RE: Class 1 Permit Modification Without Prior Director's Approval
EBV Explosives Environmental Company, Joplin, Missouri
EPA ID# MOD985798164

Dear Mr. Zoghby:

The Missouri Department of Natural Resources (Department) received EBV Explosives Environmental Company's (EBVEEC) Class 1 Permit Modification request, dated June 21, 2012, and supporting documentation, dated August 23, 2012. The notification was to update the Rotary Kiln hazardous waste feed rate in their Missouri Hazardous Waste Management Facility Permit Part I, Special Permit Conditions, Section III.B.1.

The Department agrees with EBVEEC that this is a Class 1 Permit Modification not requiring prior director approval. EBVEEC must send a notice of the modification to everyone on their facility mailing list and the appropriate units of state and local government within 90 calendar days after the change was put into effect, as outlined in Code of Federal Regulations 40 CFR 270.42(a)(1)(ii), incorporated by reference in Code of State Regulations 10 CSR 25-7.270(1). EBVEEC must send a copy of the notice to the Department.

If you have questions regarding this letter, please contact Mr. Timothy O'Brien, Project Manager, of my staff at the Missouri Department of Natural Resources, Hazardous Waste

Recycled Paper
