

**MISSOURI**  
DEPARTMENT OF  
NATURAL RESOURCES

Soil and Water Conservation Program

**AGENDA**

Missouri Soil and Water Districts Commission  
Lewis and Clark State Office Building  
LaCharrette Conference Room  
Jefferson City, Missouri  
February 11, 2015  
9:30 a.m.

**A. CALL TO ORDER**

**B. MINUTES OF PREVIOUS MEETINGS**

**C. DEPARTMENT OF NATURAL RESOURCES**

- a. Election of Commission Chair and Vice-Chair
- b. Regional Conservation Partnership Program Award

**D. SOIL AND WATER CONSERVATION PROGRAM DIRECTOR'S COMMENTS**

1. FY15 Fund Status and Supplemental Cost-Share Allocations
2. FY14 District Grant Expenditures
3. FY14 Cost-Share Review
4. FY15/FY16 Budget Updates
5. Plan for the Future Program Delivery and Operations Subcommittee
6. Missouri Association of Soil and Water Conservation Districts 2014 Resolution Response
7. Plan for the Future Conservation Practices Subcommittee
8. Missouri Regional Grazing Schools
9. University of Missouri-Using Missouri Data to Understand Capabilities of the APEX Model to Estimate Nutrients and Sediment in Runoff

**E. REQUEST**

(If an additional supervisor request is received in advance of this meeting, it may be presented to the commission at that meeting.)

1. Supervisor Requests
  - a. Ste. Genevieve SWCD
2. Oregon SWCD Warm Fork of the Spring River SALT Project – Add Practice in Adjacent HUC to Meet Goals of Watershed Assessment
3. University of Missouri – Support for the MU Soil Health Assessment Center
4. Cape Girardeau SWCD Cost-Share Maintenance Violation DWP-01 Sediment Retention Structure

**F. NEW BUSINESS**

**G. REPORTS**

1. University of Missouri
2. Department of Conservation
3. Department of Agriculture

---

**MISSOURI SOIL & WATER DISTRICTS COMMISSION**

February 11, 2015

Page 2

4. Natural Resources Conservation Service
5. Missouri Association of Soil and Water Conservation Districts

**H. PUBLIC COMMENTS**

**I. SUGGESTED DATE(S) OF NEXT MEETINGS**

April 8, 2015

---

**J. ADJOURNMENT**

Those wishing to address the commission on any of the above issues need to contact a program staff member, Theresa Mueller or sign up on the comment card at the commission meeting.

If you have any questions regarding this meeting, special accommodation needs, or would like a copy of any material provided at the commission meeting, please contact Theresa Mueller at 573-526-4662.

Soil & Water Districts Commission may go into closed session at this meeting if such action is approved by a majority vote of the commission members who constitute a quorum to discuss legal, confidential, or privileged matters under § 610.021(1), RSMo 2000; personnel actions under §610.021(3); personnel records or applications under §610.021(13), records under § 610.021(14), or audit issues under § 610.021(17), which are otherwise protected from disclosure by law.

Missouri Soil & Water Districts Commission  
PO Box 176  
Jefferson City, MO 65102

Commissioners:

Enclosed is the resolution passed at the Annual Meeting of the Missouri Association of Soil and Water Conservation Districts held December 11, 2014 that is asking for action from the Soil and Water Commission.

We appreciate your consideration of this request

Sincerely,

Kenny Lovelace  
MASWCD President

Ben Gorden  
Resolutions Chair

## **Resolution #2014-02**

### **Proposed by Gasconade County**

**Whereas**, in 2007 the Soil and Water Conservation Districts Commission elected to provide a state wide health care plan based on the desire of the District Boards to better serve their employees with adequate, affordable healthcare.

**Whereas**, combining the 114 districts into one group plan should allow for substantial savings in premiums and allow for equal coverage for all concerned.

**Whereas**, the Affordable Care Act requires all individuals to be covered by some sort of healthcare insurance.

**Whereas**, the Commission contracted with the Missouri Consolidated Health Care Program to provide the services needed to cover employees and offer family benefits at employee expense.

**Whereas**, the premium for family members is 60% of a Technician II salary.

**Therefore, be it resolved:** that the Soil and Water Conservation Commission consider looking into other options for group health insurance coverage that is more affordable for employees and their families.

*Resolution Passed – Yes – 47 / No -- 2*

Soil and Water Commission  
Soil and Water Conservation Program  
PO Box 176  
Jefferson City MO 65102

Dear Commission Members:

We would like to replace the supervisor position in Area I due to the inability of our current board member to fulfill the election term.

We are recommending Kenneth J. Naeger to fill this unexpired term on the board of the Ste. Genevieve County Soil and Water Conservation District.

Robert Eckenfels  
Chairman  
Ste. Genevieve County Soil and Water

 Ste. Genevieve County Board Members

Robert Eckenfels— Chairman, Lynn Messer—Vice Chairman, Marcella Hotop—Treasurer,

Kate Kammler—Secretary, Betty Vogt—Member

An Equal Opportunity Provider & Employer

**VERIFICATION OF SUPERVISOR ELIGIBILITY**

**To qualify for office, according to Missouri's Code of State Regulations,  
10 CSR 70-2.020, Conduct of Supervisor Elections, a candidate shall:**

- 1) Be a land representative as defined by "The owner, or representative authorized by power of attorney, of any farm lying within the soil and water conservation district (SWCD); provided, however, that any land representative must be a taxpayer of the county within which the SWCD is located," and
- 2) Be a resident taxpaying citizen within that SWCD for two (2) years preceding the appointment to the District Board of Supervisors by the Commission, and
- 3) Be a cooperater of the SWCD defined as "A person who is actively involved in farming and practices conservation activities related to agriculture," and
- 4) Reside in or own a farm lying in the same territory where the board position is vacant.

Kenneth J. Naeger

The undersigned certify that the candidate meets all of the above stated eligibility requirements to serve as a supervisor for the Ste. Genevieve County Soil and Water Conservation District.

Chairperson (or acting) Signature: Robert Eckenfule Date: 1-9-15

Candidate Signature: Kenneth J. Naeger Date: 1/9/15

### 3. Oregon SWCD

#### a. AgNPS SALT Streambank Group Project Proposal

Colleen Meredith presented the Oregon AgNPS SALT Streambank Group project proposal. The issue before the Commission is: should the Commission allow a variance to the \$5,000 landowner limit for the C650 Streambank Stabilization Practice to increase the landowner limit for the Warm Fork AgNPS SALT project to \$20,000 per landowner? Streambank Stabilization Practice cost-share is authorized for: cedar tree revetments, rock riprap, bioengineering, seedlings or other plantings to stabilize area, and exclusion fence.

Oregon County Warm Fork of Spring River AgNPS SALT project is one of 12 projects that were approved by the Soil and Water Districts Commission for the 9<sup>th</sup> call in May 2008. The project is in the fifth of seven years and the project watersheds supplies 90 percent of the drainage to Mammoth Spring. Mammoth Spring is the third largest spring in the Ozark Plateau. The average flow is 234 million gallons per day. Warm Fork is on the 2012 303 (d) list of impaired waters for bacteria. This project addresses nine miles of stream length in the Warm Fork watershed. The district has met most of the goals for the projects and is 64 percent complete overall.

The AgNPS SALT budget for FY 2014 is \$51,450 and FY 2015 is \$11,450 for a total of \$62,900. The district would like to request that the \$62,900 be available for the C650 Streambank Stabilization project for FY 2014 and FY 2015. The district is committed to using their regular cost-share funds to complete SALT goals in the other resource concerns. The district is requesting additional funding for the project to serve landowners involved.

The district has requests from 14 landowners concerning streambank erosion and the district has performed site visits at each location requested by a landowner and pictures have been provided.

The districts future plans and goals are: hydrology and engineering workshop planned for in the summer 2013 provided the funding for the streambank erosion is available. The Missouri Department of Conservation is providing both the hydrologist and the engineer for the workshop, and several other partners are invited to the workshop. The district is seeking other agencies for cooperating funding partners, as well as investigating a possible 319 project for the watershed. Pending funding approval, and after the engineering investigation, there will be additional landowner meetings to discuss funding and priorities before starting the projects.

Colleen Meredith presented three Commission Considerations: 1. Allow a variance to the \$5,000 landowner limit for the C650 Streambank Stabilization Practice to increase the landowner limit for the Warm Fork AgNPS SALT project to \$20,000 per landowner. 2. Allow use of the FY14 and FY15 SALT funds for streambank stabilization in this project. 3. Allow up to \$100,000 of additional SALT funds to be added to the project once FY14 funding is obligated.

After a brief discussion, H. Ralph Gaw made a motion to allow a variance to the \$5,000 landowner limit for the C650 Streambank Stabilization Practice to increase the landowner limit for the Warm Fork AgNPS SALT project to \$20,000 per landowner. Thomas Bradley seconded the motion. A poll vote was taken. Charles Ausfahl, Gary Vandiver, Thomas Bradley, H. Ralph Gaw and Richard Fordyce voted in favor of the motion and the motion carried unanimously.

Gary Vanidver made a motion to allow use of the FY14 and FY15 funds for streambank stabilization in this project. Thomas Bradley seconded the motion. A poll vote was taken. Charles Ausfahl, Gary Vandiver, Thomas Bradley, H. Ralph Gaw and Richard Fordyce voted in favor of the motion and the motion carried unanimously.

H. Ralph Gaw made a motion to allow up to \$100,000 of additional SALT funds to be added to the project once FY14 funding is obligated. Thomas Bradley seconded the motion. A poll vote was taken. Charles Ausfahl, Gary Vandiver, Thomas Bradley, H. Ralph Gaw and Richard Fordyce voted in favor of the motion and the motion carried unanimously.

**b. Variance for a Landowner Streambank Stabilization Practice**

Colleen Meredith presented a request from the Oregon Soil and Water Conservation District requesting a variance for a landowner streambank stabilization practice. The landowner's engineering plan provided by the Missouri Department of Conservation included the exclusion fence at 25 feet. Policy for the C650 Streambank Stabilization practice requires that the minimum for exclusion area fence is 50 feet. The guidance to the landowner was based on the WQ10 Stream Protection Practice policy of a minimum of 25 feet for the exclusion area. The following issue was presented: Should the Commission provide a variance on the exclusion fence on contract #SA 066-13-0178 for an N391 Riparian Forest Buffer practice? The following was provided for Commission Consideration: Approve a variance on the exclusion fence for contract # SA 066-13-0178 for a N391 Riparian Forest Buffer Practice to be less than 50 feet.

After a brief discussion, H. Ralph Gaw made a motion to grant the variance request. Charles Ausfahl seconded the motion. A poll vote was taken. Thomas Bradley, Gary Vandiver, Charles Ausfahl, H. Ralph Gaw

Soil and Water Conservation Commission  
PO Box 176  
Jefferson City, MO 65102

Dear Commissioners,

The Oregon County Soil and Water Conservation District Board of Supervisors and staff are submitting this letter as a formal request regarding the Warm Fork of Spring River AgNPS SALT Streambank Stabilization project. This project has been discussed in previous commission meetings which concluded with the approval of the maximum dollar amount per landowner to be \$20,000. For the following reason, we are asking for you to approve a variance for the J.C. Brewer property.

A portion of the J.C. Brewer property is within the AgNPS SALT boundaries, as indicated on the enclosed map. However, the portion needing stabilization work performed is outside of the boundaries less than 2000 feet. Engineer, Chris Cash, assessed the streambank problems and has found that some issues on the J.C. Brewer property were adversely affecting the Shane Armstrong property. Without the proposed streambank corrections, the Shane Armstrong property will remain adversely affected.

Mr. Brewer is a strong supporter of the Missouri Soil and Water Conservation Program and would like to use the cost share dollars to implement this much needed project. The Oregon County SWCD Board of Supervisors and staff would like to thank you for considering our request.

Thank you,

*Tom Roberts* Chairman

Oregon County Soil and Water  
Conservation District  
Board of Supervisors

RETURN RECEIPT REQUESTED

Mr. Jerry Shell  
8115 Spanker Ridge Dr.  
Bentonville, AR 72712-8855

Dear Mr. Shell:

The Soil and Water Conservation Program has received a letter from the Cape Girardeau County Soil and Water Conservation District (SWCD) requesting assistance in pursuing repayment of cost-share funds for a DWP-01 practice, contract number R 12-07-0016, approved by the board on December 22, 2006 and payment made on December 26, 2006.

In letters from the Cape Girardeau SWCD Board of Supervisors dated August 19, 2014 and October 31, 2014 you were informed of the maintenance violation on the contract. To correct the violation of the maintenance agreement, you were given the opportunity to repair the structure and bring the contract back into compliance or repay a prorated amount on the cost-share funds received. The district had given an original deadline of October 15, 2014.

The district board provided adequate time from the date of the first letter to correct the maintenance violations or make payment of a prorated amount of \$282.85. To date the payment has not been received nor has the district board heard from you or your representative regarding the status of this payment or correcting the maintenance violation.

In accordance with the Missouri Code of State Regulations 10 CSR70-5.060, repayment is requested within 30 days of receipt of this letter in the amount of \$282.85. The check or money order should be made payable to DNR/Soil and Water Conservation Program which can be delivered to the Cape Girardeau Soil and Water Conservation District office or mailed to:

Department of Natural Resources  
Soil and Water Conservation Program  
PO Box 176  
Jefferson City, Missouri 65102-0176

Mr. Shell  
January 12, 2015  
Page Two

If you feel that a review of this demand for repayment needs to be completed by the Soil and Water Districts Commission, your appeal must be received in writing to the address above within 30 days of receipt of this letter. If you fail to make repayment, this matter will be placed before the Soil and Water Districts Commission at their next meeting, which is tentatively scheduled for February 11, 2015, for consideration of referral to the Missouri Attorney General's Office for recovery of these funds.

Should you have any questions on this matter, please contact Jim Boschert of my staff at the Soil and Water Conservation Program PO Box 176, Jefferson City, MO 65102-0176 or by phone at 573-751-4932. Thank you.

Sincerely,

SOIL AND WATER CONSERVATION PROGRAM

Colleen Meredith  
Program Director

Dear Mr. Jim Boschert,

This is Concerning the letter on repayment of violation of a contract. I contacted the Cape Girardeau Soil and Water Conservation District office twice by phone about a year ago and told them the situation.

The land was sold on a lease agreement to purchase to Gary Michie, PO Box 138, Gordonville, MO. I may have signed to give him the approval to install the well for his irrigation system but I never receive any money or had anything to do with putting the well in or agreeing to any contract or violating the contract. He purchased the land and then resold it to a Mr. Kight.

You need to contact the person who received the money and put the well in.

Sincerely,

A handwritten signature in cursive script that reads "Jerry Shell". The signature is written in black ink and is positioned above the printed name.

Jerry Shell

RE: Jerry Shell c/o Gary Michie Contract # R 12-07-0016

Dear Ms. Smith:

At the August 19, 2014 board meeting of the Cape Girardeau County Soil and Water Conservation District, contract number R 12-07-0016 for Mr. Jerry Shell c/o Gary Michie was discussed. Mr. Shell was notified, by letter dated August 19, 2014, of the violation to the contract listed above. The drop pipe had been removed. On October 31, 2014 the Board issued a certified letter to Mr. Shell requesting a repayment of funds to be made to the State of Missouri in the amount of \$282.85 within 30 days of receiving the certified letter. The signature card from the certified letter was dated November 4, 2014. Mr. Shell contacted the office on November 6, 2014 stating that he does not owe the money because at the time the practices were being installed, he was in a lease to own contract with Mr. Michie. I stated that under our policy, he was still the legal landowner and since no maintenance agreement was transferred with the ground, he was still responsible for the repayment of funds. He stated that he did not believe this was correct and did not intend to repay the funds. The board has been instructed to pass this matter on to the Soil and Water Conservation Program office. Please let us know if you need any additional information or if you have any questions. Thank you for your help in this matter.

Respectfully,

Kenny Spooler  
Chairman, Cape County SWCD
