RE: Approval of the Class 2 Permit Modification Request Dated March 3, 1998, for
Armco, Inc., Kansas City, Missouri, EPA ID#: MOD007118029

Dear Mr. Wear:

The Missouri Department of Natural Resources' Hazardous Waste Program has completed its review of the March 3, 1998; Class 2 permit modification request. The modification request was submitted to delete the groundwater monitoring provision described in Special Permit Condition II of the February 16, 1994, Hazardous Waste Management Facility Permit. The department hereby approves the modification request. The department would like to remind Armco that the permit is still in effect and post-closure maintenance of the closed hazardous waste landfill shall be implemented as specified in the permit.

Public participation requirements for the Class 2 permit modification were followed in accordance with 10 CSR 25-7.270 and 40 CFR 270.42(b). No comments were received.
