Subject: City of Republic Standard Specifications

Mrs. Carpenter,

We are in receipt of the State's comments and recommendations regarding our submitted Standard Specifications. This correspondence is intended to reassure you that each issue will be addressed in a subsequent re-submittal, however we shall require longer than 30 days to complete the task as several key members of our team are scheduled for extended leave during that period.

I would appreciate a short email response indicating that this delay will not jeopardize our request for review and approval.

Sincerely,

David Brock  
Public Works Director
