RE: Class 1 Permit Modification Without Prior Director's Approval
Lake City Army Ammunition Plant, Independence, Missouri
EPA ID# MO4213820489

Dear Mr. Herman:

This letter is to notify you that the Missouri Department of Natural Resources (Department) received Lake City Army Ammunition Plant's (LCAAP) Class 1 Permit Modification notice, dated January 21, 2010. The notification was for administrative changes to the Part B Consolidated Permit dated July 2002 to reflect as-built conditions from prior approved pollution control equipment changes.

The Department agrees with LCAAP that this is a Class 1 Permit Modification not requiring prior director approval. As outlined in Code of Federal Regulations 40 CFR 270.42(a)(1)(ii), LCAAP must send a notice of the modification to everyone on their facility mailing list and the appropriate units of state and local government within 90 calendar days after the change was put into effect. LCAAP must send a copy of the notice to the Department.
