RE: Class 1 Permit Modification Without Prior Director's Approval  
Lone Star Industries (LSI), Cape Girardeau, Missouri  
EPA ID# MOD981127319

Dear Mr Meyr:

The Missouri Department of Natural Resources (Department) received Lone Star's Class 1 Permit Modification notice, dated December 9, 2011. The notification was to update contact information, addresses and phone numbers of agencies and coordinators in the contingency plan.

The Department agrees with Lone Star that this is a Class 1 Permit Modification not requiring prior director approval. Lone Star already sent a notice of the modification to everyone on their facility mailing list and the appropriate units of state and local government within 90 calendar days after the change was put into effect, as outlined in Code of Federal Regulations 40 CFR 270.42(a)(1)(ii), incorporated by reference in Code of State Regulations 10 CSR 25-7.270(1). On December 13, 2011, the Department received a copy of the notice, dated December 9, 2011.

If you have questions regarding this letter, please contact Mr. Nathan Kraus, Environmental Engineer, of my staff at the Missouri Department of Natural Resources, Hazardous Waste Program, P.O.
