

The Missouri Department of Natural Resources will be performing a Natural Resource Damages Assessment in the Viburnum Trend Lead Mining District. The department will be sampling sediment and surface water from streams located in Iron, Crawford, Washington, Reynolds, Shannon and Dent Counties. The department is inviting the public to review and submit written comments on the Sampling and Analysis Plan until Aug. 22. The plans are available on the following websites:

www.dnr.mo.gov/env/hwp/sfund/nrda.htm and www.fws.gov/midwest/semonrda.

The public can view a hard copy of the plan at the Reynolds County Library, 2306 Pine Street, Centerville, MO 63633.

Please send written comments to:
Frances Klahr, NRD Coordinator
