Dear Ms. Casey:

The Missouri Department of Natural Resources (DNR) received Lake City Army Ammunition Plant's (LCAAP) Class 1 Permit Modification notice, dated May 27, 2014. The notification was to update job titles and required training codes to reflect corporate changes in the coding and to update contact information for members of the Emergency Coordinators, Emergency Response Team and the Explosive Spill Response Team in the contingency plan.

The DNR agrees with LAACP that this is a Class 1 Permit Modification not requiring prior director approval in accordance with 10 Code of State Regulations (CSR) 25-7.270(1), incorporating 40 Code of Federal Regulations (CFR) 270.42, Appendix I B.5.b. and Appendix I B.6.d. LAACP must send a notice of the modification to everyone on their facility mailing list and the appropriate units of state and local government within 90 calendar days after the change was put into effect, as outlined 10 CSR 25-7.270(1) which incorporates 40 CFR 270.42(a)(1)(ii). LAACP must send a copy of the notice to the DNR.
