RE: City of Republic, MO – Construction Specifications for Public Improvements, Standard
 Sewer Specifications and Details Comment Letter No. 2

Dear Mr. Brock:

The Department of Natural Resources' Water Protection Program has finalized the review of the Construction Specifications for Public Improvements the September 2014 Edition and the response letter received on October 9, 2014. In order to receive a final approval from the Department, provide the following:

1. Page 02222-07 of the provided specifications states, "Ledge rock, boulders, and large stones shall be removed to provide a minimum clearance of four inches (4") (15.24 cm)..." The value in centimeters should be 10.16.
2. Please provide two finalized copies of the Republic Construction Specifications for Public Improvements signed, sealed, and dated for Department approval.
3. Please provide a copy of the passed and signed ordinance adopting the finalized Republic Construction Specifications for Public Improvements.

Construction, installation, expansion or modification of any collection system or wastewater treatment facility is prohibited until a construction permit is issued by the Department, per 10 CSR 20-6.010(4)(A).

Mr. David Brock, Public Works Director
