Dear Mr. Zoghby:

This letter is to notify you that the Missouri Department of Natural Resources (Department) reviewed EBVEEC's Class 1 permit modification request, dated May 19, 2009. The request was for updating the Start-Up, Shutdown, & Malfunction Plan and the Operations & Maintenance Plan for the ICM/MLRS Building #1 Thermal Treatment Process.

The Department agrees with EBVEEC that this is a Class 1 permit modification requiring prior director approval. We are approving the modification request. EBVEEC must send a notice of the modification to everyone on their facility mailing list and the appropriate units of state and local government within 90 calendar days after the date of this letter, as outlined in Code of Federal Regulations 40 CFR 270.42(a)(1)(ii). EBVEEC must send a copy of the notice to the Department.
