out what is causing the smell.					
<b>Comments</b>	Concerned party would like to be notified of the outcome of the investigation.							
<b>Comments</b>	No Violations.							

*Note: "Concern Info" refers to the information provided to the department by the concerned party. The information seeks to accurately reflect the nature of the allegation as it was made. SWRO	2015-08-05	2015-08-03	Protein Solutions	Joplin	Newton	Air Odors		CG
<b>Concern No.</b>	23438	<b>Concern Info</b>	<p>Email states:</p> <p>I live in Duquesne, Missouri. Protein Solutions is a plant located near my home (3800 E. 32nd St., Joplin, MO 64804). The odor that is emitted from the plant is a foul smelling odor. I live about a mile from the plant. I attend church about 3 miles from the plant. The foul odor is often present at the church also. I love living in Duquesne. We live in a quiet neighborhood with a large backyard. We have a garden that we enjoy working in as well as just sitting outside enjoying the summer evenings. The odor is so strong at times, that I can't even go outside of my home without feeling queasy. I don't know if there is anything you can do to eliminate, or at least reduce the odor, but I wanted to express my concern on this matter.</p> <p>Thank you,  Jodie Chenoweth  Director of Administrative Operations  Rain Makers Christian Sports Ministry  ~and~  Preschool 3's &amp; HS Yearbook Teacher  College Heights Christian School</p> <p style="text-align: center;">417-438-0877</p>					
<b>Comments</b> No violations found.								
SWRO		2015-08-03	Brian Forsythe	Gravois Mills	Morgan	Recycling Site / Burning		LG
<b>Concern No.</b>	23444	<b>Concern Info</b>	<p>Caller said that mobile homes are being brought on site and dismantled, with some of the parts being recycled, but other parts are dumped or burned.</p> <p>Caller said she called this in sometime in the spring of this year. I could not find a concern in Morgan County for this using the callers name, the name of the responsible party, the county or the issue. She was not sure who she talked to either. She would like to be contacted about the outcome of the investigation.</p> <p>She said there are other places on Anchorage Road with trashed mobile homes dumped.</p>

SWRO		2015-08-14	Ozark Hardwood	Seymour	Webster	Particulate	RB	
<b>Concern No.</b>	23621	<b>Concern Info</b>	He is located approximately 1/2-3/4 of a mile from the Ozark Hardwood Products facility in Seymour.  He mentioned ongoing issues with brown smoke from the stack and a lot of sawdust across the property line. He said that there is quite a bit of sawdust on the roof that blows off in heavy winds, along with a hole in the building that sawdust is coming out of. He said that they don't appear to be watering the roadways. He would like someone to give him a call and/or come over to his house to investigate from his property. His telephone number is below.
