Dear Stakeholder:

The purpose of this letter is to update stakeholders on the proposed fee increase for Industrial Mineral Mining. On July 27, 2015, the Missouri Mining Commission held a meeting by teleconference and voted unanimously to approve the proposed Industrial Mineral fee increase.

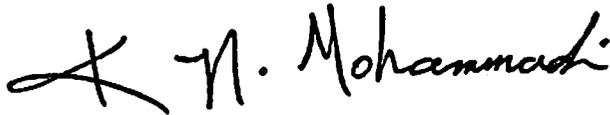

A proposed rule amendment to 10 CSR 40-10.020 - Permit Application Requirements was filed with the Small Business Regulatory Fairness Board, the Joint Committee on Administrative Rules, and the Secretary of State on August 12, 2015. The proposed rule amendment will be reviewed by these agencies. Once their review is complete, the proposed rule amendment will be made available in the Missouri Register for public viewing and comment for 30 days.

The Missouri Mining Commission will hold a public meeting at 9:00 a.m. on October 19, 2015, at the Lewis and Clark State Office Building, 1101 Riverside Drive, Jefferson City, Missouri. The purpose is to hear public comment on the proposed rule amendment.

Thank you for your continued support as we work through this rule amendment process. Feel free to contact me at (573) 751-1740 or Mr. Bill Zeaman at (573) 751-1312 should you have any questions.

Sincerely,

LAND RECLAMATION PROGRAM
