Dear Stakeholder:

Pursuant to House Bill 89 (2011), the Department of Natural Resources (department) will be convening stakeholder meetings, the first of which will be on Tuesday, October 25, 2011, in Jefferson City, for the purpose of soliciting stakeholder input regarding the department's clean water permit fee structure. The details are as follows:

Clean Water Permit Fees Stakeholder Meeting
Tuesday, October 25, 2011
1:00-3:00 pm
Elm Street Conference Center
1730 E. Elm Street
Jefferson City, MO 65101

We have identified your organization as a potentially interested party and welcome your attendance at this important meeting. The ultimate goal of this process is for the department to conduct a comprehensive review of the clean water fee structure and to present the findings and a recommended plan for the fee structure in a report to the General Assembly by December 31, 2012. This plan will also include time lines for permit issuance, provisions for expedited permits and recommendations for any other improved services provided by the fee funding.

Please RSVP by October 21, 2011, to Crystal Lovett at crystal.lovett@dnr.mo.gov or 573-522-1594. We look forward to working with you.

Sincerely,

DEPARTMENT OF NATURAL RESOURCES

Leanne Tippet Mosby
Deputy Department Director for Operations
