Agenda

Purpose: The Clean Water Act established the Clean Water State Revolving (CWSRF) loan program to provide a renewable financing source for water quality infrastructure. States may utilize several federal authorities to provide CWSRF additional subsidization (negative interest loan, principal forgiveness loan, or grant). The Department seeks stakeholder input on expanding CWSRF additional subsidization opportunities.

1. Introductions and Scope of Meeting

2. Presentation on Clean Water State Revolving Fund (CWSRF) additional subsidization eligibilities

3. Generate ideas for potential CWSRF additional subsidization offerings

5. Next steps

- February stakeholder survey
- February 28 stakeholder meeting to discuss survey results and expansion of additional subsidization offerings through future Intended Use Plans

Next meeting:
February 28, 2020
