RE: Class 1 Permit Modification Without Prior Director's Approval
Updated Contingency Plan
BASF Corporation, Hannibal, Missouri
EPA ID# MOD050226075

Dear Mr. Gardner:

The Missouri Department of Natural Resources (DNR) received BASF's Class 1 Permit Modification notice, dated July 1, 2014. The notification was to update the emergency coordinator's contact list in the contingency plan.

The DNR agrees with BASF that this is a Class 1 Permit Modification not requiring prior director approval. BASF must send a notice of the modification to everyone on their facility mailing list and the appropriate units of state and local government within 90 calendar days after the change was put into effect, as outlined in Code of State Regulations [10 CSR 25-7.270(1)] incorporating the Code of Federal Regulations [40 CFR 270.42(a)(1)(ii)]. BASF shall also update the contingency plans held by local police, fire, hospitals, and State and local emergency response teams.

If you have questions regarding this letter, please contact Mr. Nathan Kraus, P.E., of my staff at the Missouri Department of Natural Resources, Hazardous Waste Program, P.O. Box 176, Jefferson City, MO 65102-0176, by telephone at (573) 751-3553 or 1-800-361-4827, or by e-mail at nathan.kraus@dnr.mo.gov. Thank you.

Sincerely,

HAZARDOUS WASTE PROGRAM
