Dear Mr. Reichmuth:

During a recent Compliance Assistance Visit (CAV), it was noted with the new owners, Indian Creek Materials, that the distance to the property was stated incorrectly in Construction Permit 092016-010. The distance of 1,561,465 feet should have been 1,700 feet. Special Condition 9 is being superseded to reflect the correct distance to the nearest property boundary of 1,700 feet.

In Construction Permit 092016-010, a part of the project was to upgrade an existing Caterpillar 240 HP diesel engine to a Cummins 290 HP diesel engine. However, this was not reflected in the Emission Summary (Table 5) of the permit. Therefore, Table 5 of Construction Permit 092016-010 is also being updated in this correction to reflect the emissions of the larger engine.

Table 5: Emissions Summary (tons per year)

N/A=Not Applicable

b2015 EIQ emissions are from the pit haul road, shipping haul road and diesel engines. Portable plants have provided the crushing operations.

bIncludes haul road and storage pile emissions for one of the generic plants.

cTotal emission of the two stationary plants at AM Quarry.

dConditioned emissions are based on a voluntary PM$_{10}$ limit. Installation Conditioned Potential Emissions are the conditioned potential emissions of the two plants combined.
If you were adversely affected by this permit decision, you may be entitled to pursue an appeal before the administrative hearing commission pursuant to Sections 621.250 and 643.075.6 RSMo. To appeal, you must file a petition with the administrative hearing commission within thirty days after the date this decision was mailed or the date it was delivered, whichever date was earlier. If any such petition is sent by registered mail or certified mail, it will be deemed filed on the date it is mailed; if it is sent by any method other than registered mail or certified mail, it will be deemed filed on the date it is received by the administrative hearing commission, whose contact information is: Administrative Hearing Commission, United States Post Office Building, 131 West High Street, Third Floor, P.O. Box 1557, Jefferson City, Missouri 65102, phone: 573-751-2422, fax: 573-751-5018, website: www.oa.mo.gov/ahc.

If you have any questions regarding this correction, please do not hesitate to contact Kathy Kolb, at the department’s Air Pollution Control Program, P.O. Box 176, Jefferson City, MO 65102 or at (573) 751-4817. Thank you for your attention to this matter.

Sincerely,

AIR POLLUTION CONTROL PROGRAM

SITE SPECIFIC SPECIAL CONDITIONS:

The permittee is authorized to construct and operate subject to the following special conditions:

*The special conditions listed in this permit were included based on the authority granted the Missouri Air Pollution Control Program by the Missouri Air Conservation Law (specifically 643.075) and by the Missouri Rules listed in Title 10, Division 10 of the Code of State Regulations (specifically 10 CSR 10-6.060). For specific details regarding conditions, see 10 CSR 10-6.060 paragraph (3)(E). “Conditions required by permitting authority.”*

Indian Creek Materials-AM Quarry
Howell County, S15, T27N, R10W

1. **Superseding Condition**
The Site Specific Special Condition of this permit supersedes Site Specific Special Condition 9 found in the previously issued Construction Permit 092016-010 issued by the Air Pollution Control Program.

2. **Minimum Distance to Property Boundary Requirement**
The primary crushers shall be located at least 1,700 feet from the nearest property boundary.
