Mr. Tim Smith, Chairman
Solid Waste Management District "O"
940 Boonville Avenue, Room 309
Springfield, MO 65802

Dear Mr. Smith:

The Solid Waste Management Program (SWMP) has received the final Independent Accountant's Report Applying Agreed-upon Procedures of Solid Waste Management District "O" conducted by Casey and Company, L.L.C. of Columbia. The performance audit of District "O" was completed in accordance with 260.325.10, RSMo.

We have reviewed the findings made by the accounting firm and the district's responses to those findings. We have prepared a list of recommended actions (enclosed) that we recommend the district take to correct problems identified in the audit. Our recommended actions are addressed in the same order as the issues in the accountants' report.

Your response to our recommended actions should be submitted in writing to the SWMP within 60 days of this letter's date. We will be able to review your response more quickly if you follow the same order as the list of recommended actions.

The audit process, including recommendations to reach resolution, is one of the tools we use to fulfill our responsibility to fully account for the use of state resources, past and present. We are committed to working cooperatively with you to address the audit issues and view the audit process as a constructive method of evaluating your district's operational and grant procedures to identify areas where improvements may be needed. We are confident that you will make or have made tangible progress to resolve all audit issues and to establish procedures to prevent future problems.

After the SWMP receives your written comments regarding the recommended actions, a meeting or teleconference, if needed, with district and SWMP personnel can be scheduled to reach a final resolution of the audit findings. The meeting date would be set based on availability of all participants.

Please do not hesitate to contact Ms. Brenda Ardrey at (573) 751-5401 or by mail at P.O. Box 176, Jefferson City, Missouri 65102, if you have any questions or require further clarification. Thank you for your cooperation and assistance in this effort.
Sincerely,

SOLID WASTE MANAGEMENT PROGRAM
