MISSOURI
DEPARTMENT OF
NATURAL RESOURCES

MISSOURI AIR CONSERVATION COMMISSION

PERMIT TO CONSTRUCT

Under the authority of RSMo 643 and the Federal Clean Air Act the applicant is authorized to construct the air contaminant source(s) described below, in accordance with the laws, rules and conditions as set forth herein.

Permit Number: 052018-007

Project Number: 2018-03-023
Installation Number: 061-0034

Parent Company: McBee Farms LC

Parent Company Address: 520 North MO Hwy 7, Independence, MO 64056

Installation Name: McBee Farms Grain Storage Facility

Installation Address: 103 Industrial Parkway, Gallatin, MO 64640

Location Information: Daviess County, S18, T59N, R27W

Application for Authority to Construct was made for:
New grain storage facility. This review was conducted in accordance with Section (6), Missouri State Rule 10 CSR 10-6.060, *Construction Permits Required*.

☐ Standard Conditions (on reverse) are applicable to this permit.

☑ Standard Conditions (on reverse) and Special Conditions are applicable to this permit.

Prepared by
Jordan Hull
New Source Review Unit

Director or Designee
Department of Natural Resources

MAY 22 2018

Effective Date

STANDARD CONDITIONS:

Permission to construct may be revoked if you fail to begin construction or modification within two years from the effective date of this permit. Permittee should notify the Enforcement and Compliance Section of the Air Pollution Control Program if construction or modification is not started within two years after the effective date of this permit, or if construction or modification is suspended for one year or more.

You will be in violation of 10 CSR 10-6.060 if you fail to adhere to the specifications and conditions listed in your application, this permit and the project review. In the event that there is a discrepancy between the permit application and this permit, the conditions of this permit shall take precedence. Specifically, all air contaminant control devices shall be operated and maintained as specified in the application, associated plans and specifications.

You must notify the Enforcement and Compliance Section of the Department's Air Pollution Control Program of the anticipated date of start up of this (these) air contaminant source(s). The information must be made available within 30 days of actual startup. Also, you must notify the Department's regional office responsible for the area within which you are located within 15 days after the actual start up of this (these) air contaminant source(s).

A copy of the permit application and this permit and permit review shall be kept at the installation address and shall be made available to Department's personnel upon request.

You may appeal this permit or any of the listed special conditions to the Administrative Hearing Commission (AHC), P.O. Box 1557, Jefferson City, MO 65102, as provided in RSMo 643.075.6 and 621.250.3. If you choose to appeal, you must file a petition with the AHC within 30 days after the date this decision was mailed or the date it was delivered, whichever date was earlier. If any such petition is sent by registered mail or certified mail, it will be deemed filed on the date it is mailed. If it is sent by any method other than registered mail or certified mail, it will be deemed filed on the date it is received by the AHC.

If you choose not to appeal, this certificate, the project review and your application and associated correspondence constitutes your permit to construct. The permit allows you to construct and operate your air contaminant source(s), but in no way relieves you of your obligation to comply with all applicable provisions of the Missouri Air Conservation Law, regulations of the Missouri Department of Natural Resources and other applicable federal, state and local laws and ordinances.

The Air Pollution Control Program invites your questions regarding this air pollution permit. Please contact the Construction Permit Unit using the contact information below.

Contact Information:
Missouri Department of Natural Resources
Air Pollution Control Program
P.O. Box 176
Jefferson City, MO 65102-0176
(573) 751-4817

The regional office information can be found at the following website:
http://dnr.mo.gov/regions/

SPECIAL CONDITIONS:
The permittee is authorized to construct and operate subject to the following special conditions:

The special conditions listed in this permit were included based on the authority granted the Missouri Air Pollution Control Program by the Missouri Air Conservation Law (specifically 643.075) and by the Missouri Rules listed in Title 10, Division 10 of the Code of State Regulations (specifically 10 CSR 10-6.060). For specific details regarding conditions, see 10 CSR 10-6.060 paragraph (12)(A)10. "Conditions required by permitting authority."

McBee Farms Grain Storage Facility
Daviess County, S18, T59N, R27W

1. PM_{10} Emission Limitation
   A. McBee Farms Grain Storage Facility shall emit less than 15.0 tons of PM_{10} in any consecutive 12-month period from the entire installation as defined in Table 1.

   B. Attachment A or equivalent forms, such as electronic forms, approved by the Air Pollution Control Program shall be used to demonstrate compliance with Special Conditions 1.A.

2. Record Keeping and Reporting Requirements
   A. McBee Farms Grain Storage Facility shall maintain all records required by this permit for not less than five years and shall make them available immediately to any Missouri Department of Natural Resources' personnel upon request.

   B. McBee Farms Grain Storage Facility shall report to the Air Pollution Control Program's Compliance/Enforcement Section, by mail at P.O. Box 176, Jefferson City, MO 65102 or by email at AirComplianceReporting@dnr.mo.gov, no later than 10 days after the end of the month during which any record required by this permit shows an exceedance of a limitation imposed by this permit.

REVIEW OF APPLICATION FOR AUTHORITY TO CONSTRUCT AND OPERATE
SECTION (6) REVIEW
Project Number: 2018-03-023
Installation ID Number: 061-0034
Permit Number: 052018-007

Installation Address:
McBee Farms Grain Storage Facility
800 Industrial Parkway
Gallatin, MO 64640

Parent Company:
McBee Farms LC
520 North Mo Hwy 7
Independence, MO 64056

Daviess County, S18, T59N, R27W

REVIEW SUMMARY

- McBee Farms Grain Storage Facility has applied for authority construct a new grain storage facility.
- The application was deemed complete on March 14, 2018.
- HAP emissions are not expected from the proposed equipment.
- None of the New Source Performance Standards (NSPS) apply to the installation. 40 CFR Part 60, DD—Standards of Performance for Grain Elevators does not apply as they're below 2.5 million bushels of total storage.
- None of the NESHAPs apply to this installation. None of the currently promulgated MACT regulations apply to the proposed equipment.
- No air pollution control equipment is being used in association with the new equipment.
- This review was conducted in accordance with Section (6) of Missouri State Rule 10 CSR 10-6.060, *Construction Permits Required*. Potential emissions of PM_{10} are conditioned below de minimis and no refined modeling is required. Potential emissions of PM are above de minimis but below major source levels.
- This installation is located in Daviess County, an attainment/unclassified area for all criteria pollutants.
- This installation is not on the List of Named Installations found in 10 CSR 10-6.020(3)(B), Table 2. The installation's major source level is 250 tons per year and fugitive emissions are not counted toward major source applicability.

1.4 *Natural Gas Combustion* July 1998, and Section 13.2.2 *Unpaved Roads* November 2006. The grain trucks used to transfer grain will all be hopper trucks.

The following table provides an emissions summary for this project. There are no existing potential emissions as this is a new facility. Potential emissions of the project represent the potential of the new equipment, assuming continuous operation (8760 hours per year). The new installation conditioned potential emissions are potential emission of the installation conditioned below the de minimis threshold for PM_{10}.

Table 2: Emissions Summary (tpy)

Pollutant	Regulatory *De Minimis* Levels	Existing Potential Emissions	Potential Emissions of the Project/Installation	New Installation Conditioned Potential
PM	25.0	N/A	614.29	49.98
PM_{10}	15.0	N/A	188.14	<15.0
$PM_{2.5}$	10.0	N/A	30.56	2.44
SOx	40.0	N/A	0.03	0.03
NOx	40.0	N/A	5.5	5.5
VOC	40.0	N/A	0.28	0.28
CO	100.0	N/A	4.33	4.33
GHG (CO_2e)	N/A	N/A	N/A	N/A
GHG (mass)	N/A	N/A	N/A	N/A
HAPs	10.0/25.0	N/A	0.10	0.10

N/A = Not Applicable; N/D = Not Determined

PERMIT RULE APPLICABILITY

This review was conducted in accordance with Section (6) of Missouri State Rule 10 CSR 10-6.060, *Construction Permits Required*. Potential emissions of PM_{10} are conditioned below de minimis and no refined modeling is required. Potential emissions of PM are above de minimis but below major source levels. There are no modeling requirements for PM.

APPLICABLE REQUIREMENTS

McBee Farms Grain Storage Facility shall comply with the following applicable requirements. The Missouri Air Conservation Laws and Regulations should be consulted for specific record keeping, monitoring, and reporting requirements. Compliance with these emission standards, based on information submitted in the application, has been verified at the time this application was approved.

- Ambient air quality modeling was not performed since potential emissions of the application are below de minimis levels. There are no modeling requirements for PM.

- Emissions testing is not required for the equipment as a part of this permit. Testing may be required as part of other state, federal or applicable rules.

- No Operating Permit is required for this installation.

- Approval of this permit is recommended with special conditions.

INSTALLATION/PROJECT DESCRIPTION

McBee Farms LC is installing a grain storage facility with 9 storage bins, an elevator leg, and conveyor belts to store the grain from their farming operation to store bulk corn during the harvest season in order to feed their cattle the rest of the year. The facility is located at 800 Industrial Parkway in Gallatin, MO. The conveyor carrying capacity is 10,000 bushels per hour or 300 tons/hour. The total bushel size of the facility will be 840,000 bushels. It is a non-commercial facility that is used just for their personal farming operation usage. One 12 MMBtu/hr. natural gas fired mixed flow dryer will be used when necessary to dry corn before storing it in the bins. McBee plans on filling the 840,000 bushels only once annually, and emptying it out throughout the year when needed.

No permits have been issued to McBee Farms Grain Storage Facility from the Air Pollution Control Program.

Table 1- Project Emission Units

Emission Unit	Description	Maximum Hourly Design Rate (MHDR) tph-tons per hour
EP-1	Dump Pit	300 tph
EP-2	Grain Handling	300 tph
EP-3	Storage Bins (9 total)	300 tph
EP-4	Grain Drying	12 MMBtu/hr
EP-5	Truck Load Out	300 tph
EP-6	Haul Roads/ Vehicular Activity	400 feet (300 tph)

EMISSIONS/CONTROLS EVALUATION

The emission factors used in this analysis were obtained from the Environmental Protection Agency (EPA) document AP-42, *Compilation of Air Pollutant Emission Factors*, Fifth Edition, Section 9.9.1 *Grain Elevators and Processes* May 2003, Section

GENERAL REQUIREMENTS

- *Start-Up, Shutdown, and Malfunction Conditions,* 10 CSR 10-6.050

- *Submission of Emission Data, Emission Fees and Process Information,* 10 CSR 10-6.110
    - Per 10 CSR 10-6.110(4)(B)2.B(II) and (4)(B)2.C(II) a full EIQ is required for the first full calendar year the equipment (or modifications) approved by this permit are in operation.

- *Restriction of Particulate Matter to the Ambient Air Beyond the Premises of Origin*, 10 CSR 10-6.170

- *Restriction of Emission of Visible Air Contaminants*, 10 CSR 10-6.220

- *Restriction of Emission of Odors*, 10 CSR 10-6.165

SPECIFIC REQUIREMENTS

- *Restriction of Emission of Particulate Matter from Industrial Processes*, 10 CSR 10-6.400. The storage bin vents' potential emission(EP-3) rate of 7.5 pounds per hour of PM is less than 63.00 lbs/hr (Process Rate Rule), and therefore complies with this regulation.

STAFF RECOMMENDATION

On the basis of this review conducted in accordance with Section (6), Missouri State Rule 10 CSR 10-6.060, *Construction Permits Required*, it is recommended that this permit be granted with special conditions.

PERMIT DOCUMENTS

The following documents are incorporated by reference into this permit:

- The Application for Authority to Construct form, dated March 6, 2018, received March 13, 2018, designating McBee Farms LC as the owner and operator of the installation.

Attachment A – PM_{10} Compliance Worksheet
McBee Farms LC
Davies County, S18, T59N, R27W
Project Number: 2018-03-023
Installation Number: 061-0034

This sheet covers the period from _____ to _____.
(month, year) (month, year)

C1	C2	C3	C4	C5	C6
Month/Year	Monthly grain received by the facility (tons)	Composite PM_{10} Emission Factor (lbs PM_{10}/ton)	Monthly Grain Emissions (lbs)	Monthly Grain Emissions (Tons)	12-Month PM_{10} Emissions (Tons/Year)
(Example) August/2018	10,000	0.121	1210.0	0.605	0.605+ previous 11 months
		0.121			
		0.121			
		0.121			
		0.121			
		0.121			
		0.121			
		0.121			
		0.121			
		0.121			
		0.121			
		0.121			
		0.121			
		0.121			
		0.121			

C1: Enter the Month and Year
C2: Enter the monthly total grain received in units of tons per month
C3: Composite PM_{10} Emission Factor is in units of tons PM_{10} per ton grain received and considers the emissions from all emission units at the installation (EP1-EP-6)
C4 = ((C2 × C3) +SSM) Include the startup, shutdown, and malfunction emissions (SSM Emissions) as reported to the Air Pollution Control Program's Compliance/Enforcement Section according to the provisions of 10 CSR 10-6.050.
C5=C4/2000
C6 = 12-Month Emissions (tons/year) are a rolling total calculated by adding [C5 + the total emissions of the previous eleven (11) months]. A total of less than **15.0** tons of PM_{10} in any consecutive 12-month period indicates compliance.

E = k(sL)^0.91 * (W)^1.02 where:
E = particulate emission factor (having units matching the units of k)
k = particle size multiplier for particle size range and units of interest
sL = road surface silt loading (grams per square meter) (g/m^2)
W = average weight (tons) of the vehicles traveling the road

Table 13.2.1-1 PARTICLE SIZE MULTIPLIERS FOR PAVED ROAD EQUATION

Size Range	k (lb/VMT)
PM2.5	0.00054
PM10	0.0022
PM15	0.0027
PM30	0.011

Eext = [k(sL)^0.91 * (W)^1.02](1-P/(4N)) where:
k, sL, W and S are as defined above and
Eext = annual average emission factor in the same units as k
P = number of "wet" days with at least 0.01 inch of precipitation during the averaging period
N = number of days in the averaging period (365 for annual)

The equations retain the quality rating of A (D for PM2.5), if applied within the range of source conditions that were
Silt loading:

0.03-400 g/m^2

0.04-570 grains/square foot (ft^2)

Mean vehicle weight:

1.8-38 megagrams (Mg)

2.0-42 tons

Mean vehicle speed:

1-88 kilometers per hour (kph)

1-55 miles per hour (mph)

The upper 95% confidence levels of equation 1 for PM10 is best described with equations using an exponent of 1.14
E95% = k(sL)^1.14 * (W)^1.19

E95%($PM_{2.5}$)(lbs/VMT):	0.0284	0.0000	0.0000	0.0000	0.0000	0.0000
E95%(PM_{10})(lbs/VMT):	0.1157	0.0000	0.0000	0.0000	0.0000	0.0000

E = k (s/12)^a * (W/3)^b where:
E = size-specific emission factor (lb/VMT)
s = surface material silt content (%)
W = mean vehicle weight (tons)

Constants for Equation

	Constant		
Particle Size	k(lb/VMT)	a	b
PM2.5	0.15	0.9	0.45
PM10	1.5	0.9	0.45
PM30	4.9	0.7	0.45

Eext = E[(365-P)/365] where E is defined above and:
Eext = annual size-specific emission factor extrapolated for natural mitigation (lb/VMT)
P = number of days in a year with at least 0.01 inch of precipitation

RE: New Source Review Permit - Project Number: 2018-03-023

Dear Mr. McBee:

Enclosed with this letter is your permit to construct. Please study it carefully and refer to Appendix A for a list of common abbreviations and acronyms used in the permit. Also, note the special conditions on the accompanying pages. The document entitled, "Review of Application for Authority to Construct," is part of the permit and should be kept with this permit in your files. Operation in accordance with these conditions, your new source review permit application and with your amended operating permit is necessary for continued compliance. The reverse side of your permit certificate has important information concerning standard permit conditions and your rights and obligations under the laws and regulations of the State of Missouri.

This permit may include requirements with which you may not be familiar. If you would like the department to meet with you to discuss how to understand and satisfy the requirements contained in this permit, an appointment referred to as a Compliance Assistance Visit (CAV) can be set up with you. To request a CAV, please contact your local regional office or fill out an online request. The regional office contact information can be found at the following website: http://dnr.mo.gov/regions/. The online CAV request can be found at http://dnr.mo.gov/cav/compliance.htm.

If you were adversely affected by this permit decision, you may be entitled to pursue an appeal before the administrative hearing commission pursuant to Sections 621.250 and 643.075.6 RSMo. To appeal, you must file a petition with the administrative hearing commission within thirty days after the date this decision was mailed or the date it was delivered, whichever date was earlier. If any such petition is sent by registered mail or certified mail, it will be deemed filed on the date it is mailed; if it is sent by any method other than registered mail or certified mail, it will be deemed filed on the date it is received by the administrative hearing commission, whose contact information is: Administrative Hearing Commission, United States Post Office Building, 131 West High Street, Third Floor, P.O. Box 1557, Jefferson City, Missouri 65102, phone: 573-751-2422, fax: 573-751-5018, website: www.oa.mo.gov/ahc.

If you have any questions regarding this permit, please do not hesitate to contact Jordan Hull, at the Department of Natural Resources' Air Pollution Control Program, P.O. Box 176, Jefferson City, MO 65102 or at (573) 751-4817. Thank you for your attention to this matter.

Sincerely,

AIR POLLUTION CONTROL PROGRAM

Susan Heckenkamp
New Source Review Unit Chief
