43. HISTORY AND SIGNIFICANCE

The first verifiable resident was in 1888, Frank P. Anderson, a leading citizen of the county and a railroad contractor. This residence was used by the Weltmer School of Magnetic Healing beginning in 1897. The Weltmer Institute of Suggestive Therapeutics was founded by Sidney Weltmer, February 19, 1897. The Weltmer School of Magnetic Healing combined philosophy, psychology, and logic to cure every disease known to man without medicine or surgery. A lawsuit for libel eventually brought a close to the Institute in 1928. The building has been substantially remodeled and modernized over the years.

44. DESCRIPTION OF ENVIRONMENT AND OUTBUILDINGS

There is a concrete garage to the rear of the structure. This structure is located to the south of the downtown area of Nevada.

43. HISTORY AND SIGNIFICANCE At a special election in March, 1915, the City of Nevada voted a library tax and accepted the offer of the Carnegie Corporation of $17,500.00 for the construction of this building. The building was opened to the public and dedicated May 12, 1917. A. T. Simmons from Bloomington, Illinois, was the architect who designed the building, while J. W. Pratt, Chanute, Kansas, was the builder. C. M. Ewing was awarded the heating and plumbing contract. The cut stone was from the Phoenix Stone Co. of Kansas City, Missouri. Missouri received $1,460,143 of Carnegie grants for public library buildings during 1898-1919.

44. DESCRIPTION OF ENVIRONMENT AND OUTBUILDINGS The building is located just south of the main downtown district of Nevada. To the east is the Milster Funeral Home, to the west, McDonalds, and to the south a residential area.

42. (cont'd.) quoins. A continuous smooth course cut-limestone water table runs above the basement windows on all four elevations. Fenestration on the first story consists of triparite windows with multi-light transoms placed within a segmental arch. Cut stone lintels and sills further adorn the windows. Directly above the main entrance is a recessed area of cut stone containing a six light window. Further enhancing the recessed area is a flat cut stone arch with alternating voussoirs and keystone. A cornice table surrounds the structure. A cut stone parapet runs along the roof line. A tablet with the word, "LIBRARY" is housed in the central bay.

43. HISTORY AND SIGNIFICANCE Founded in 1898 by W.F. Norman and John Berghauser, the W.F. Norman & Company sheet metal works, was originally located in the Central Christian Church. This church was erected in 1896 at the southeast corner of E. Hunter and N. Cedar. W.F. Norman & Company purchased the church in 1902 for $2500. In 1909 the company building was almost destroyed by a fire. That same year, the sheet metal firm erected a new structure. In 1910, an additional structure was added to the south. In 1925, the east room of the factory was added.

44. DESCRIPTION OF ENVIRONMENT AND OUTBUILDINGS There are two detached out buildings to the south (rear): one corrugated metal gabled unit, and one pressed metal hipped unit with a pressed metal shed.

43. HISTORY AND SIGNIFICANCE
The 1914 Sanborn Map features an attached wood frame, iron-clad structure used as a warehouse. This is clearly not the same structure that is extant today. The 1926 Sanborn Map shows a brick, one-story building, detached from the main building, with 3 entrances. This is most likely the building that appears today.

44. DESCRIPTION OF ENVIRONMENT AND OUTBUILDINGS
Located to the rear of 307 E. Cherry. This building is situated in an area consisting of commercial and residential buildings.

PHOTO MUST BE PROVIDED

43. HISTORY AND SIGNIFICANCE This courthouse was designed by Robert G. Kirsch and was constructed between 1906-08. The building cost was not to exceed $75,000. Kirsch had to alter his original plans to keep within the budget. He substituted less expensive materials, and changed the main staircase from marble and iron to quarter-sawed oak. Cornerstone ceremony took place October 30, 1906. The final cost of the courthouse was $80,000. The clock tower was donated by A. B. Cockerill at a cost of $1,400.

44. DESCRIPTION OF ENVIRONMENT AND OUTBUILDINGS The courthouse is located in the center of the town square. Commercial buildings, mostly late Nineteenth Century and early Twentieth Century commercial, surround the courthouse square.

series of stairs. The entrance, aluminum frame paired glass doors with tympanum is placed in a three story projection. The entryway is flaked by paired short marble columns with plain capitals and is placed in a rounded arch opening. Above the rounded arch is a cornice table with a signature stone above containing the words "courthouse". The north, east and west entrances are at ground level. The entrances, non-original paired aluminum frame glass doors are placed within a rounded arch with voussoirs. The arch springs from paired marble columns with plain stone capitals. The entire entryway is placed in a one story projection. A three story pyramidal roof tower is located at each of the corners of the building. A full gable with through-the-cornice ornate dormer with triparite sash windows, blind tympanum with carved design and finials is centrally placed on the main facade. A gable dormer with similar design is located on the other facades. A modillion cornice runs around the entire building. A gable clock tower with conical roof, houses clocks, triparite rounded arched louvered openings, with sill coursing and finials on all four sides. Fenestration is one-over-one light sash type windows, some with transom, some in pairs with either flat, segmental, or rounded arch lintels. A dressed stone watertable runs at ground level while a wide cut stone coursing visually separates the first and second story.

42. FURTHER DESCRIPTION OF IMPORTANT FEATURES
The main elevation faces north. The original design of this elevation is extinct. The main entrance, centrally placed, is recessed and flanked by windows. A transom with stained glass is placed above the entryway. The fenestration on the second story consists of ribbon casement with terra-cotta sill and lintel coursing. Other terra-cotta ornamentation includes gargoyles, swag motif above the window, rectangular panels with gorgoneion type motif and banding with a Greek Cross motif. A tile pent roof with large plain modillion accents the main facade.

PHOTO MUST BE PROVIDED

43. HISTORY AND SIGNIFICANCE
The structure appears on the 1885 Sanborn Map. The first verifiable occupant was in 1888, M. Jordan, Boot and Shoe Merchants. Between 1913 and 1922 this building became the Liberty Theatre. The main elevation has been totally changed (date unknown) from its original design.

44. DESCRIPTION OF ENVIRONMENT AND OUTBUILDINGS
This building is located on the downtown square of Nevada. To the east, west and south are other commercial structures. To the north is the Vernon County Courthouse.

43. HISTORY AND SIGNIFICANCE This structure was originally constructed for the U.S. Post Office. The plans and specifications were prepared by the government with John Knox Taylor as supervising architect. J.A. Daly, Nevada, was awarded the construction contract in 1908. In August of 1908, Congress allowed an additional $20,000 for revised plans of this post office. J.P. Eppenauer, Nevada, was awarded the metal contract. In 1932, Messinger and Dalton, Pittsburg, KS, were awarded a contract for repair and painting the post office. In 1934-35 repairs were made to the vestibule. B.H. Case was awarded the contract.

44. DESCRIPTION OF ENVIRONMENT AND OUTBUILDINGS Situated on a corner lot, this structure is one block from the downtown square of Nevada. To the north, south, east and west are commercial structures.

43. HISTORY AND SIGNIFICANCE In 1907 Nevada Lodge No. 194 and Osage Lodge No. 490 consolidated as Nevada Lodge No. 194. In 1910 the lodge purchased the lot on the northwest corner of Ash andCherry Streets. The present building was constructed in 1911 by the contractor, Wash Wright. at a cost of $16,000.00. The cornerstone laying occurred on September 15, 1911. When the building was first constructed the second floor was used as lodge rooms and the first floor rooms were rented out to help pay for the cost of the building. The original address was 300-304 West Cherry Street.

44. DESCRIPTION OF ENVIRONMENT AND OUTBUILDINGS The building is situated on a corner lot two blocks from the downtown square of Nevada. To the north is City Hall; to the east the Sheriff's Office and Jail; to the south a commercial structure, and to the west combination residential/commercial buildings.

42. FURTHER DESCRIPTION OF IMPORTANT FEATURES The main elevation faces west. A centrally placed, open porch with flat roof and balustrade covers the main entrance. A semi-hexagonal two story bay is capped with a ribbed pyramidal roof. Fenestration consists of one-over-one light, double hung sash windows with stained glass transoms. The window openings are placed within rectangular or segmental arched frames. Stone belt coursing is used as a decorative motif on the bay as well as running below the cornice. A denticulated cornice visually supports a half-hip shingle roof with cresting.

PHOTO MUST BE PROVIDED

43. HISTORY AND SIGNIFICANCE The structure appears in the 1890 Sanborn Map. The first verifiable resident was in 1890, John McMahon, proprietor for the Hotel Mitchell Barber Shop. Dr. Joseph Hornback arrived in Nevada in 1905 and shortly after moved into this residence. In 1908 he had the residence enlarged, adding a 17-foot addition. He put his office in the basement with an outside entrance for patients. Dr. Hornback had the only X-ray machine in town. Dr. Hornback died in 1938.

44. DESCRIPTION OF ENVIRONMENT AND OUTBUILDINGS This residence is to the south of the commercial area of town. Across the street is The First Christian Church.
