APPROVAL LETTER

2000-02

Dear Mr. Berger:

This is to inform you of the approval of the Balance Stage II Vapor Recovery whip hose (without swivels) which your company submitted for MOPETP approval. The model your company submitted for approval is the Dayco 7574 Petroflex 2000 balance vapor recovery whip hose. This hose is approved for use in a Balance system as a whip hose, and in the whip hose position only. Any hose which mates up to the nozzle must have a swivel at both ends. The Technical Review Committee has recommended approval of this product through engineering analysis and review. This approval incorporates the CARB authorization documented in the November 25, 1997, letter to Dayco Products Inc, and includes all those conditions and limitations.

The Missouri Department of Natural Resources' Air Pollution Control Program approves the equipment listed below, subject to the terms and conditions of approval listed above and on **MOPETP Approval APCP-0002-001-99**. The equipment below is approved for use on all Approved Balance Vapor Recovery systems.

| Manufacturer | Model | Component |
|---------------------|---------------------|--|
| Dayco Products Inc. | 7574 Petroflex 2000 | Balance vapor recovery whip hose without swivels |

Sincerely,

AIR POLLUTION CONTROL PROGRAM

Roger D. Randolph
