

MISSOURI DEPARTMENT OF NATURAL RESOURCES
 WATER PROTECTION PROGRAM
**FORM G – APPLICATION FOR LAND DISTURBANCE
 STORMWATER GENERAL PERMIT (MOR100 AND MORA)**

FOR AGENCY USE ONLY	
CHECK NUMBER / JETPAY CONFIRMATION NUMBER	
DATE RECEIVED	APPLICATION ID NUMBER

NOTE ► APPLICANTS WISHING TO OBTAIN AN MORA PERMIT:
 Applicants must apply using the ePermitting system, unless prior approval has been granted by the Department. To request approval, please call the Department of Natural Resources' Water Protection Program, Operating Permits Section at 573-522-4502. For more information or to use ePermitting, visit dnr.mo.gov/env/wpp/epermit/help.htm.

PLEASE READ THE ACCOMPANYING INSTRUCTIONS BEFORE COMPLETING THIS FORM

1. THIS APPLICATION IS FOR: MOR100 MORA

1.1 BRIEFLY DESCRIBE THE NATURE OF CONSTRUCTION ACTIVITY (INCLUDE A DESCRIPTIVE LOCATION OF DISTURBANCE. USE ADDITIONAL SHEETS IF NECESSARY)

1.2 SELECT ONE:
 a. This facility is currently in operation under Missouri State Operating Permit (permit) MO – _____ and is submitting an application for renewal. A once-per-permit-cycle fee is required with this renewal application.
 b. This is a facility submitting an application for a new permit (for a new facility/site).
 c. This facility is now in operation under permit MO – _____ and is requesting a modification to the permit. (MOR100 only. Modification fee required.)

1.3 Does the discharge(s) for which you are seeking a permit discharge to a combined sewer system? Yes No

2. FACILITY AND LAND DISTURBANCE INFORMATION

2.1 FACILITY NAME (NAME OF DEVELOPMENT/PHASE OR IF MOR100, POLITICAL SUBDIVISION OR GOVERNMENT AGENCY)			TELEPHONE NUMBER WITH AREA CODE	
ADDRESS (PHYSICAL LOCATION)	CITY	COUNTY	STATE	ZIP CODE

Type of governmental jurisdiction covered: City County Statewide Private

Total area of land to be disturbed (acres): 1 - < 5 5 - < 10 10 - < 25 25 - < 100 100 - < 500 500 +

2.2 Has a Stormwater Pollution Prevention Plan (SWPPP) been developed for this site? Yes No
 (This plan must be developed in accordance with requirements and guidelines specified within the general permit for stormwater discharges from land disturbance activities. The SWPPP must be completed prior to issuance of the permit and must be specific to the land disturbance activities at the site. Do not enclose a copy of the SWPPP with this application. A copy of the SWPPP may be requested by the Department at any time.)

2.3 Is any part of the area that is being disturbed impacting a jurisdictional water of the United States? Yes No

 If yes, have you received a Clean Water Act Section 404 permit for the discharge of fill or dredged material at this site from the U.S. Army Corps of Engineers? Yes No

NOTE: There may be an established Local Authority Erosion Control Plan in the city or county where land disturbance activities covered under this general permit will occur. Contact your local authority to determine if any requirements exist.

3. OWNER

NAME	EMAIL ADDRESS	TELEPHONE NUMBER WITH AREA CODE
ADDRESS (MAILING)	CITY	STATE ZIP CODE

4. CONTINUING AUTHORITY

NAME	EMAIL ADDRESS	TELEPHONE NUMBER WITH AREA CODE	FAX NUMBER WITH AREA CODE
ADDRESS (MAILING)	CITY	STATE	ZIP CODE

5. FACILITY CONTACT

NAME	TELEPHONE NUMBER WITH AREA CODE	FAX NUMBER WITH AREA CODE
TITLE	EMAIL ADDRESS	

6. OUTFALL INFORMATION (attach additional sheets as necessary)

6.1 FOR EACH KNOWN OUTFALL GIVE THE LEGAL DESCRIPTION, COORDINATES, AND RECEIVING WATER BODY.

Outfall Number	Legal Description	Coordinates (specify units)	Receiving Water Body
	Qtr 1 ___ ¼ Qtr 2 ___ ¼ Sec. ___ T ___ R ___		
	Qtr 1 ___ ¼ Qtr 2 ___ ¼ Sec. ___ T ___ R ___		
	Qtr 1 ___ ¼ Qtr 2 ___ ¼ Sec. ___ T ___ R ___		
	Qtr 1 ___ ¼ Qtr 2 ___ ¼ Sec. ___ T ___ R ___		

6.2 Will there be new outfalls in the future that are not currently known? Yes No Unknown
 Description _____

6.3 MAPPING

If there are known land disturbance projects now or in the future, provide maps portraying the extent of the land disturbance activity.

If there are no known land disturbance activities, provide the address of the office location for the regulated entity and projected service area/jurisdiction.

7. ELECTRONIC DISCHARGE MONITORING REPORT (eDMR) SUBMISSION SYSTEM for MOR100 ONLY

Per 40 CFR Part 127, National Pollutant Discharge Elimination System (NPDES) Electronic Reporting Rule, reporting of effluent limits and monitoring shall be submitted by the permittee via an electronic system to ensure a timely, complete, accurate, and nationally-consistent set of data. One of the following options must be checked in order for this application to be considered complete. Visit <https://dnr.mo.gov/env/wpp/edmr.htm> to for information on the Department's eDMR system and how to register.

- I will register an account online to participate in the Department's eDMR system through the Missouri Gateway for Environmental Management (MoGEM) before any reporting is due, in compliance with the Electronic Reporting Rule.
- I have already registered an account online to participate in the Department's eDMR system through MoGEM.
- I have submitted a written request for a waiver from electronic reporting. See instructions for further information regarding waivers.
- The permit I am applying for does not require the submission of discharge monitoring reports.

8. CERTIFICATION

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

NAME (TYPE OR PRINT)	OFFICIAL TITLE	TELEPHONE NUMBER WITH AREA CODE
SIGNATURE		DATE SIGNED

Note: This form must be submitted with the permit fee (based on acreage) and a map. MOR100 fees are found at 10 CSR 20-6.011(2)(E)1.G. MORA permit fees are found at 10 CSR 20-6.011(2)(E)1.A-F. Permit fees may be payed online by credit card or eCheck through a system called JetPay. Use the URL provided to access JetPay and make an online payment.

WP 06 Land Disturbance: <https://magic.collectorsolutions.com/magic-ui/payments/mo-natural-resources/594/>

WP 08 MOR100 Modification: <https://magic.collectorsolutions.com/magic-ui/payments/mo-natural-resources/596/>

Mail completed form and any attachments along with any applicable permit fees to:

Missouri Department of Natural Resources
 Water Protection Program
 Operating Permits Section
 P.O. Box 176
 Jefferson City, MO 65102-0176

INSTRUCTIONS FOR COMPLETING FORM G – APPLICATION FOR LAND DISTURBANCE STORMWATER GENERAL PERMIT

For MORA permits, persons with more than one operating location shall obtain a Missouri State Operating Permit for each location unless other permitting arrangements are allowed by the terms of the permit. For MOR100 permits, multiple and distinct locations may be permitted if within the jurisdiction of the applicant. Where multiple discharge points exist at a single operating location, one application may cover all the applicable discharges.

Fees: MOR100 fees are found at 10 CSR 20-6.011(2)(E)1.G. MORA permit fees are found at 10 CSR 20-6.011(2)(E)1.A-F. This form must be submitted with the application fee if requesting a new permit or an MOR100 permit modification. For MOR100 permit renewals of active permits, fees are to be submitted at time of application for renewal (one fee per permit cycle). This form must be submitted with the application fee or payment confirmation if requesting a new permit.

Applicants can pay fees online by credit card or eCheck through a system called JetPay.

- Per Section 37.001, RSMo, a transaction fee will be included. The transaction fee is paid to the third party vendor JetPay, not the Department of Natural Resources.
- Be sure to select the correct fee type and corresponding URL to ensure your payment is applied appropriately. If you are unsure what type of fee to pay, please contact the Water Protection Program's Budget, Fees, and Grants Management Unit by phone at (573) 522-1485 for assistance.
- Upon successful completion of your payment, JetPay provides a payment confirmation. Submit this form with a copy of the payment confirmation if requesting a new permit or an MOR100 permit modification.
- If you are unable to make your payment online, but want to pay with credit card, you may email your name and phone number, if applicable, to WPPFees@dnr.mo.gov. The Budget, Fees, and Grants Management Unit will contact you to assist with the credit card payment. Please do not include your credit card information in the email.
- Applicants can find fee rates in 10 CSR 20-6.011 (<https://dnr.mo.gov/pubs/pub2564.htm>).

1. Check the appropriate permit (MOR100/MORA).

1.1 Give the facility name or the name of the entity applying for the permit and describe the primary business conducted at the site. Provide to the best of your ability the nature of construction activity. The Missouri Department of Natural Resources' website gives details of each permit (dnr.mo.gov/env/wpp/permits/index.html). If applying for a land disturbance permit (MORA), it must be applied for and obtained online through the Departments' ePermitting system at (dnr.mo.gov/env/wpp/epermit/help.htm) unless other arrangements with the Department have been made.

1.2 Check the appropriate box. Do not check more than one. Operating permit refers to a permit issued by the Department of Natural Resources' Water Protection Program.

1.3 A combined sewer system is one in which the sanitary and storm sewers are one pipe. In Missouri, parts of Macon, Moberly, St. Joseph, Kansas City, Sedalia and all of the city of St. Louis are on combined sewer systems. To find out information, consult with your municipal public works Department or, if in St. Louis, the Metropolitan St. Louis Sewer District (MSD). If this discharge is to a combined sewer system, it is exempt from land disturbance stormwater permitting requirements and you do not need to file this application.

2.1 Name of facility – The name by which this facility is locally known (e.g., Southwest Sewage Treatment Plant, Oak Hill Mobile Home Park, etc.) or in the case of an MOR100 permit, the name of the facility should be the name of the entity applying for the permit (e.g., City of Moberly, County of Cole, etc.). Provide the street address or location of the facility. If the facility lacks a street name or route number, provide the name of the closest intersection, highway, country road, accurate geographic description, etc. (e.g., Intersection of Route A and M.)

Land disturbance information – Select the type of jurisdiction for the land disturbance (city, county, state, private), and range of the total area of land to be disturbed. The area of land to be disturbed must be within the boundary of the permitted area and it is what will determine the permit fee.

2.2 Select if a Stormwater Pollution Prevention Plan (SWPPP) has been developed. This plan must be developed in accordance with requirements and guidelines specified within the general permit for stormwater discharges from land disturbance activities. The SWPPP must be completed prior to issuance of the permit and must be specific to the land disturbance activities at the site. Do not enclose a copy of the plan. A copy of the SWPPP may be requested by the Department at any time.

2.3 Select if any part of the area that is being disturbed will cause impacts to a jurisdictional water of the United States. If yes, then select if you received a Clean Water Act Section 404 permit for this site from the U.S. Army Corps of Engineers. In addition, there may be an established Local Authority Erosion Control Plan in the city or county where land disturbance activities covered under this general permit will occur. Please contact your local authority to determine if any requirements exist.

3. Owner – Provide the legal name, mailing address, phone number, and email address of the owner. Correspondence will be mailed to the owner address listed on this application.

4. Continuing Authority – A continuing authority is a company, business, entity or person(s) that will be operating the facility and/or ensuring compliance with the permit requirements. A continuing authority is not, however, an entity or individual that is contractually hired by the permittee to sample or operate and maintain the system for a defined time period, such as a certified

operator or analytical laboratory. To access the regulatory requirement regarding continuing authority, 10 CSR 20-6.010(2), please visit <https://s1.sos.mo.gov/cmsimages/adrules/csr/current/10csr/10c20-6.pdf>. A continuing authority's name must be listed exactly as it appears on the Missouri Secretary of State's (SoS's) webpage: <https://bsd.sos.mo.gov/BusinessEntity/BESearch.aspx?SearchType=0>, unless the continuing authority is an individual(s), government, or otherwise not required to register with the SoS.

5. Facility contact – Provide the name, title, work phone number, and email address of a person who is thoroughly familiar with the operation of the facility and with the facts reported in this application and who can be contacted by the Department.
- 6.1 An outfall is the point(s) at which stormwater is discharged. This may be the point(s) where water leaves the property or enters a water of the state. Outfalls should be given in terms of the legal description of the facility as well as latitude and longitude. Sufficient information should be submitted so the outfall may be easily located by Department staff. For each outfall list the name of the receiving waterbody - the name of the first named receiving waterbody to which each discharge flows.
- 6.2 Select if there will be future outfalls that are not currently known and provide a brief description supporting your selection.
- 6.3 If there are known land disturbance projects now or in the future, provide maps portraying the extent of the land disturbance activity. If there is no known land disturbance activities provide the address of the office location for the regulated entity and projected service area or jurisdiction.
7. Electronic Discharge Monitoring Report (eDMR) submission system: Visit the eDMR site at dnr.mo.gov/env/wpp/edmr.htm for more information.

Waivers of electronic reporting may be granted by the Department per 40 CFR 127.15 under certain, special circumstances. A waiver request must be submitted to the Department for approval. The eDMR Waiver Request Form (MO 780-2692) may be found at: dnr.mo.gov/forms/780-2692-f.pdf. Waivers may be granted to facilities owned or operated by:
 - a. Members of religious communities that choose not to use certain technologies; or
 - b. Permittees located in areas with limited broadband access. The Federal Communications Commission (FCC) has created a broadband internet availability map: <https://broadbandmap.fcc.gov/#/>. Please contact the Department if you need assistance.
8. Signature – all applications must be signed as follows and the signature must be original.
 - a. For a corporation, by an officer having responsibility for the overall operation of the regulated facility or activity or for environmental matters.
 - b. For a partnership or sole proprietorship, by a general partner or the proprietor (owner).
 - c. For a municipal, state, federal, or other public facility, by either a principal executive officer or by an individual having overall responsibility for environmental matters at the facility.

This completed form and any attachments along with the applicable permit fees should be submitted to:

Missouri Department of Natural Resources,
Water Protection Program
Operating Permits Section
P.O. BOX 176
Jefferson City, MO 65102-0176.

Any questions concerning this form, please contact the Department of Natural Resources, Water Protection Program, Operating Permits Section at 800-361-4827 or 573-522-4502 or by email at epermitting@dnr.mo.gov.
