

Public Drinking Water

Minimum Design Standards for Missouri Public Water Systems

Stakeholder Meeting

Lewis and Clark State Office Building
September 9, 2011
1:00 – 4:00 p.m.

You are invited to participate in a discussion of the Public Drinking Water Branch's Minimum Design Standards for Missouri Public Water Systems. The meeting will take place at the Lewis and Clark State Office Building, LaCharrette Conference Room, located at 1101 Riverside Drive in Jefferson City from 1:00 p.m. to 4:00 p.m. on September 9, 2011.

What is the Minimum Design Standards for Missouri Public Water Systems?

This document is the latest draft revision of two currently separate reference documents that regulate the design of public drinking water systems in the state. This document combines the department's Design Guide for Community Water Systems effective 2003 and Standards for Non-Community Public Water Supplies effective 1982.

What is this meeting about?

The purpose of this meeting is to discuss the proposed revisions with stakeholders and seek your input on the changes. Final revisions will be published with the intention of being promulgated as a state regulation.

Where can I get more information?

If you have any questions or would like more information you can access the design guide revisions page directly at <http://dnr.mo.gov/env/wpp/pdwb/permits.htm> or contact Ryan Seabaugh at 573-751-8628 or at P.O. Box 176, Jefferson City, MO 65102-0176
