RE: Class 1 Permit Modification Without Prior Director's Approval  
Safety-Kleen Systems, Inc., St. Charles, Missouri  
EPA ID# MOD095486312

Dear Mr. Reppond:

This letter is to notify you that the Department of Natural Resources (department) received Safety-Kleen's Class 1 permit modification notice, dated December 8, 2008. The notification was for updating the contingency plan information within the permit application (Appendix G., Exhibit G-2) dated September 11, 2002. Specifically, the emergency coordinator information has been updated and the St. Charles County Sherriff has been removed and the St. Peters Police added due to a jurisdictional change among these agencies.

The department agrees with Safety-Kleen Systems, Inc., that this is a Class 1 permit modification not requiring prior director approval. Safety-Kleen Systems, Inc., must mail a notification letter to everyone on their facility mailing list within 90 days after the modification was put into effect, as outlined in 40 CFR 270.42(a)(1)(ii). Safety-Kleen Systems, Inc., must send a copy of the notice to the department.

If you have any questions regarding this letter, please contact Mr. Richard Hock, Environmental Engineer of my staff at the Department of Natural Resources, Hazardous Waste Program, P.O. Box 176, Jefferson City, MO 65102-0176, or by phone at (573) 751-3553 or 1-800-361-4827, or by e-mail at richard.hock@dnr.mo.gov.

Sincerely,

HAZARDOUS WASTE PROGRAM
