

MISSOURI DEPARTMENT OF NATURAL RESOURCES  
HAZARDOUS WASTE PROGRAM  
**PERSONAL IDENTIFICATION NUMBER REQUEST**

**INSTRUCTIONS**

A separate *Personal Identification Number Request* form must be completed for each site you will be reporting for electronically. You can select and use the same PIN number for each site.

The PIN number you select by filling out this form represents the electronic signature of the person signing the *Generator's Hazardous Waste Summary Report* (Form 780-1097). A new PIN number is required if a different person will be signing the report electronically. A new PIN number request form should be completed and submitted so the Department has a record of the PIN number selected by that person.

Please send completed form to:  
Missouri Department of Natural Resources  
Hazardous Waste Program  
P.O. Box 176  
Jefferson City, MO 65102
