

NORTH FORK SPRING RIVER TMDL SUMMARY OF COMMENTS AND RESPONSES

Prepared by the Environmental Protection Agency, Region 7
Water, Wetlands and Pesticides Division
October, 2006

COMMENTOR(S):

- Leon Phipps, Board Chairman, Barton County Soil and Water Conservation District

INTRODUCTION

This document summarizes the comments that were submitted, identifies the commentor or commentors (at the end of the comment), responds to the comments, and summarizes changes that were made to the final TMDL. They are arranged by TMDL section wherever possible. Any change that is made to the TMDL in response to the comment is summarized in the response. If no change is noted in the response, then no change was deemed to be needed in the TMDL.

Summary of Changes to the Final TMDL

None

COMMENTS AND RESPONSES

Comment 1: “The Barton County Soil and Water Conservation District would like to comment on past and ongoing activities, which we believe are assisting in making improvements in the sedimentation concerns of North Fork Spring River and useful in the development of the North Fork Spring River TMDL.” Commenter: Leon Phipps, Board Chairman, Barton County Soil and Water Conservation District

Response: All of these activities for improving sedimentation concerns are very noteworthy and important to TMDL implementation. Your information about sedimentation conservation will also be shared with the Missouri Department of Natural Resources.
