RE: Class 1 Permit Modification Without Prior Director's Approval
Eaton Hydraulics, LLC, Joplin, Missouri, EPA ID# MOD007155781

Dear Mr. Rapp:

This letter is to notify you that the Missouri Department of Natural Resources (Department) received Eaton Hydraulics, LLC's (Eaton) Class 1 Permit Modification notice, dated May 13, 2013. The notification was to update the name of the emergency coordinators, replace and update corrective action equipment to accommodate the implementation of multiphase extraction under Interim Stabilization Measures, and update contact information for Facility personnel.

The Department agrees with Eaton that this is a Class 1 Permit Modification not requiring prior director approval. Eaton must send a notice of the modification to everyone on their facility mailing list and the appropriate units of state and local government within 90 calendar days after the change was put into effect, as outlined in 40 CFR 270.42(a)(1)(ii), incorporated by reference in 10 CSR 25-7.270(1). Eaton must send a copy of the notice to the Department.

If you have any questions regarding this letter, please contact Mr. Donald L. Dicks, Project Manager, of my staff at the Missouri Department of Natural Resources, Hazardous Waste Program, P.O. Box 176, Jefferson City, MO 65102-0176, by telephone at (573) 751-3553 or 1-800-361-4827, or by e-mail at don.dicks@dnr.mo.gov. Thank you.

Sincerely,

HAZARDOUS WASTE PROGRAM
