RE: Abandoned Gas Well

Dear Mr. Paddon,

It has been some time since I have heard from you in reference to the gas well in your back yard. Are, or did, you have the well recompleted or plugged? In a telephone conversation with you on October 27, 1999, you stated that you were getting the bonding together to send it to me. As of this date I have not received anything. Would you please update me as to what is happening.

Sincerely,
