REMARKS Actual survey will be done when wells are drilled. Map is in Clark-Beery Development file JG.																																																																																																													
<b>INSTRUCTIONS</b>					<b>RECEIVED</b>																																																																																																								
On the above plat, show distance of the proposed well from the two nearest section lines, the nearest lease line, and from the nearest well on the same lease completed in or drilling to the same reservoir. Do not confuse survey lines with lease lines. See rule 10 CSR 50-2.030 for survey requirements. Lease lines must be marked.					This is to certify that I have executed a survey to accurately locate oil and gas wells in accordance with 10 CSR 50-2.030 and that the results are correctly shown on the above plat.
