RE: New Source Review Permit, Permit by Rule  
Project Number: 2017-01-079, Facility ID Number: 175-0083  
Correction to 032015-014

Dear Ms. Lawrence:

You have brought to our attention that the installation address of the crematory permitted in March of 2015 was incorrect. The original permit indicated that the site address of the crematory was 411 Union Avenue in Moberly, MO. Based on conversations with your personnel, this address is the location of the funeral home, but that the incinerator has never operated at this address nor was it ever intended to operate at this address. The correct installation address for the crematory is 1713 N Buchanan Street in Moberly, MO. The permit has been updated to reflect the correct site address of the crematory. Please replace the original permit certificate with the attached pages.

Please remember to review your permit carefully. *Section A: General Notification Information* and *Section B: Special Conditions for Crematories and Animal Incinerators* of your permit application are part of your permit. The entire permit must be retained in your files. The reverse side of your permit certificate has important information concerning standard permit conditions and your rights and obligations under the laws and regulations of the State of Missouri.

Operation in accordance with these conditions is necessary for continued compliance. An on-site compliance inspection will be performed at a later date, to validate your statements and conditions claimed on the permit by rule notification. If you would like the department to meet with you to discuss how to understand and satisfy the requirements contained in this permit, an appointment referred to as a Compliance Assistance Visit (CAV) can be set up with you. To request a CAV, please contact your local regional office or fill out an online request. The regional office contact information can be found at the following website: <http://dnr.mo.gov/regions/>. The online CAV request can be found at <http://dnr.mo.gov/cav/compliance.htm>.

# PERMIT TO CONSTRUCT

PERMIT BY RULE

Under the authority of RSMo 643 and the Federal Clean Air Act the applicant is authorized to construct and operate the air contaminant source(s) described below, in accordance with the laws, rules, and conditions set forth here in.

**Construction Permit Number:** 032015-014A  
**Project Number:** 2017-01-079  
**Installation ID:** 175-0083

**Installation Name and Address**

Pathway Memorial Funeral Home  
1713 N Buchanan St  
Moberly, MO 65279  
Randolph County

**Parent Company's Name and Address**

Pathway Memorial Funeral Home  
411 Union Avenue, P.O. Box 367  
Moberly, MO 65270

**Installation Description:**

Pathway Memorial Funeral Home is located in Moberly, Missouri (Site ID: 175-0083), and the nature of business is exclusively human cremation services in lieu of earth burial. Pathway Memorial is installing a Therm-Tec Model SQC-300 incinerator, that meets all requirements set forth in 10 CSR 10-6.062 Construction Permits By Rule, Section (3)(B)2, and this incineration unit model (SQC-300) has been previously permitted by Missouri Air Pollution Control Program. Pathway Memorial Funeral Home is still responsible for following all applicable rules and regulations that apply to this specific nature of business.

FEB 27 2017

Effective Date

  
Director or Designee  
Department of Natural Resources

## STANDARD CONDITIONS:

Permission to construct may be revoked if you fail to begin construction or modification within two years from the effective date of this permit. Permittee should notify the Enforcement and Compliance Section of the Air Pollution Control Program if construction or modification is not started within two years after the effective date of this permit, or if construction or modification is suspended for one year or more.

You will be in violation of 10 CSR 10-6.060 if you fail to adhere to the specifications and conditions listed in your permit-by-rule application and this permit. Specifically, all air contaminant control devices shall be operated and maintained as specified in the application, associated plans and specifications.

You must notify the Department's regional office responsible for the area within which you are located within 15 days after the actual start-up of this (these) air contaminant source(s).

A copy of the permit application and this permit and permit review shall be kept at the installation address and shall be made available to Department's personnel upon request.

You may appeal this permit or any of the listed special conditions to the Administrative Hearing Commission (AHC), P.O. Box 1557, Jefferson City, MO 65102, as provided in RSMo 643.075.6 and 621.250.3. If you choose to appeal, you must file a petition with the AHC within 30 days after the date this decision was mailed or the date it was delivered, whichever date was earlier. If any such petition is sent by registered mail or certified mail, it will be deemed filed on the date it is mailed. If it is sent by any method other than registered mail or certified mail, it will be deemed filed on the date it is received by the AHC.

If you choose not to appeal, this certificate, the project review and your application and associated correspondence constitutes your permit to construct. The permit allows you to construct and operate your air contaminant sources(s), but in no way relieves you of your obligation to comply with all applicable provisions of the Missouri Air Conservation Law, regulations of the Missouri Department of Natural Resources and other applicable federal, state and local laws and ordinances.

The Air Pollution Control Program invites your questions regarding this air pollution permit. Please contact the Construction Permit Unit using the contact information below.
