RE: New Source Review Permit Amendment - Permit Number: 022006-007C
Project Number: 2019-04-011; Installation Number: 015-0024

Dear Mr. Wilson:

On July 1st, 2016, Air Pollution Control Program received your request to amend Permit # 022006-007B by changing Special Condition 2 from a National Ambient Air Quality Standards (NAAQS) Limitation for particulate matter less than ten microns in diameter (PM₁₀) to a daily throughput limitation.

The ambient impact from Permit #022006-007B is being converted to daily production limits. This change reflects the Air Pollution Control Program's updated construction industry policy "Ceasing the Use of Nomographs" dated May 1, 2016.

Capital Materials at Palo Quarry is permitted to operate with other plants located at the site as long as the following scenarios are maintained. These scenarios are also summarized in the table below.

- When operating by itself, referred to as solitary operation, Capital Materials at Palo Quarry has a daily production limitation of 4,348 tons of rock per day.
- When operating with another plant owned by Capital Materials at Palo Quarry, referred to as same owner operation, Capital Materials is allowed to produce up to 2,676 tons of rock per day.
- When operating with a plant not owned by Capital Materials at Palo Quarry (referred to separate owner operation), Capital Materials is allowed to produce up to 1,840 tons of rock per day.
- When operating with plants not owned by Capital Materials at Palo Quarry and other plants owned by Capital Materials, the rock crushing plant is allowed to produce up to 1,672 tons of rock per day.

Recycled paper

Table 1: Summary of Daily Production Limits

Type of Operation	Daily Production Limit
^a Solitary	4,348
^b Same	2,676
^c Separate	1,840
^d Same and Separate	1,672

^a Operation without other plants

^b Operation with other plants that are owned by Installation

^c Operation with plants that are not owned by Installation

^d Operation with plants that are owned and not owned by Capital Materials

If you were adversely affected by this permit decision, you may be entitled to pursue an appeal before the administrative hearing commission pursuant to Sections 621.250 and 643.075.6 RSMo. To appeal, you must file a petition with the administrative hearing commission within thirty days after the date this decision was mailed or the date it was delivered, whichever date was earlier. If any such petition is sent by registered mail or certified mail, it will be deemed filed on the date it is mailed; if it is sent by any method other than registered mail or certified mail, it will be deemed filed on the date it is received by the administrative hearing commission, whose contact information is: Administrative Hearing Commission, United States Post Office Building, 131 West High Street, Third Floor, P.O. Box 1557, Jefferson City, Missouri 65102, phone: 573-751-2422, fax: 573-751-5018, website: www.ao.mo.gov/ahc.

If you have any questions regarding this amendment/correction, please do not hesitate to contact Kathy Kolb, at the department's Air Pollution Control Program, P.O. Box 176, Jefferson City, MO 65102 or at (573) 751-4817. Thank you for your attention to this matter.

Sincerely,

AIR POLLUTION CONTROL PROGRAM

Kendall B. Hale
Permits Section Chief

Project No.	2019-04-011

SPECIAL CONDITIONS:

The permittee is authorized to construct and operate subject to the following special conditions:

The special conditions listed in this permit were included based on the authority granted the Missouri Air Pollution Control Program by the Missouri Air Conservation Law (specifically 643.075) and by the Missouri Rules listed in Title 10, Division 10 of the Code of State Regulations (specifically 10 CSR 10-6.060). For specific details regarding conditions, see 10 CSR 10-6.060 paragraph (3)(E). "Conditions required by permitting authority."

Capital Materials/Palo Quarry
 21497 Palo Avenue, Lincoln, MO 65338
 Benton County, S34, T42N, R23W

1. **Superseding Condition**
 The conditions of this permit supersede all Special Conditions found in the previously issued Permit Number 022006-007B issued by the Air Pollution Control Program.

2. **Daily Production Limit**
 Capital Materials shall limit its daily production based on the table below using Attachment A, or another equivalent form, that has been approved by the Air Pollution Control Program, including electronic forms.

Table 2: Summary of Daily Production Limits

Type of Operation	Daily Production Limit
^a Solitary	4,348
^b Same	2,676
^c Separate	1,840
^d Same and Separate	1,672

- ^a Operation without other plants at Palo Quarry
- ^b Operation with other plants that are owned by Capital Materials at Palo Quarry
- ^c Operation with plants that are not owned by Capital Materials at Palo Quarry
- ^d Operation with plants that are owned and not owned by Capital Materials at Palo Quarry

3. **Recordkeeping Requirement**
 Installation shall maintain all records required by this permit for not less than five years and make them available to any Missouri Department of Natural Resources' personnel upon request.
