RETURN RECEIPT REQUESTED

Ms. Susan Spiegel, P.E., Public Works Director  
City of Wentzville  
200 Fourth Street  
Wentzville, MO 63385

RE: City of Wentzville – Standard Specifications and Standard Construction Details dated January 26, 2016, ACT88, Standard Sewer Specifications and Details Comment Letter No. 2

Dear Ms. Spiegel:

The Missouri Department of Natural Resources' Water Protection Program has finalized the review of the Construction Specifications and Standard Specifications and Standard Construction Details dated January 26, 2016 and response letter received on February 11, 2016. On June 18, 2014, the department sent a comment letter regarding the city's specifications amended on March 16, 2010. We expect a response to the following comments below within 30 days receipt of this letter:

1. Original Requirement No. 1. Thank you for including steep slope protection. The numbering on page 300-10 of the specifications was observed as 303.7 Bedding, Cradling, or Encasement to 308.8 Steep Slope & High Velocities. The city may want to renumber 308.8 to 303.8 with the intention of eliminating possible confusion.
2. Provide one finalized copy of the Wentzville Standard Specifications and Standard Construction Details signed, sealed, and dated by a Missouri registered professional engineer for department review and approval. In addition, please provide an electronic PDF copy of the specifications.
3. Supply a copy of the passed and signed ordinance adopting the city of Wentzville's finalized Standard Specifications and Standard Construction Details.

Construction, installation, expansion or modification of any collection system or wastewater treatment facility is prohibited until a construction permit is issued by the department, per 10 CSR 20-6.010(4)(A).

If you have any questions concerning this matter, please contact me at 573-751-6569, [emily.carpenter@dnr.mo.gov](mailto:emily.carpenter@dnr.mo.gov), or Missouri Department of Natural Resources, Water Protection Program, P.O. Box 176, Jefferson City, MO 65102. Please note Mr. Byron Shaw is no longer with the department. Thank you.

Sincerely,

WATER PROTECTION PROGRAM
