### APPROVAL LETTER 2011-1

Dear Mr. Negley:

Dresser Wayne has requested approval of their retractor retrofit kit, model #889196, for use with Ovation dispensers at Missouri gasoline dispensing facilities that are restricted to one-way traffic patterns. On April 25, 2011, the Missouri Department of Natural Resources' Technical Review Committee conducted an engineering review at the Department's St. Louis Regional Office to discuss approving the equipment for use in Missouri. Please let this letter serve as approval of your request, contingent upon the following conditions.

#### Approval Conditions

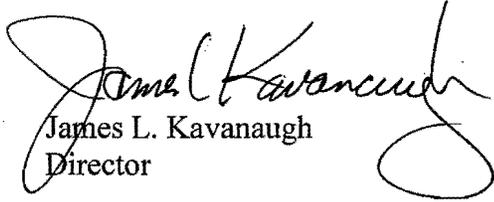

1. The retrofit kit is only authorized for use at gasoline dispensing facilities with one-way traffic patterns.
2. The retrofit kit is to be used only with the following MOPETP approved Ovation dispenser models:
  - a. Ovation Series B12/5 (Blender)
  - b. Ovation Series B23/4 (Blender)
  - c. Ovation Series B23/5 (Blender)
  - d. Ovation Series R11/1 (MGD non-blend)
  - e. Ovation Series R22/2 (MGD non-blend)
  - f. Ovation Series R12/2 (MGD non-blend)
  - g. Ovation Series R13/3 (MGD non-blend)
  - h. Ovation Series B12/4 (Blender)
  - i. Ovation Series B12/3 (Blender)
  - j. Ovation Series B23/3 (two Gas one Diesel)
  - k. Ovation Series B12/2 (two Gas Products) (single hose)
3. No modifications of the retrofit kit are allowed without prior consent by the Department.
4. All components must be installed and maintained according to the instructions of the manufacturer.
