

Permitting Process

Missouri Geological Survey fact sheet
Missouri Geological Survey Director: Joe Gillman

09/2014

Requirements for Becoming an Apprentice Well Contractor

- Submit application along with required \$40 fee for general test
- Report for test on assigned date; must score at least 70 percent
- Submit apprentice contractor application with the required \$100 fee per permit within thirty days
- Apprenticeship is for a period of two years. The required amount of installations must be completed as outlined in 10 CSR 23-1.050:
 - 25 water well
 - 25 pump
 - 10 heat pump systems
 - 20 monitoring well *sites*
- Work must be supervised by a non-restricted permittee with the same type of permit
- Permit is renewable each year with annual permit fee
- Apprenticeship is transferrable if contractor changes companies

At the end of the two years, if the apprentice has completed all requirements listed in 10 CSR 23-1.050 and has no violations against his/her permit, he/she may apply for a non-restricted contractor permit as detailed below. If requirements have not been met, the apprenticeship may be extended on a yearly basis.

Requirements for Non-Restricted Contractor Permit

- Submit application along with required \$40 fee for each specific test
- Report for test on assigned date; must score at least 70 percent on each test
- Submit contractor application with the required \$100 fee per permit

Nothing in this document may be used to implement any enforcement action or levy any penalty unless promulgated by rule under chapter 536 or authorized by statute.
