RE: Permit Modification Request and Compliance History Review
Solvent Recovery, LLC
EPA ID# MOD000610766

Dear Mr. Davis:

This letter is to notify you that the Missouri Department of Natural Resources (Department) reviewed Solvent Recovery's permit modification request dated August 25, 2008, which is a revision of a previous request dated August 15, 2008. The request was to change the name of the owner and operator of the facility from Solvent Recovery Corporation to Solvent Recovery, LLC.

The name change occurred along with a corporate change wherein Solvent Recovery Corporation was merged into PSC-Solvent, LLC and PSC Solvent-LLC was subsequently renamed Solvent Recovery, LLC. The Code of State Regulations (CSR) at 10 CSR 25-7.270(2)(D)1. requires the Department to conduct a compliance history review for this type of corporate change. The Department reviewed your submittal (Habitual Violator Disclosure Statement dated August 25, 2008). We found the information to be complete and concluded that Solvent Recovery, LLC is not a habitual violator per 10 CSR 25-7.270(2)(H) and Subsection 260.395.16 of the Revised Statutes of Missouri (RSMo). For additional detail regarding this determination, please refer to the enclosed memorandum to the file prepared by Ms. Lynn Hartman of my staff dated November 4, 2009.

The name change has already been announced to the general public, political subdivisions and adjacent landowners through previous correspondence; therefore, there is no need for you to recontact everyone on the mailing list. We are working on a modification to your hazardous waste permit pursuant to your submittal dated April 30, 2010 and will retain Solvent
