WILL HOLD PUBLIC HEARING**

JEFFERSON CITY, MO -- The Missouri Air Conservation Commission will hold a public hearing on Thursday, August 31, 2017 beginning at 9 a.m. at the St. Louis Regional Office, 7545 S Lindbergh, Suite 220, DESE Conference Room, St. Louis, Missouri. The commission will hear testimony related to the following proposed action(s):

- \* Redesignation Request & Maintenance Plan for the 2010 Sulfur Dioxide Standard Jefferson County Nonattainment Area

This State Implementation Plan (SIP) revision addresses redesignation requirements for the Jefferson County nonattainment area under the 2010 1-hour sulfur dioxide (SO<sub>2</sub>) National Ambient Air Quality Standard, per the Clean Air Act. A portion of Jefferson County was designated nonattainment in August 2013. However, monitoring data for 2013-2015 show the area has attained the standard of 75 parts per billion. The SIP revision includes a maintenance plan to demonstrate Jefferson County will continue to meet the standard in future years through permanent and enforceable emissions reductions. Redesignation to attainment will occur when U. S. Environmental Protection Agency gives final approval of this plan.

If the commission adopts the action(s), it will be the department's intention to submit the action(s) to the U.S. Environmental Protection Agency to be included in Missouri's State Implementation Plan unless otherwise noted above.
