RE: New Source Review Permit Correction - Permit Number: 082007-003C  
Project Number: 2018-03-005; Installation Number: PORT-0591

Dear Mr. Steeby:

After reviewing Permit Number 082007-003B, a correction is needed for the approved sites list in the Site Specific Special Conditions: The permitted sites table listed all the permitted sites evaluated in Permit Number 082007-003B; however one site that was evaluated during the review was not listed. This correction is to add the site to the table. The site name is Blue Mound and it located at 24049 Hwy Z Dawn, MO 64638 in Livingston County S34/35, T56N, R24W. The attached page should replace page 3 of permit 082007-003B.

Norris Quarries Plant #83 PORT-0591 is permitted to operate with other plants located at the sites listed in the Special Conditions as long as the following scenarios are maintained. These scenarios are also summarized in the table below.

Table 1: Summary of Daily Production Limits for PORT-0591 approved in 082007-003B

Type of Operation	Daily Production Limit (tons)
<sup>a</sup> Solitary	7,809
<sup>b</sup> Concurrent	6,922

<sup>a</sup>Operation without other plants

<sup>b</sup>Operation with other plants.
