WATER PROTECTION PROGRAM
P.O. BOX 176
JEFFERSON CITY, MO 65102-0176

**INSTRUCTIONS FOR COMPLETING
APPLICATION FOR TRANSFER OF CONSTRUCTION PERMIT**

All blanks must be filled in when the application is submitted to the Missouri Department of Natural Resources. This includes both required signatures.

"Until the time the permit is officially transferred, the original permittee remains responsible for complying with the terms and conditions of the existing permit", per 10 CSR 20-6.010(11)(A). The department, within 30 days of receipt of this application, shall notify the new applicant of its intent to revoke and reissue or transfer the permit. See 10 CSR 20-6.010(11)(B).

1. Complete Project information.
2. Complete Current Project Owner (seller) information. The owner identified in this section should match that reflected on the certificate page of the construction permit. They are the owner of the regulated activity and not necessarily the owner of the real property on which the activity is occurring.
3. Complete Current Continuing Authority information. If same as Current Project Owner, write same. A continuing authority is a company, business, entity or person(s) that will be operating the facility and/or ensuring compliance with the permit requirements. A continuing authority is not, however, an entity or individual that is contractually hired by the permittee to sample or operate and maintain the system for a defined time period, such as a certified operator or analytical laboratory. To access the regulatory requirement regarding continuing authority, 10 CSR 20-6.010(2), please visit <https://s1.sos.mo.gov/cmsimages/adrules/csr/current/10csr/10c20-6.pdf>. A continuing authority's name must be listed exactly as it appears on the Missouri Secretary of State's (SoS's) webpage: <https://bsd.sos.mo.gov/BusinessEntity/BESearch.aspx?SearchType=0>, unless the continuing authority is an individual(s), government, or otherwise not required to register with the SoS.
4. Complete Current Engineer information for a registered Missouri professional engineer.
5. Complete Current Project Owner signature information.
6. Complete Future Project Owner (buyer) information.
7. Complete Future Continuing Authority information. If same as Future Project Owner, write same. A continuing authority is a company, business, entity or person(s) that will be operating the facility and/or ensuring compliance with the permit requirements. A continuing authority is not, however, an entity or individual that is contractually hired by the permittee to sample or operate and maintain the system for a defined time period, such as a certified operator or analytical laboratory. To access the regulatory requirement regarding continuing authority, 10 CSR 20-6.010(2), please visit <https://s1.sos.mo.gov/cmsimages/adrules/csr/current/10csr/10c20-6.pdf>. A continuing authority's name must be listed exactly as it appears on the Missouri Secretary of State's (SoS's) webpage: <https://bsd.sos.mo.gov/BusinessEntity/BESearch.aspx?SearchType=0>, unless the continuing authority is an individual(s), government, or otherwise not required to register with the SoS.
8. Complete Future Engineer information for a registered Missouri professional engineer.
9. Complete Future Project Owner signature information.

Mail the completed form to the department. No fee is necessary.

Note: Business name and address changes where the owner and continuing authority remain the same are not considered transfers.

If there are any questions concerning this form, contact the Missouri Department of Natural Resources' Water Protection Program at 573-751-1300.
