

2.3.7.5 Permitting Framework and Scope/Permit Program Areas/Permit Fees/ Fee Waivers for Modifications

Applicability:

When to waive the fee for permit modifications

Content:

Modification fees are waived by statute when the department initiates a revision or when the department causes an error in a permit. These waivers are applicable to following situations:

1. Modification was initiated by the department to bring a permit in compliance with new state statutes or rules.
2. Modification is initiated by the department to correct a department error.
3. Modification is required by, and the fee waiver is part of the settlement agreement for an enforcement case.
4. Modifications for change of ownership at the time of reissue of an existing permit. The new owner information should appear on the application and the transmittal.

A fee waiver request is not needed to initiate the changes mentioned above. See module on 'Obtaining Fee Waivers' and follow steps.
