Under the authority of RSMo 643 and the Federal Clean Air Act the applicant is authorized to construct the air contaminant source(s) described below, in accordance with the laws, rules and conditions as set forth herein.

Permit Number: 062007-009 Project Number: 2007-03-001
Owner: Asphalt Products Inc.
Owner’s Address: P.O. Box 104747, Jefferson City, MO 65110
Installation Name: Asphalt Products Inc.
Installation Address: 2606 West Edgewood Drive, Jefferson City 65110
Location Information: Cole County, S10 T44N, R12W

Application for Authority to Construct was made for:

Asphalt Products Inc. can use the following fuels in their drum dryer: natural gas, fuel oil #2,3,4,5,6 and used oil. This review was conducted in accordance with Section (5), Missouri State Rule 10 CSR 10-6.060, Construction Permits Required.

☐ Standard Conditions (on reverse) are applicable to this permit.
☑ Standard Conditions (on reverse) and Special Conditions (listed as attachments starting on page 2) are applicable to this permit.

JUN 2 1 2007

EFFECTIVE DATE

DIRECTOR OR DESIGNEE
DEPARTMENT OF NATURAL RESOURCES
STANDARD CONDITIONS:

Permission to construct may be revoked if you fail to begin construction or modification within two years from the effective date of this permit. Permittee should notify the Air Pollution Control Program if construction or modification is not started within two years after the effective date of this permit, or if construction or modification is suspended for one year or more.

You will be in violation of 10 CSR 10-6.060 if you fail to adhere to the specifications and conditions listed in your application, this permit and the project review. Specifically, all air contaminant control devices shall be operated and maintained as specified in the application, associated plans and specifications.

You must notify the Air Pollution Control Program of the anticipated date of start up of this (these) air contaminant source(s). The information must be made available not more than 60 days but at least 30 days in advance of this date. Also, you must notify the Department of Natural Resources Regional Office responsible for the area within which you are located within 15 days after the actual start up of this (these) air contaminant source(s).

A copy of this permit and permit review shall be kept at the installation address and shall be made available to Department of Natural Resources' personnel upon request.

You may appeal this permit or any of the listed Special Conditions as provided in RSMo 643.075. If you choose to appeal, the Air Pollution Control Program must receive your written declaration within 30 days of receipt of this permit.

If you choose not to appeal, this certificate, the project review, your application and associated correspondence constitutes your permit to construct. The permit allows you to construct and operate your air contaminant source(s), but in no way relieves you of your obligation to comply with all applicable provisions of the Missouri Air Conservation Law, regulations of the Missouri Department of Natural Resources and other applicable federal, state and local laws and ordinances.

The Department of Natural Resources has established the Outreach and Assistance Center to help in completing future applications or fielding complaints about the permitting process. You are invited to contact them at 1-800-361-4827 or (573) 526-6627, or in writing addressed to Outreach and Assistance Center, P.O. Box 176, Jefferson City, MO 65102-0176.

The Air Pollution Control Program invites your questions regarding this air pollution permit. Please contact the Construction Permit Unit at (573) 751-4817. If you prefer to write, please address your correspondence to the Air Pollution Control Program, P.O. Box 176, Jefferson City, MO 65102-0176, attention Construction Permit Unit.
Asphalt Products Inc.
P.O. Box 104747, Jefferson City, MO 65110

Asphalt Products Inc.
2606 West Edgewood Drive, Jefferson City 65110

Cole County, S10 T44N, R12W

Asphalt Products Inc. can use the following fuels in their drum dryer: natural gas, fuel oil #2,3,4,5,6 and used oil. This review was conducted in accordance with Section (5), Missouri State Rule 10 CSR 10-6.060, Construction Permits Required.
SPECIAL CONDITIONS:
The permittee is authorized to construct and operate subject to the following special conditions:

The special conditions listed in this permit were included based on the authority granted the Missouri Air Pollution Control Program by the Missouri Air Conservation Law (specifically 643.075) and by the Missouri Rules listed in Title 10, Division 10 of the Code of State Regulations (specifically 10 CSR 10-6.060). For specific details regarding conditions, see 10 CSR 10-6.060 paragraph (12)(A)10. “Conditions required by permitting authority.”

Asphalt Products Inc.
Cole County, S10 T44N, R12W

1. **Fuel Type Limitation**
   Asphalt Products Inc. can use the following fuels in their drum dryer: natural gas, fuel oil #2,3,4,5,6 and used oil.

2. **Sulfur Content of Fuel Oil Limitation**
   A. Asphalt Products Inc. shall ensure that the sulfur content of the fuel fired in the drum dryer does not exceed 2.00 percent of the fuel weight.
   B. To demonstrate compliance, Asphalt Products Inc. shall obtain the sulfur content of the fuel oil for each fuel oil delivery from the fuel vendors or conduct their own fuel analysis to evaluate the typical sulfur content weight percent of the fuel oil.

3. **Emission Limitation**
   A. Asphalt Products Inc. shall emit less than 40 tons of Sulfur oxides (SOx) from the drum dryer in any consecutive 12-month period “When using fuels other than natural gas.
   B. Attachment A or equivalent forms approved by the Air Pollution Control Program shall be used to demonstrate compliance with Special Conditions 2(A).

4. **Record Keeping**
   A. Asphalt Products Inc. shall maintain all records required by this permit for not less than five (5) years and shall make them available to any Missouri Department of Natural Resources personnel upon request.
   B. Asphalt Products Inc. shall report to the Air Pollution Control Program Enforcement Section, P.O. Box 176, Jefferson City, Missouri 65102, no later than ten (10) days after the end of the month during which records indicate that the source exceeds a limitation of the Special Conditions.
REVIEW OF APPLICATION FOR AUTHORITY TO CONSTRUCT AND OPERATE
SECTION (5) REVIEW
Project Number: 2007-03-001

REVIEW SUMMARY

- Asphalt Products Inc. has applied for authority to use the following fuels in their drum dryer: natural gas, fuel oil #4 and used oil.

- This permit limits production to 224719 tons of asphalt per year "When using fuels other than natural gas"

- Hazardous Air Pollutant (HAP) emissions are expected from the proposed equipment, but are below de minimis levels.

- This review was conducted in accordance with Section (5) of Missouri State Rule 10 CSR 10-6.060, Construction Permits Required. Potential emissions of SOx are conditioned below de minimis levels.

- This installation is located in Cole County, an attainment area for all criteria air pollutants.

- This installation is not on the List of Named Installations [10 CSR 10-6.020(3)(B), Table 2].

- Installation voluntarily accepted a limit of less than 40 tons per year SOx

- Emissions testing is not required for the equipment.

- Basic Operating Permit is required for this installation.

- Approval of this permit is recommended with special conditions.
INSTALLATION DESCRIPTION

Asphalt Products Inc.- Stadium Quarry's asphalt plant has a maximum hourly design rate of 267 tons per hour.

The following permits have been issued to Asphalt Products Inc. from the Air Pollution Control Program.

PROJECT DESCRIPTION

Asphalt Products, Inc. is adding different type of fuels to be used in the drum dryer such as fuel oil to #4 and used fuel. Asphalt Products, Inc. is permitted to use any distillate of residual fuel oil so long as the sulfur content is below 2.00% by weight.

EMISSIONS/CONTROLS EVALUATION

The emission factors and control efficiencies used in this analysis were obtained from the Environmental Protection Agency (EPA) document AP-42, *Compilation of Air Pollutant Emission Factors*, Fifth Edition, Section 1.3 Fuel Oil Combustion and Section 11.1 Hot Mix Asphalt Plants. Potential emissions of the application represent the potential of the new equipment, assuming continuous operation (8760 hours per year.) The following table provides an emissions summary for this project.

N/A = Not Applicable; N/D = Not Determined

*Existing Potential Emissions taken from project: 2004-10-081

The emissions from a drum dryer for all criteria pollutants, except SOₓ, are the same for distillate and residual fuel oils. SOₓ emissions are dependent on the amount of sulfur in the fuel oil. For this reason, an emission factor for the combustion of #4 fuel oil was used to determine SOₓ emissions. AP-42 estimates that 50 percent of the fuel bound sulfur but not more than 0.1 pound per ton is absorbed in the hot mix asphalt.
PERMIT RULE APPLICABILITY

This review was conducted in accordance with Section (5) of Missouri State Rule 10 CSR 10-6.060, Construction Permits Required. Potential emissions of SOx are above de minimis levels.

APPLICABLE REQUIREMENTS

Asphalt Products Inc. shall comply with the following applicable requirements. The Missouri Air Conservation Laws and Regulations should be consulted for specific record keeping, monitoring, and reporting requirements. Compliance with these emission standards, based on information submitted in the application, has been verified at the time this application was approved.

GENERAL REQUIREMENTS

- **Submission of Emission Data, Emission Fees and Process Information**, 10 CSR 10-6.110
  The emission fee is the amount established by the Missouri Air Conservation Commission annually under Missouri Air Law 643.079(1). Submission of an Emissions Inventory Questionnaire (EIQ) is required April 1 for the previous year's emissions.

- **Operating Permits**, 10 CSR 10-6.065

- **Restriction of Particulate Matter to the Ambient Air Beyond the Premises of Origin**, 10 CSR 10-6.170

- **Restriction of Emission of Visible Air Contaminants**, 10 CSR 10-6.220

- **Restriction of Emission of Odors**, 10 CSR 10-3.090

SPECIFIC REQUIREMENTS

- **Restriction of Emission of Particulate Matter From Industrial Processes**, 10 CSR 10-6.400

- **Restriction of Emission of Sulfur Compounds**, 10 CSR 10-6.260
STAFF RECOMMENDATION

On the basis of this review conducted in accordance with Section (5), Missouri State Rule 10 CSR 10-6.060, *Construction Permits Required*, I recommend this permit be granted with special conditions.

Samer Al-Shoukhi
Environmental Engineer

Note 1: The Monthly Emissions (lbs) are calculated by multiplying the Monthly Production (tons) by the Composite Emission Factor (lbs/ton).

Note 2: The Monthly Emissions (tons) are calculated by dividing the Monthly Emissions (lbs) by 2,000.

Note 3: The 12-Month Emissions (tons/year) are a rolling total calculated by adding the Month’s Emissions (tons) to the Monthly Emissions (tons) of the previous eleven (11) months. A total of less than 40 tons in any consecutive 12-month period indicates compliance.
Mr. Chris Yarnell, PE  
General Manager  
Asphalt Products Inc.  
2606 West Edgewood Drive  
Jefferson City, MO 65110  

RE:  New Source Review Permit - Project Number: 2007-03-001  

Dear Mr. Yarnell:  

Enclosed with this letter is your permit to construct.  Please study it carefully.  Also, note the special conditions, if any, on the accompanying pages. The document entitled, "Review of Application for Authority to Construct," is part of the permit and should be kept with this permit in your files. Operation in accordance with these conditions, your new source review permit application and your amended operating permit, if required, is necessary for continued compliance.  

The reverse side of your permit certificate has important information concerning standard permit conditions and your rights and obligations under the laws and regulations of the State of Missouri.  

If you have any questions regarding this permit, please do not hesitate to contact Samer Al-Shoukhi at (573) 751-4817, or you may write to the Department of Natural Resources’ Air Pollution Control Program, P.O. Box 176, Jefferson City, MO 65102. Thank you for your attention to this matter.  

Sincerely,  

AIR POLLUTION CONTROL PROGRAM  

Kendall B. Hale
