
This data is provided by Schlumberger (Schlumberger) for the exclusive use of authorized Schlumberger customers and personnel. Use of this data is governed by the terms and conditions of the master agreement between the client and Schlumberger, or other agreement pursuant to which this data is provided. Interpretations are opinions based on inferences from electrical or other measurements and Schlumberger cannot, and does not, warrant the accuracy, correctness or completeness of any interpretation. Except as may be otherwise specifically agreed, all interpretations, recommendations, and other information are rendered solely at the client's discretion and risk, and Schlumberger disclaims any liability for reliance on any interpretation, recommendation or other information provided hereunder. Client's use of this data is at client's own risk. Schlumberger makes no warranty, express or implied, as to the merchantability or fitness for any particular purpose of any data, information, or other product or service provided hereunder. Schlumberger shall not be liable for any loss, damage or expense related to the use of this data. Client agrees to indemnify Schlumberger against any loss, damage or expense related to third party claims or arising from the use of this data by client or others. Any rights not expressly granted herein are reserved.
