RE: New Source Review Permit Amendment – Permit Number: 092007-003A
Project Number: 2016-07-033; Installation Number: 175-0047

Dear Mr. Steeby:

On July 15, 2016, Air Pollution Control Program received your request to amend Permit #092007-003 by changing Special Condition 2 from a National Ambient Air Quality Standards (NAAQS) Limitation for particulate matter less than ten microns in diameter (PM₁₀) to a daily throughput limitation.

The ambient impact from Permit #092007-003 is being converted to daily production limits. This change reflects the Air Pollution Control Program's updated construction industry policy "Ceasing the Use of Nomographs" dated May 1, 2016 to estimate the plant's ambient impact. The nearest property boundary distance of the primary unit was used to calculate the ambient impact of the plant.

Norris Quarries, Plant-60 - Huntsville is permitted to operate with other plants located at the site as long as the following scenarios are maintained. These scenarios are also summarized in the table below.

- When operating by itself, referred to as solitary operation, Norris Quarries, Plant-60 - Huntsville Generic Rock Crushing Plant has no daily production limitation.
- When operating with another plant owned by the same company, referred to as same owner operation, Norris Quarries, Plant-60 - Huntsville Generic Rock Crushing Plant may produce up to 11,299 tons of rock per day.
- When operating with a plant not owned by Norris Quarries, Plant-60 - Huntsville (referred to as separate owner operation), Norris Quarries, Plant-60 - Huntsville Generic Rock Crushing Plant may produce up to 8,415 tons of rock per day.

Table 1: Summary of Daily Production Limits

Type of Operation	Daily Production Limit
^a Solitary	N/A
^b Same	11,299
^c Separate	8,415

^a Operation without other plants

^b Operation with other plants that are owned by Norris Quarries, Plant-60 - Huntsville

^c Operation with plants that are not owned by Norris Quarries, Plant-60 - Huntsville

Please attach this amendment letter and the following special conditions to the original permit. If you have any questions regarding this permit, please do not hesitate to contact Chad Stephenson, at the department's Air Pollution Control Program, P.O. Box 176, Jefferson City, MO 65102 or at (573) 751-4817. Thank you for your attention to this matter.

If you were adversely affected by this permit decision, you may be entitled to pursue an appeal before the administrative hearing commission pursuant to Sections 621.250 and 643.075.6 RSMo. To appeal, you must file a petition with the administrative hearing commission within thirty days after the date this decision was mailed or the date it was delivered, whichever date was earlier. If any such petition is sent by registered mail or certified mail, it will be deemed filed on the date it is mailed; if it is sent by any method other than registered mail or certified mail, it will be deemed filed on the date it is received by the administrative hearing commission, whose contact information is: Administrative Hearing Commission, United States Post Office Building, 131 West High Street, Third Floor, P.O. Box 1557, Jefferson City, Missouri 65102, phone: 573-751-2422, fax: 573-751-5018, website: www.aa.mo.gov/ahc.

Sincerely,

AIR POLLUTION CONTROL PROGRAM

Kendall B. Hale

SITE SPECIFIC SPECIAL CONDITIONS:

The permittee is authorized to construct and operate subject to the following special conditions:

The special conditions listed in this permit were included based on the authority granted the Missouri Air Pollution Control Program by the Missouri Air Conservation Law (specifically 643.075) and by the Missouri Rules listed in Title 10, Division 10 of the Code of State Regulations (specifically 10 CSR 10-6.060). For specific details regarding conditions, see 10 CSR 10-6.060 paragraph (12)(A)10. "Conditions required by permitting authority."

1. **Superseding Condition**
The conditions of this permit supersede Special Conditions 2 found in Construction Permit 092007-003, which was issued by the Air Pollution Control Program.
2. **Daily Production Limit For Rock-Crushing Plant**
 - A. Norris Quarries, Plant-60 - Huntsville's stationary Jaw Crusher rock-crushing plant shall limit its daily production based on Table 1 using Attachment A, or another equivalent form, that has been approved by the Air Pollution Control Program, including electronic forms.

Table 1: Summary of Daily Production Limits

Type of Operation	Daily Production Limit
^a Solitary	N/A
^b Same	11,299
^c Separate	8,415

^a Operation without other plants

^b Operation with other plants that are owned by Norris Quarries, Plant-60 - Huntsville

^c Operation with plants that are not owned by Norris Quarries, Plant-60 - Huntsville

3. **Record Keeping Requirement**
Norris Quarries, Plant-60 - Huntsville shall maintain all records required by this permit for not less than five years and make them available to any Missouri Department of Natural Resources' personnel upon request.
4. **Reporting Requirement**
Norris Quarries, Plant-60 - Huntsville shall report to the Air Pollution Control Program, Enforcement Section, P.O. Box 176, Jefferson City, MO 65102, no later than 10 days after any exceedances of the limitations imposed by this permit.
