RE: Class 1 Permit Modification Without Prior Director's Approval  
New Commanding Officer for the Department of the Army  
Lake City Army Ammunition Plant, Independence, Missouri  
EPA ID# MO4213820489

Dear Ms. Casey:

The Missouri Department of Natural Resources (DNR) received Lake City Army Ammunition Plant's (LCAAP) Class 1 Permit Modification notice, dated July 28, 2014. The notification was to change the LCAAP's Part A Application Form to reflect a change in the Commanding Officer for the Department of the Army at LCAAP.

The DNR agrees with LCAAP that this is a Class 1 Permit Modification not requiring prior director approval according to the Code of State Regulations [10 CSR 25-7.270(1)] that incorporates the Code of Federal Regulations [10 CFR 270.42, Appendix I.A.1]. LCAAP must send a notice of the modification to everyone on their facility mailing list and the appropriate units of state and local government within 90 calendar days after the change was put into effect, as outlined in 10 CSR 25-7.270(1) that incorporates 40 CFR 270.42(a)(1)(ii).
