RE: Class 1 Permit Modification Without Prior Director's Approval
Lake City Army Ammunition Plant, Independence, Missouri
EPA ID# MO4213820489

Dear Ms. Casey:

The Missouri Department of Natural Resources (Department) received Lake City Army Ammunition Plant's (LCAAP) Class 1 Permit Modification notice, dated September 5, 2013. The notification was to update the Emergency Coordinators, Emergency Response Team, and the Explosive Spill Response Team in the contingency plan.

The Department agrees with LCAAP that this is a Class 1 Permit Modification not requiring prior director approval. LCAAP already sent a notice of the modification to everyone on their facility mailing list and the appropriate units of state and local government within 90 calendar days after the change was put into effect, as outlined in Code of Federal Regulations 40 CFR 270.42(a)(1)(ii), incorporated by reference in Code of State Regulations 10 CSR 25-7.270(1). On September 11, 2013, the Department received a copy of the notice, dated September 9, 2013.

If you have any questions regarding this letter, please contact Nathan Graessle P.E., Environmental Engineer, of my staff at the Missouri Department of Natural Resources, Hazardous Waste Program, P.O. Box 176, Jefferson City, MO 65102-0176, by telephone at (573) 751-3553 or 1-800-361-4827, or by e-mail at nathan.graessle@dnr.mo.gov. Thank you.

Sincerely,
