

RULE AND SIP AGENDA

May 28, 2020
Jefferson City

ACTIONS FOR PUBLIC HEARING

None scheduled

ACTIONS TO BE VOTED ON:

- * 10 CSR 10-5.390 (amendment) Control of Emissions From the Manufacturing of Paints, Varnishes, Lacquers, Enamels and Other Allied Surface Coating Products

This rulemaking restructures the rule into the standard rule organization format, adds definitions of terms used in the rule to the definitions section (including terms being removed from the stand alone definitions rule), adds alternative test methods, clarifies rule language, changes the title to match the Kansas City area counterpart rule, and removes unnecessary uses of restrictive words.

- * 10 CSR 10-6.061 (amendment) Construction Permit Exemptions

This rulemaking moves the definitions from the stand alone definitions rule to their applicable rule, updates incorporations by reference, makes other language clarifications and typographical corrections, and removes unnecessary uses of restrictive words.

- * 10 CSR 10-6.070 (amendment) New Source Performance Regulations

This rulemaking adopts, updates, and clarifies new federal emission standards consistent with 40 CFR 60 as promulgated from July 2, 2018 through July 1, 2019. This rule as a whole establishes acceptable design and performance criteria for specified new or modified emission sources.

- * 10 CSR 10-6.075 (amendment) Maximum Achievable Control Technology Regulations

This rulemaking adopts, updates, and clarifies new federal emission standards consistent with 40 CFR 63 as promulgated from July 2, 2018 through July 1, 2019. This rule as a whole establishes emission standards for sources that emit or have the potential to emit hazardous air pollutants.

- * 10 CSR 10-6.080 (amendment) Emission Standards for Hazardous Air Pollutants

This rulemaking adopts, updates, and clarifies new federal emission standards consistent with 40 CFR 61 as promulgated from July 2, 2018 through July 1, 2019. This rule as a whole establishes emission standards and performance criteria for new or modified sources emitting hazardous air pollutants.

- * 10 CSR 10-6.270 (amendment) Acid Rain Source Permits Required

This rulemaking reorganizes the rule into the standard rule organization format and updates incorporation by reference information.

- * 10 CSR 10-6.405 (amendment) Restriction of Particulate Matter From Fuel Burning Equipment Used for Indirect Heating

This rulemaking updates incorporation by reference information, makes typographical corrections, and removes the unnecessary uses of restrictive words.

- * 10 CSR 10-2.330 (rescission) Control of Gasoline Reid Vapor Pressure

This rulemaking rescinds an unnecessary rule.

July 30, 2020
St. Louis

ACTIONS FOR PUBLIC HEARING

- * Redesignation Request for the Labadie Unclassifiable Area Under the 2010 Sulfur Dioxide Standard

This action requests the U.S. Environmental Protection Agency (EPA) to redesignate the Labadie unclassifiable area to attainment under the 2010 sulfur dioxide (SO₂) standard. The Labadie area includes portions of Franklin and St. Charles counties, and EPA designated the area unclassifiable under the 2010 SO₂ standard on July 12, 2016. Certified ambient monitoring data for 2017-2019 shows the area is in compliance with the standard, which supports a redesignation to attainment. This request is in accordance with Section 107(d)(3)(D) of the Clean Air Act. Redesignation to attainment will occur when EPA promulgates final approval of this request.

- * Missouri State Implementation Plan Revision – Plan for Continued Attainment of the 2008 Lead Standard in Liberty and Arcadia Townships in Iron County, Doe Run Glover Facility

This plan replaces a 2003 maintenance plan and settlement agreement for Liberty and Arcadia townships, which surround an historic primary lead smelter in Glover, Missouri. The 2003 plan was designed to ensure the area maintained compliance with the 1978 lead standard. The smelter was idled in 2003, and the owner has removed a majority of the lead process-related equipment at the facility. This plan includes a new consent agreement that updates the requirements to reflect the current status of the facility. The new plan is designed to maintain compliance with the more stringent 2008 lead standard in the area going forward.

State Plans Report

Pollutant/Plan Description	Public Hearing Date	Adoption Date	EPA Due Date	EPA Submittal Date	Status
Air Quality Control Region Priority Class Reclassification Request - Multipollutant <i>EPA Documentation</i> 40 CFR 51 Subpart H - Regulation requires emergency episode contingency plans for air quality control regions classified as Priority Class 1, 1a, and 2. Reclassification requests must consider the most recent three years of ambient air monitoring data. 40 CFR 51.1271 - Regulation includes Missouri's five air quality control regions and their priority classification for particulate matter, sulfur oxides, nitrogen dioxide, carbon monoxide, and ozone.	12/3/2019	3/26/2020		5/14/2020	Submitted to EPA
111(d) State Plan					
Affordable Clean Energy Rule - Greenhouse Gas Emissions from Existing Electric Generating Units <i>EPA Documentation</i> 7/8/19 - EPA finalizes repeal of the Clean Power Plan, Promulgation of Affordable Clean Energy Rule (Emission Guidelines for Greenhouse Gas Emissions from Existing Electric Generating Units), and Amendments to the 111(d) implementing regulations (84 FR 32538)			7/8/2022		In Progress
111(d) State Plan					
Municipal Solid Waste (MSW) Landfills <i>EPA Documentation</i> 01/10/20 - The U.S. Court of Appeals for the Northern District of California grants EPA motion for a stay of the federal plan pending appeal. A decision on the appeal is expected in the summer of 2020. 10/23/18 - EPA proposed to extend the plan submission deadline to Aug. 29, 2019 [83 FR 54527] 5/31/17 - EPA issues 90-day stay of the rule and announces plan to reconsider aspects of the rule. [82 FR 24878] 8/29/16 - Federal Emissions Guidelines for MSW Landfills published in the Federal Register [81 FR 59276]			8/29/2019		In Progress
Lead					
1978 and 2008 Standards - New Settlement Agreement - Doe Run Glover <i>EPA Documentation</i> 1/25/18: The Department's Land Reclamation Program approved a permit update and 5-year closure plan for the facility. 10/29/04 : EPA approves maintenance plan and redesignates area to attainment for the 1978 Lead NAAQS [69 FR 63072]	7/30/2020	9/24/2020			In Progress

Pollutant/Plan Description	Public Hearing Date	Adoption Date	EPA Due Date	EPA Submittal Date	Status
Ozone					
2015 Standard - St. Louis Marginal Nonattainment Area Plan			8/3/2020		In Progress
<i>EPA Documentation</i> 6/4/18 - EPA designates remaining areas for the 2015 ozone standard. The Missouri portion of the St. Louis nonattainment area includes St. Louis City, St. Louis County, St. Charles County, and Boles Township in Franklin County [83 FR 25776]					
Regional Haze					
2021 Regional Haze Plan			7/31/2021		In Progress
<i>EPA Documentation</i> 1/10/17 - EPA promulgates revisions to the Regional Haze Rule. Among other changes, EPA extended the SIP deadline from July 31, 2018 to July 31, 2021. [82 FR 3078] 7/1/16 - Comment period extended [81 FR 41380] 5/4/16 - EPA has proposed revisions to the regional haze rule [81 FR 26942]. These revisions will affect future SIP revision requirements for regional haze.					
SO2					
2010 1-Hour Standard - Jackson County Maintenance Plan					In Progress
<i>EPA Documentation</i> 4/15/20 - EPA proposes a clean data determination for the Jackson County SO2 nonattainment area. [85 FR 20896] 3/1/19 - The air program submits to EPA a supplemental modeling analysis to support the clean data determination request. 2/13/19 - EPA finalized approval of the 2011 baseline emissions inventory SIPs for the Jefferson and Jackson County SO2 nonattainment areas. [84 FR 3703] 11/23/18 - EPA requests supplemental modeling analysis to support the clean data determination request. 5/4/18 - The air program submits a request to EPA for a clean data determination for the area.					

Pollutant/Plan Description	Public Hearing Date	Adoption Date	EPA Due Date	EPA Submittal Date	Status
SO2					
2010 1-Hour Standard - Jefferson County Maintenance Plan	8/31/2017	12/7/2017		12/21/2017	Submitted to EPA
<i>EPA Documentation</i> 2/13/19 - EPA finalized approval of the 2011 baseline emissions inventory SIPs for the Jefferson and Jackson County SO2 nonattainment areas. [84 FR 3703] 2/7/19 - The air program submits a supplemental modeling analysis to EPA to further support the maintenance plan and redesignation request. 9/13/17 - EPA finalized clean data determination for the area. [82 FR 42945] 2/2/16 - The air program submits to EPA a clean data determination request for the area.					
SO2					
2010 1-Hour Standard - Statewide Area Boundary Recommendations, Round 4 (monitoring)	3/26/2020	4/29/2020	5/1/2020	4/30/2020	Submitted to EPA
<i>EPA Documentation</i> December 2020: Per the DRR, EPA is required to finalize designations for all areas that installed monitors to characterize their SO2 air quality. States may submit recommendations for nonattainment area boundaries for EPA to consider before they finalize the designations. Summer 2018: Magnitude 7 Metals (Formerly Noranda) restarted operations of a primary aluminum smelter in New Madrid County. Based on 2018 monitoring data, the air quality in the area will violate the 2010 SO2 NAAQS. 1/1/17 - For sources that elected to install new monitors, the monitors began operation 6/28/16 - Submitted to EPA for each DRR source whether the source would characterize air quality via modeling or monitoring or if they would take an enforceable emission limit to comply with the DRR. 8/21/15 - Final Data Requirements Rule (DRR) published [80 FR 51052]					
SO2					
This action requests EPA to redesignate the area surrounding the Labadie Energy Facility from	7/30/2020	8/27/2020			In Progress
<i>EPA Documentation</i> 7/12/16 - EPA designates Round 2 areas for the 2010 SO2 standard. Portions of Franklin and St. Charles counties surrounding the Labadie facility were designated unclassifiable. 9/8/2016 - Sierra Club files a petition to EPA for reconsideration of the unclassifiable designation for the area surrounding the Labadie facility. 1/18/17 - EPA responds to sierra club petition stating they plan to reconsider the unclassifiable designation in 2020 based on monitoring data collected from 2017-2020.
